

Daily Appeal.

BY McCLANAHAN & DILL. GRENADA, MISS.

FRIDAY EVENING, OCTOBER 3, 1862.

TO OUR FRIENDS.

Gentlemen who arrive from the United States with late papers, will confer a favor by leaving them in the reading room of the APPEAL office...

MANUSCRIPTS INTERVIEWED.

We have from the St. Louis Republican, of the 28th, that Randolph, Tenn., was entirely destroyed last week. The Federal steamer Eugene was fired upon by a company of rangers on the 23rd inst., and an unsuccessful attempt was made to capture her.

ANOTHER OUTRAGE CONTINUED.

Rumors from Washington, published in the Northern papers of the 27th, say that LINCOLN contemplates issuing a proclamation making Florida a cotton plantation, and inviting laborers, white and black, to settle there for that purpose...

FEDERAL RULES IN MISSOURI.

A friend in Memphis enclosed us a letter from a gentleman of veracity in St. Louis, exposing the outrages committed by the Federals in Missouri. They are bearing down upon the citizens with a much tighter rein, taking them from their farms, dwellings and daily avocations at pleasure...

INDIANA VS. MASSACHUSETTS.

The Massachusetts learns from a gentleman direct from New Orleans that the colonel of an Indiana regiment applied to the Beas for transportation on the terms of his enlistment had expired...

A SENSIBLE CONCLUSION.

The St. Louis Republican fears the effect of LINCOLN'S proclamation "will be to operate against Union men as well as the rebels," because, it asserts, the "Confederates have never hesitated, with or without reason, to resort to the tea tables to enforce, as they say, obedience on our part to the ordinary laws and customs of our own country."

JUSTICE TO GENERAL PRICE.

The Mobile Tribune observes that the rumors that General PRICE'S army is in a state of demoralization are all false. It is supposed that they have been invented for some nefarious purpose, by men now high in command.

OUR GAINS AT HARPER'S FERRY.

The Harper's Ferry correspondent of the Philadelphia Inquirer says: "By this successful attack we have not only captured the rebels but also secured a fine booty. Those who are capable of judging, consider the command equal in discipline, valor, and sagacity to meet the enemy, to any division in the service."

ARRIVAL OF MEMPHIS.—Mr. Samuel Mansfield and Dr. Jennings, of the firm of S. Mansfield & Co., arrived in Memphis on the 27th inst.

A Turin correspondent of the London Times, says that "whatever events the future may have in store for Italy, Garibaldi's name is played out."

Dr. Mackay, the New York correspondent of the London Times, says of the President of the United States, that he writes English "that passes muster in America, but that would not be tolerated in a British school for young gentlemen."

The Mississippi says that Lieutenant Colonel Bullard, of Iowa, and of the 10th regiment of Mississippi volunteers, and not the lieutenant colonel of the 9th, as reported by telegram, who was killed in the late battle at Munfordsville.

We learn that Captain W. F. and J. A. Taylor's companies, under Colonel Spencer, captured fifty-three prisoners and one hundred and sixty-five wagons, on Sunday last.

The Memphis says that a party of about twenty men were located at a point ten miles from Green river, to make a reconnaissance of the route to Memphis.

LATEST BY TELEGRAPH.

From the Army-Complete list of the Killed and Wounded to be Published.

October 2.—A special to the Advertiser and Register says all was quiet in the vicinity of the army on the 1st.

McClellan has sent a polite letter to General Lee, informing him that Major Means, of the 17th South Carolina, and Captain Ready, of the 3d Alabama, were severely but not dangerously wounded, and in his hands, and that every attention would be given them.

Longstreet's adjutant-informed that a list of all the killed and wounded has been furnished the army intelligence office at Richmond for publication.

From General Price's Column.

Tupelo, October 2.—Sixty Yankee cavalry soldiers yesterday penetrated to the railroad, five miles south of Baldwin, and cut the telegraph wires.

CHATTANOOGA, Oct. 2.—A company of partisan yesterday rode the Yankee pickets three miles from Flat Rock to Nashville.

The Nashville Dispatch of the 30th says the steamer Fortiön Hero was captured five miles below the city, on the previous Sunday by the rebels.

The impressing in Nashville was that Hragg had captured Louisville.

Speelers have cleaned out all the goods and stores between here and Nashville, and no more come.

There is no doubt about the starving condition of Nashville.

Congressional Proceedings.

RICHMOND, October 2.—The Senate today refused to agree to the amendments of the House exemption bill, and asked for a committee of conference.

The House bill, appropriating a million of dollars for the construction of the Blue Mountain and Rome railroad was passed. Also, Senate bill to provide for the transmission of trans-Mississippi mails.

At one o'clock the Senate went into secret session to consider the orders of the day. Nothing of importance done. When the doors were reopened, several communications from the President were presented.

The House was occupied nearly all day in the discussion of the bill to raise revenue.

AFFAIRS IN LOUISIANA.

BATON ROUGE, September 25, 1862.

EDITORS APPEAL: As the circulation of the APPEAL is gradually extending throughout Louisiana, probably some items from this section (one of the remnants of the sugar-bowl) may prove of some interest.

The Federal lines of occupation have been extended as far up the river as Donaldsonville, at the mouth of the Lafouche, but Taylor's men hold the bayou lower down.

The Louisiana cavalry corps both banks of the river, but as yet have earned no laurels. Texas rangers also make their appearance in swarms, and the conscript act is filling the army of Taylor until it is beginning to assume considerable proportions.

The number of men that has given to the army of Taylor is about 10,000. The interior sending 10,000 conscripts will give you some idea of its strength.

The conscript act is more rigorously enforced and is cheerfully acquiesced in.

It is to the standing disgrace of the State and Confederacy that some feasible plan is not adopted to secure the coasts above New Orleans from the thieving scouting parties of the Federal army.

On the 27th inst., a Federal force of two hundred and fifty, consisting of infantry, cavalry and artillery, landed at Fricar's Point, and started for the interior of the county as an escort for sixty wagons, which they stated were being sent out to secure some cotton on their speculators had purchased.

The truth was, however, some of the staples had been sold them, and it soon became apparent that their design was to reach the interior of the county, and to capture the cotton.
