A VERY SICK MAN.

Col. Fred Grant Acknowledges that His Father's Case is Hopeless—The Cancerous Growth.

At the Head of His Trench Constantly Hardening and Increasing—The General Unable.

To Take Any Solid Food, and His Health Rapidly Breaking Down Under the Strain.

New York, February 28.—In regard to Gen. Grant's health, Col. Fred Grant said in a Post reported this afternoon: "My father is a very sick man. There is no hope longer desiring the fact. We have made every effort to keep the truth from the public, because we knew that soon as it should be known that he was dangerously ill there would be hundreds of letters coming in with offers of money and medicine to make and make his cure hopeless. My father has had little rest for the past few weeks. He was not about his room for a week or two yesterday, and he is suffering from pain in the ear and head. For any fact concerning the nature of his disease, I refer you to his physicians. The doctors who are attending him are Dr. Forde, Parker, Dr. Gray, and Dr. H. S. Smith of this city, and Dr. T. M. Barker, of Philadelphia."
