FINANCE AND TRADE.

OFFICE OF THE DAILY APPEAL, MEMPHIS, MAY 25, 1869.

FINANCE.

The money market is very quiet and easy. There is no speculation going on in stocks, bonds or scrips - everything seems to be exhausted out of which a penny could be made, so that outside of checking, depositing and the little which is done in exchange, our banks are having an easy time, while brokers' offices are still more quiet. A small order for any description of securities causes no little flutter now, and it is wonderful to see the anxiety which is manifested to fill. Parties supposed to be possessed of information are button-holed and asked where there are shares of bonds, but we think that Memphis is about as late of the office as she is filled with disappointed office-seekers and lukewarm Conservatives.

FINANCE.

Money is easy, and Exchange comes in steadily with a light volume. The City Scrip is firm, while County and Police Warrants are dull.

FINANCE.

In Gold there is not much doing. Offerings at the counter are small, while the outside demand has altogether ceased. The New York market closed at 125 1/2. Sterling Exchange was dull at 109 1/2 for prime 60 day bills. Money market at 6 1/2 per cent on call.

We would call the earnest attention of our readers to a nice little scheme now before the Board of Mayor and Aldermen, to which the city credit is to be turned. It will be found in the Mayor's message, and will be the subject to be disposed of on Monday. We are astonished to learn that some of our Aldermen favor the scheme so justly deprecated by His Honor. Our readers may rest assured that all those who vote in favor of either of the little propositions set forth in the message will have a good notice in these columns, and their names will not be unknown.
