## The CENTRALIA CONSPIRACY

BY RALPH CHAPLIN  
PRICE 50 CENTS

### WHAT HAPPENED IN CENTRALIA?

The newspapers said that unoffending paraders were killed with out provocation or excuse by an bushes I. W. W.

**DO YOU BELIEVE IT?**

Papers telling the truth about the tragedy were shut down or denied the use of the mails. Only the Lumber Trust version was permitted to reach the public.

**DO YOU WANT TO HEAR THE OTHER SIDE?**

Every effort was made to spread broadcast the lie and suppress the truth.

**ARE YOU WILLING TO HEAR THE TRUTH—EVEN IF IT HURTS?**

This remarkable booklet contains an accurate and complete story of the whole affair. It reveals startling facts—suppressed facts—facts that you were never intended to hear.

Read about the tremendous and bitter struggle of the Western Lumberjacks against the Lumber Trust for better conditions.

### CHILD WELFARE STILL NEGLECTED IN OUR U. S.

(By the Federated Press.)  
Washington, Aug. 31.—Child welfare still receives negligible consideration in most of the states.

Only 17 of the states and the district of Columbia recognize the importance of the welfare of the child sufficiently to have appointed official commissions to study conditions affecting children and codify and revise the laws relating to children, according to a review of the recent development in such social legislation issued by the children's bureau of the United States department of labor.

Ohio claims the honor of being the first state to create a commission of this character, nine years ago. The other 16 states followed the example in rather rapid succession, and it is hoped that before long every state in the country will realize the importance of having adequate laws to safeguard the health, school attendance, regulation of employment and protection against exploitation of its children.

The report shows that in all the states where commissions for the study and revision of child welfare laws have been established a well-planned educational campaign has been carried on explaining the child welfare needs of the state and the purpose and scope of any new legislation that is proposed. It contains a list of reports and articles relating to the work of the various state commissions and a list of compilations and summaries of laws affecting children.

### R. R. MEN EXTEND THEIR "VACATION" TO APRIL 1

(By the Federated Press.)  
New York, Aug. 31.—Three thousand members of the Eastern Railroad Men's association, affiliated with the United Association of Railway Employees of North America, the union formed by the insurgent railway workers, on "vacation" since April, have voted unanimously to continue their vacation until April 1, 1921.

The action came as an endorsement of a resolution adopted by the national board of directors of the organization. The resolution states that the "vacation" can be terminated before that time only by a move on the part of a government agency or the railroads themselves to bring about a settlement.

"STILL" NIGHTS IN WASH.  
(By the Federated Press.)  
Seattle, Aug. 31.—Ten thousand illicit stills are operating in Washington state according to Donald A. MacDonald, federal prohibition enforcement director here. MacDonald declares the stills are consuming 48,000,000 pounds of sugar yearly and producing 1,000,000 barrels of mash for moonshine purposes.

## LABOR RESCUES LEAGUERS' CROPS

### Workers Come to Rescue of N. D. Farmers by Making Deposits in the League Bank; Profiteers Foiled.

(By the Federated Press.)  
Chicago, Aug. 31.—Organized labor of the middle west is responding to the call of the people of North Dakota and the state bank of North Dakota at Bismarck for deposits with which to finance the crop movement of the Nonpartisan league state and to fight off the attacks of Wall street upon the first state-owned bank in the nation.

At its last meeting the Chicago Federation of Labor unanimously passed a resolution urging local unions to withdraw as much of their funds as possible from the banks of this city, to be placed with the Bank of North Dakota. One of the first results of this resolution was the sending of \$800 in savings to the publicly owned bank by a member of the Chicago Retail Clerks' union.

Local No. 1 of the bridge and structural iron workers has sent \$5,000 as a preliminary deposit. Carl D. Thompson, who represents the state bank in dealing with the labor unions, is negotiating with one of the railroad locals for \$25,000. Local 23 of the O. R. T. on the Milwaukee system has forwarded \$3,000 of its surplus to aid the farmer movement of the western state. The Signpainters' union has sent \$6,000 as its first quota.

Frazier of North Dakota writes: "Despite violent opposition from profiteers and representatives of special privilege, the Bank of North Dakota has been successful even beyond my most favorable anticipations. All deposits in the bank are guaranteed by the state of North Dakota.

Owing to partial crop failures during the past four years, there is a heavy demand for money in North Dakota. The 75,000,000 bushels of wheat now about to be harvested in this state, requires an immense amount of money to handle it and get it from the producer to the consumer, the difficulty of which is further augmented by prevailing car shortage.

### HOLDING OF CONGRESSMEN IS JAP INTRIGUE, IS SAID

(By the Federated Press.)  
Washington, Aug. 31.—The recent press dispatch from Tokio, referring to a Korean plot to hold United States congressmen who are on a tour of the east, is characterized by F. K. Kim, chairman of the Korean commission here, as "another one of those groundless Japanese fabrications in line with the now notorious conspiracy case that Japan fabricated against the Christians of Korea."

"No sane, or even insane Korean," says Kim, "would dream of holding the American congressional party, or any other party of foreigners visiting Korea, because the Koreans are intelligent enough to know the absurdity of such an action, besides being desirous of gaining the sympathy and moral support of the outside world.

"This Japanese press story is nothing but another insidious attempt to put the Koreans in a discreditable light before the world. They take this particular opportunity in connection with the visit of the American congressional party because the Japanese fear that the United States congress has been sympathetic towards the aspirations of the Korean people to have a government of their own choice."

### SALVATION ARMY RALLIES TO AID FRUIT FARMERS

(By the Federated Press.)  
Seattle, Wash., Aug. 31.—With the fruit crops throughout Washington and Idaho menaced by lack of labor, the Salvation Army, through its industrial homes and men's hotels is trying to divert quantities of roving labor to the aid of fruit ranchers.

According to Major Joseph Faulkner, in charge of the Salvation Army industrial home for men here, the problem of handling roving labor is decidedly different now than in pre-war days.

"A craving for excitement and the bright lights," he said, "has brought many laborers from quite rural communities to the city and it is hard to induce them to return. We are using every effort to persuade those that come to us for help or employment to take jobs in the country and, though many are agree to re-transfer we have been able to send nearly 100 men during the past month to the rural districts."

### CZECH UNIONISTS VISIT MOSCOW TO SEE SOVIETS

(By the Federated Press.)  
Vienna, Aug. 3 (By Mail).—A delegation of Czech-Slovak trade union leaders have just left Prague for Moscow.

The delegation, consisting of nine members, will remain in Russia three months to study economic conditions, with particular reference to those Soviet innovations which are regarded as applicable in Czechoslovakia.

### HARDING AND STEEDMAN SPEAK IN MINNEAPOLIS

(By the Federated Press.)  
Chicago, Aug. 31.—Seymour Steedman, Socialist candidate for vice-president, and Warren G. Harding, republican candidate for president, are both to speak in Minneapolis on Labor day. Otto Branstetter, national secretary of the party, has written Harding challenging him to meet Steedman that day in a debate on the real issues of the campaign.

### FESTIVAL IS HELD IN CITY OF MOSCOW

Great Revolutionary Pageant Staged as Emancipated Proletariat Rejoices its Freedom.

(By Special Correspondent for the Federated Press and London Herald.)  
Moscow, July 31, (By Mail).—This has been a gala day in Moscow. It was a local holiday, and only those engaged in indispensable industries, continued at work.

The Red Square, the place of public executions under former governments, was gaily decorated with evergreen and with red banners bearing mottoes in several languages. Along one side of the square were war trophies of all descriptions, some of them evidently British, balloons and aeroplanes distributed literature, and many of the delegates to the Third International's meeting seized the opportunity to have a flight.

At midday a salvo of guns signaled the start of the procession. Trotsky had previously reviewed the troops, bursts of cheering greeted him as he passed each detachment. In the procession walked the communist parties from each division of Moscow, and the workers, by union—metal workers, railway men, and so on—the vast masses who had turned out for the day, let the visitors see that the workers are behind the government. Huge numbers of women were there, old and young, each with enthusiasm in her very walk.

Members of athletic clubs walked stripped to the waist; physique such as these, with proper conditions, will make Russia a power in the future.

Russia cares for her children. Motorbuses of them were there, none wearing nothing but a single garment, their bodies bronzed by the sun, while large numbers from the schools marched past among the adults.

After the sections representing all the divisions of Moscow had marched past, the army divisions present tried to give the salute.

Two features were the women volunteers and the men who had been decorated for valor. These were specially addressed by Trotsky. The procession took five and a half hours to pass the stand of the delegates. Even the music was organized so that when one band ceased another began.

### TRIPLE ALLIANCE FARMER-LABOR FORCES

(By the Federated Press.)  
Seattle, Aug. 31.—The Triple Alliance of Washington state, composed of organized labor, farmers and rail workers, has decided to submerge its identity within the national Farmer-Labor party. A referendum of the membership throughout the state returned a vote of 6,862 to 174 in favor of the plan. Those who voted compromise approximately 50 per cent of the paid-up members. Many thousands of others are working for the new party, although not actually on the list as members of the organization.

### GERMANS SEEK RELEASE OF COMMUNIST EDITOR

(By the Federated Press.)  
Berlin, Aug. 2 (By Mail).—German Communists are demanding action by the government toward freeing Karl Münster, the Communist Labor Party leader arrested by the Prussian criminal police. Münster was riding in New York when the world war broke out, but returned to Germany to edit a Socialist newspaper. His anti-war attitude resulted in his being compelled to seek refuge in Holland, where he edited an anti-British weekly called Der Kampf for circulation among the German refugees there. On Dec. 11, 1917, he was lured over the border by a woman spy and seized by German agents. Münster was presumably held in prison until freed by the German overturn of Nov. 9, 1918, since which date he has been more or less active in revolutionary circles.

(By the Federated Press.)  
Toronto, Ont., Aug. 31.—This city is planning to buy metal compressing machines which will press into bundles all the tin cans now thrown on city dumps. Intended in the first place as sanitary devices, it is believed that the compressors will not only pay for themselves but provide an income for the city in excess of the cost of operation.
