

THE MASONRY TO-DAY—MAJORITY SPECTACLE TO-NIGHT.

Each succeeding year the Masonic body has transcended in every element of attractiveness each preceding celebration of like character. This to-day will eclipse every former Masonic picnic, and when we remember that the fund accumulated to-day is expended by the Masonic Board of Relief, organized to care for the poor and helpless widows and orphans of Masons, dissociated with local lodges, there are none who can fail to contribute to the beneficent purpose contemplated by the excellent gentlemen having in charge the management of the picnic to-day. Every good dame and wife having a charming lady will present it to-day to the committee at James' Park appointed to determine the relative charms and perfections of the juveniles of this city and vicinity. A grand Mattheus plan will be awarded to some one of twelve hundred ticket-holders. The instrument is second to none now manufactured in this country or in Europe. Mr. Joseph Specht has exhausted taste, money and ingenuity in the preparation of a system of fire-works the most novel and startling ever witnessed in this city. This marvellous exhibition which will be witnessed by ten thousand people will begin at nine o'clock in the evening. The best bands of music will attend, the floor of the dancing hall has been waxed till it is smooth and brilliant as the milky way. A magnificent breech-loading double-barrelled gun will be awarded to the best marksmen that appear at the shooting-gallery, and we do not doubt that the Masonic managers of the picnic will accomplish every beneficent purpose contemplated when this day's entertainments were originally planned.

SENATOR, United States Senator from Alabama, retires with honor, Conkling and Howe, at the next session, from Congress. The Legislature of Alabama will stand a third Radical Republican, a third Liberal Republican, and a third Democratic, or at the farthest that the Liberals will hold the balance of power. The return of Spencer, at any event, is regarded even by his friends as simply impossible, as he is extremely unpopular with all classes. The Democratic ex-Senator Warner will again be a candidate, and the fact that he refused repeated tenders of office from the President, and is violently opposed to his re-election, gives color to the report that his chances are the slightest.

A. C. STUCKEY declares, in an excellent letter announcing himself a candidate for the State Senate to represent Haywood, Dyer and Lauderdale counties, his undying hostility to the merchant tax, and his adhesion to Greeley and Brown. It would be well for all candidates for the two branches of the Legislature to define their views on these questions.

ONCE more the Pope utters his usual protest against the aggressive action of the Italian Government. The suppression of the convents he declares a violation of moral and international law, and he directs an appeal to be made to the Great Powers. In his behalf, unfortunately for the Holy See, it seems that the once important Boman question has shrunk to the narrow limits of the Kingdom of Italy.

WHILE Colonel John Forsyth was declining to the conference at the Fifth Avenue hotel in favor of the Greeley ticket, his paper was denouncing it, and declaring that under no circumstances could the Southern Democracy be induced to vote for Greeley and Brown.

GOVERNOR BROWN will return to Nashville to-day, and in consequence of the precarious condition of his health, will, in a few days afterward, leave for Red Sulphur Springs, Macon county.

POLITICAL.

EX-Senator Wigfall, of Texas, has written a letter in support of Mr. Greeley.

EX-Senator Charles E. Stuart, of Michigan, once a staunch Douglas Democrat, has written a strong letter in favor of Greeley.

PAIDUPMEN in Philadelphia actually stop the peddling of copies of Sumner's speech by the newsboys. They say they are "singing orders."

HON. S. S. COX is so much improved as to be able to ride out every pleasant day. He expects to leave Washington for his home during the present week.

IT WAS very sad for the New York World to suggest Mr. Church for President, and then for Mr. Church to turn round and declare for Greeley. Wasn't it?

THE Philadelphia Press exhibits the figures to prove that Hartman will lose eleven thousand four hundred Republican votes in twenty-seven of the sixty-six counties of the State.

THE Democratic State Conventions to be held next week are as follows: On Wednesday, those of Georgia, Illinois, Mississippi and New Jersey; on Thursday, those of Ohio and Virginia.

THE Cincinnati Gazette hopes that Schuyler Colfax will be one of the two Republican candidates for Congressman large from Indiana. Godfrey S. Orth has been already nominated as the other.

A singular physiological effect of the Fifteenth amendment under carpeting supervision is noted in the birth of white twins to a recently married very black couple in Marion county, South Carolina. It is this Grant's idea of a paternal government.

JOHN POPE Holmett the Feinian leader, has written a letter to Washington, to the Chicago Tribune, in which he takes ground unqualifiedly in favor of Mr. Greeley for President. He says that he gives it his opinion that those in this country of Irish nationality will do more real work for Mr. Greeley than those of any other race.

A very formidable ball to Greeley from the Republican party of California has occurred in San Francisco. The Chronicle gives a long list of prominent men engaged in the movement, and Frank M. Pixley declared at a meeting of three liberals that in three months there would be twenty thousand names on the roll. He said: "We have seventy thousand voters in the State, and we intend to join Greeley, or we intend to join the seven thousand who are in office."

Interesting Letter—Crops and Politics.

NEW YORK, June 23.—The correspondence between the American and English governments relative to the Treaty of Washington, is telegraphed to-night from Washington, and covers a great amount of material, previously published, and organized for each ward in the city at the same meeting. Senator Morton commenced his speech by saying that on a number of occasions he had addressed meetings in this city since 1851, but had never been present at a meeting when the Republican party was surrounded by such circumstances. He said that he would not occupy the time of the city, but would occupy the time of the country, and the financial administration of President Grant. A Leading Republican Declares Against the Grant Dynasty—An Antislavery Coming from Sumner.

Detroit, June 23.—The Grand Rapids Herald publishes the following article in its Sunday morning issue: "We have important intelligence from the old war Governor of Michigan, Hon. Austin Blair. It is that he will not in any way support Grant, and that if Greeley is elected at Baltimore he will take the stump for Greeley. The Governor does not conceal his sentiments. He says the stampede from Grant to Greeley will be by one or two, but by platoons. He thinks Michigan will go for Greeley if a cordial union is effected between the opponents of Grant. We also have direct and reliable information from Senator Sumner, and important facts regarding a speech upon the finances of the country, and the financial administration of President Grant. He said that he would not occupy the time of the city, but would occupy the time of the country, and the financial administration of President Grant."
