

INDICATIONS. For the Ohio valley and Tennessee, cloudy or partly cloudy weather, with occasional rain, but no snow.

The very decided vote by which the bill to settle the debt of the State at 100-3 passed to a third reading in the house, is, seemingly, significant of a foregone purpose, so far as that branch of the legislature is concerned.

The State-credit Democrats and Republicans together form more than a two-thirds majority of both houses, and we should not be surprised to see this bill passed. If so, we trust provision will be made in it for the submission of the whole question to the people for their ratification at the ballot-box.

It is not, doubtless, to be expected that we may expect the question to be reopened at the next State election, and a repetition of the excitement and party divisions through which we passed last year.

It is to be hoped that the people shall be consulted. It is their right, and it is the duty of the legislature to make the opportunity for them.

The Mississippi Valley Cotton Planters' association, at the regular monthly meeting held yesterday at Vidalia, passed resolutions accepting the invitation of the cotton exchange of this city to hold their annual meeting here in May next, and to invite delegates from all parts of the country.

From the spirit of these resolutions, we gather that it is the intention of the association to make this meeting the largest and most influential ever held, and to avail themselves of it to advance the interests of cotton-growers in every possible way.

In the pursuit of a purpose so timely and promotive of the agriculture of this section, the Planter's association at the Memphis cotton exchange and the people of this city. Everything will be done that is possible to facilitate the objects of the meeting, and to make those comfortable who may attend as delegates or on-lookers.

Russia was long ago described as a "despotism tempered by assassination." The death of the late czar proves it.

The people of Tennessee will settle at 50-4 and not at 100-3 or 60-6. The legislature will not be advised of this in time.

"Divine right" on the throne and in the church has become more and more bloodied than any other vague and shadowy assumption known to man.

The spring opens badly for "those emigrants" in Europe, and we should not be surprised if another did not soon follow the ill-fated czar Alexander II.

The death yesterday of Mr. Keck's son, by hydrophobia, should set the people of Memphis to thinking about whether all the dogs in the district are worth one such life.

The grand lodge of Knights and Ladies of Honor will meet at Nashville on the 15th of April, and the Grand lodge of Knights of Honor will assemble in the same city on the 15th of April.

The city of Algiers, Africa, which has become a sanitary resort for the French people, reports an annual mortality of 465 deaths, and 4438 births, of which 704 were illegitimate.

There is mourning among the Romanists of the second, but there is also mourning in one hundred thousand Russian families because of those who are in exile in distant Siberia, suffering worse than death.

BYFALO GOATS have made their appearance in the parish of Teasas, Louisiana, and planters in the bottoms are warned to be on the lookout for them. A little timely attention and care will save the lives of many valuable heads and noses.

MR. EMERY L. ROSS, of the Canton Mail, is a candidate for the office of chancery clerk of Madison county, Mississippi. The Viceburg Commercial cordially recognizes an aspirant so honest, and says "the people of Madison will do themselves honor by electing him."

THE bravery and persistency of the militia in seeking out and striking down the men who represented the knot and the gloom of Siberia, who made Russia a land where the press had no untrammeled voice and where no bell called children to school, shows how deeply rooted is the love of liberty in the hearts of the Moscovites.

REV. JAMES L. M. CURRY, of Richmond, Virginia, who was recently elected to the place on the board of trustees of the Peabody fund made a speech yesterday on his way south on a first tour of inspection and for information touching the educational status of the southern States. Dr. Curry is deeply looked for a greatly increased public sentiment favorable to public schools that will ultimately secure to the south the full benefits of the Xabody fund.

VERNON'S weather almanac has given pretty fair account of the sort of weather we have had up to March, so far. The heavy snows that have troubled parts of Canada and the lakes are clearly predicted. Taking the second half of the month he gives us a pretty fair account of the sort of weather to be expected in Washington and elsewhere on the seventeenth. The third week is to begin with a general snow fall westward to Chicago. There will be heavy rain, mild, springlike weather, with heavy rain showers in some portions. On the last week heavy rains, probably snow in the direction of St. Louis. On the thirteenth the weather will be boisterous, with sleet and perhaps snow in some portions. On the last week snow will be the rule at the month will probably be lambs-like.

THE PROPOSITIONS

For the Settlement of the State Debt Under Consideration by the State Legislature—The House Passes, on Second Reading, The Bill Embodying

The Latest Proposition of the Bondholders—The Senate Finance Committee Instructed to Prepare a Bill for an Adjustment at Fifty Cents.

Special to the Appeal. NASHVILLE, March 15.—Senate.—The committee on finance introduced a bill amending the charter of Cleburne, Shelby county.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage. He suggested that the bill pass its second reading to-day, and that a final vote be taken at 10 o'clock Thursday morning, continuing from day to day, and that a final vote be taken at 10 o'clock next Thursday morning.

Mr. Thompson desired to make the opening speech on the bill, but Mr. Speaker, Mr. Thompson desired to be extended him, inasmuch as he was next to the oldest member in the house.

Mr. Butler suggested that he had been sleeping on it for some time. Mr. Thompson desired to call on some of the members of the house before taking up the question of the discussion of the bill.

Mr. Butler moved that the rules be suspended and the bill taken up on its second reading.

On the call of the yeas and nays the vote of yeas was 45, and nays 45. Mr. Butler having been called on the passage of the bill on its second reading the bill passed by the yeas and nays 45 to 45.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.

Mr. Butler, from the committee on finance, reported Harrison's bill, No. 990, providing for a settlement of the State debt at 100-3, and recommending its passage.
