

ALBA JOHNSON FOR IMPROVED TRANSIT AND PORT FACILITIES

Essential to South American Trade, Says Member of Committee Named by Secretary of Commerce.

Philadelphia must obtain better transit facilities and improved port conditions if the city is to benefit by the proposed trade expansion, in the opinion of Alba B. Johnson, president of the Baldwin Locomotive Works and a member of the special committee appointed by Secretary Redfield to co-operate with the National Trade Council, now engaged in making plans for obtaining a larger portion of the South American trade.

Mr. Johnson returned home last night from a meeting of the council in New York, and is expected to make a report to the government committee and the council on the 20th. For the present, however, the program is only in organization, and Mr. Johnson could not outline all that is proposed. But he did announce that one of the most important things for the future trade relations between South American countries and the United States is the obtaining of a dollar exchange system, so that it should not be necessary to use a means of gold to go there by the way of London.

EXCHANGE SYSTEM BENEFICIAL. "It does not seem the right thing for America to go down to South America and steal away from the countries that are now engaged in war the business they have built up; but instead, we believe that this country must go after the trade in much the same way as it should have before there was any war. And for this reason, there will be a constructive program and we shall strive to create a demand for American goods such to improve the exchange arrangements so that the importers of South American goods will want to buy from us," said Mr. Johnson. "Our work will be done just as though there were no war in progress."

"When asked some time ago if Argentine would not be buying all her imports from the United States," he continued, "a diplomat replied that it would certainly not send the trade here, but that America must come down there and get it. We propose to build up the trade by improving the exchange system and by creating a demand for American goods. We have been buying much more from South America than traders of that country have been buying from the United States. But we shall soon sell more to them than they buy from us."

BETTER TRANSPORTATION REQUIRED. "Improved transit facilities will do much to assist Philadelphia in making the most of the particular benefit it would gain from improved trade relations between this country and those of the south for they would benefit the working men, and whatever helps them is going to mean greater success for the Philadelphia industries in their trade expansion plan. And of course, anything that can be done to improve the port is bound to make Philadelphia more able to take advantage of the trade which may come here. This city has always been a center for export trade, and should particularly benefit now as in the past."

Mr. Johnson expressed much pleasure in the committee which is working for trade expansion, saying that he had found the members to be men of wide experience and the committee one of the most intelligent and practical he ever worked with.

Little was done yesterday regarding routine matters, such as the reading of reports and the appointment of committees. But Mr. Johnson said that these committees and officers might be expected to work out practical plans, which would be presented to the annual convention to be held probably in January. Then the convention, he explained, would adopt the suggestions and would send a report to the congress to be before Congress with a definite program.

The activities of the local committee Mr. Johnson would not discuss, as he said he had not been in touch with the members. However, he is much interested in what is being done and expects fine results.

And his opinion regarding the suggestion of the Russian Foreign Minister from Petrograd yesterday, that the United States and England should immediately work for the Russian trade which Germany has had in the past, should send experts to that country before the war ends to advance the chances for American shippers. Mr. Johnson said: "That sounds very interesting, but at the present time I prefer not to discuss it for publication."

BOY REFUGEE IS ON HIS WAY HOME FROM HUNGARY

Parents Learn From Newspapers He Has Sailed From London.

The parents of Theodore Topover, a 9-year-old boy, of 2815 Sharp street, Wisconsin, learned from the newspapers that the boy had sailed from London and is on his way home, with other refugees from the war zone.

The boy went to Hungary a year ago to his uncle.

Four weeks ago he wrote to his mother and said he expected to spend another year with his uncle. He was then attending school.

The parents were relieved to hear that their son was safely on his way home.

ORDER TRANSPORTS SOUTH

Six Vessels Will Bring American Troops From Vera Cruz.

WASHINGTON, Sept. 17.—Six transports today were ordered by Secretary of War Garrison to proceed to Vera Cruz to move the American troops back to the United States. These vessels are the Buford and Kilpatrick at Colon; the City News; the Kansas at Galveston; and the Cristobal at New Orleans.

SMALL POLICEMAN MAKES CAPTIVE OF NEGRO GIANT

Captive Threatened to Shoot Her, Sister-in-law Says.

Residents of the neighborhood of Sixteenth and Rittenberg streets late last night saw a countless special policeman, measuring little over five feet in height, march a struggling young Negro giant to the police station on West Haines street, above Germantown avenue.

Richardson, who had been sitting coat-1914 in the police station, was summoned in a hurry call to the home of Mrs. Mary Law, of 1802 Rittenberg street, who said her brother-in-law, Hugh Law, was trying to break into her home in an attempt to shoot her. Richardson did not wait to get his coat, and found that the woman had fled.

The brother-in-law had succeeded in breaking into the house and was engaged in destroying everything in sight, the policeman says. A struggle ensued which resulted in Richardson's triumphant march to the station house with the Negro. Law gave his address as 1515 Rowan street and said that he is twenty-three years of age. He was held under \$500 bail, charged with carrying a concealed deadly weapon.

BUSINESS MEN IN CITIZENS BODY TO AID DR. BRUMBAUGH

Many Members of Committee Have Never Been Identified With a Political Movement.

Influential business men from all parts of the State have joined the Brumbaugh Citizens' Committee, which will open headquarters on the first floor of the Lincoln building, Broad street and South Penn square, tomorrow. A large number of the committee have never been identified with any political movement and will support Doctor Brumbaugh because they desire a clean, conscientious State administration.

When John Wananaker, owner of the Lincoln building, heard that the committee was seeking headquarters, he immediately offered the use of the banking rooms on the first floor. The new building will be in charge of James S. Hiltz, secretary of the committee. Former Judge Dimmer Beesler is chairman and Louis J. Kolb will act as treasurer.

On account of the high regard in which Dr. Brumbaugh is held, and the fact that the committee has been spontaneous and applications for membership has come from men in every line of business in all parts of the State.

Announced by Brumbaugh supporters today that many of his supporters are coming from the ranks of the Washington party, where there is dissatisfaction because of the retirement of William Wagner from the ticket.

Members of the committee contend that Dr. Brumbaugh will not be any one man's Governor and believe that he will work for the best interests of all the people.

Some of the prominent members of the committee follow: Chairman, Dimmer Beesler, Philadelphia; Vice chairman, Thomas Sietler, Harrison, Philadelphia; James E. Hindman, Esq., Philadelphia; S. A. Kendall, Mycenaide, John Cribbell, Philadelphia; Charles B. Jenkins, Philadelphia; General James M. Schoonmaker, Pittsburgh; Louis A. Watres, Scranton.

Secretary, James S. Hiltz, Philadelphia. Treasurer, Louis J. Kolb, Philadelphia. Executive Council, J. Lowell Carminz, chairman; James L. Adams, Coraopolis; E. M. C. Africa, Huntingdon; C. C. A. Baldi, Philadelphia; John S. Brumbaugh, Bradford; William S. Brown, Philadelphia; W. Alton Carpenter, Philadelphia; C. N. Connelly, Pittsburgh; Lucien Forrester, Pittsburgh; Dr. A. L. Gaiser, Reading Springs; Ellis Gimbel, Philadelphia; Grier Hirsch, York; Edmund R. Henry, Scranton; James B. Krause, Williamsport; J. Hanks Kurts, Altoona; E. J. Lafferty, Philadelphia; William Lander, Riddleburg; James W. Leech, Bethlehem; Samuel D. Lewis, Philadelphia; Dr. Edward Martin, Philadelphia; Otto T. Matery, Philadelphia; I. B. Metzger, Pittsburgh; General Edward W. V. Morris, Philadelphia; Dr. N. Nevin, Easton; William L. Nevin, Philadelphia; Henry Scattergood, Philadelphia; Pennoch E. Sharples, Concorville; Samuel A. Taylor, Pittsburgh; and Ernest T. Craig, Philadelphia.

DR. BRUMBAUGH ADDRESSES ENCAMPMENT OF GRANGERS

Inauspicious Crowd Hears Him Explain Prime Issues of Campaign.

BELLEFONTAINE, Pa., Sept. 17.—Martin G. Brumbaugh, Republican candidate for Governor, was the principal speaker at the Grangers' encampment at Centre Hall this afternoon. The crowd was so big that no attempt was made on his part to meet the voters personally. The main auditorium was packed when he spoke.

Mr. Brumbaugh attempted no defense of Penrose or Penroseism, but confined himself to what he asserted were the prime issues in this campaign. He repeated his stand on local option, and said that if he were elected and such a bill came before him it would have his indorsement.

He declared himself in hearty sympathy for better legislation for the working man and woman and in favor of a more just law for the equalization of taxes, so that corporations should help bear the burden of an equality with the farmer and workman.

Mr. Brumbaugh asserted that he was the candidate of the people and would be subservient to no boss if elected, but would do what he considered to be right and for the best interests of the greatest number. While not denouncing the Democratic Administration he stated that he was in favor of protection, as he believed it best for the man who had to earn his living by the sweat of his brow.

From the picnic candidate Brumbaugh and party at State College, where he was introduced to a crowd of 1,000 students and addressed them briefly, changing himself strictly to educational lines.

Back Broken by a Fall

Falling from the second story while cleaning windows at the northwest corner of Front and Catharine streets, Oct 10 afternoon, Benjamin Schanter, 45 years old, of 335 Catharine street, received a fracture of the back.

DEMOCRATIC STATE NOMINEES ATTEND CLUB CONVENTION

Palmer and McCormick Interrupt Campaigning Tour to Be Present at Meeting of Federation in Scranton.

SCRANTON, Pa., Sept. 17.—Stirred to new enthusiasm by the action of the Washington party State committee in inducting Vance C. McCormick as the Washington party candidate for Governor, the Democratic candidates and campaign speakers arrived here this morning to attend the meeting of the State Federation of Democratic Clubs.

The entire day is to be given over to the meetings of the Federation, and the campaigners will not resume their automobile tour of the State until tomorrow.

The campaign party came here from Lock Haven, where Congressman A. Mitchell Palmer last night assailed Senator Penrose for instigating the Catlin probe to investigate the city of Philadelphia, and then abruptly shutting off the work of the Commission when it seemed about to expose the inner working of the Penrose organization.

Mr. Palmer challenged Senator Penrose to tell the people of Pennsylvania just why the Commission had suddenly concluded its work. The election of Rudolph Blankenburg as Mayor of Philadelphia, Mr. Palmer attributed directly to the unexpected revelations made to the people of that city by the Commission before it dropped out of existence.

The charge that he would just as leave sacrifice a friend as a foe if his political would accomplish the ends of his political knavery was hurled at Senator Penrose. Referring to the indictment which he has made against the Senator, Mr. Palmer said:

"As I have remarked before, Penrose talks much about what he has done for Pennsylvania, and I tell you that you should stop and think what he has done to Pennsylvania. I have not made one statement about Penrose anywhere which is not absolutely verified by his record. Whenever I have cited instances of his votes in the Senate I have given the date and the page of the Congressional Record on which it may be found, so that any one may turn to that record in which Dr. Brumbaugh is held guilty of the crime of which he is charged."

One of the steps made by the campaigners, prior to reaching Lock Haven, was at the State Grange encampment and fair at Centre Hall, Pa. Mr. Palmer had an opportunity to see the largest crowd he has met since he began his tour 19 days ago. Fully 500 persons were on the fair grounds, although the number which was able to attend the meeting of the Hall, where the addresses were made, was comparatively small.

The candidates spoke in practically all the towns in Milford, Centre and Clinton Counties during the course of the day. The automobile tour will be resumed tomorrow morning and Lackawanna County will be covered. Vance C. McCormick, who was not with the party yesterday, came here this morning from Harrisburg, and will continue the tour tomorrow.

ACCIDENTALLY STABBED BY SON. MOTHER TELLS JUDGE

Differences in Her Story From That of Police Cause Delay in Trial.

When Joseph Goldstein, 12 years old, of 112 Christian street, was arraigned today before Judge Gorman in the Juvenile Court for stabbing his mother, the differences in the story told by Special Officer Fields, of the second district, and the boy's mother were so great that the judge held the boy for further hearing on next Wednesday and instructed the probation officer to investigate thoroughly to find the correct version of the stabbing.

Mrs. Rosie Goldstein, the boy's mother, and his brother, Harry, both told Judge Gorman that Joseph was preparing for school yesterday morning when the mother stayed between her son and a table and he threw a knife, which he had been using to sharpen his pencils, towards the table and accidentally struck his mother, only slightly injuring her.

Officer Fields told the court that the mother went to the station house and complained of having been attacked by her son Joseph. The woman said she had ordered her son off to school for further hearing on next Wednesday and instructed the probation officer to investigate thoroughly to find the correct version of the stabbing.

FIRE AT CONEY ISLAND

Steeplechase Park Threatened, but Flames Are Soon Subdued.

NEW YORK, Sept. 17.—While hundreds of Mardi Gras celebrants saw the fight, firemen by a desperate effort early today, prevented the destruction of Steeplechase Park, Coney Island, following a fire which broke out in a carousel. The fire gained great headway before the firemen arrived, but their prompt measures prevented any serious damage. The loss was \$12,000.

BIDDLE CLASS FOR WILMINGTON

WILMINGTON, Del., Sept. 17.—A. J. Drexel Biddle will organize a branch of his Bible study movement in this city on Sunday next, when he will visit Epworth M. E. Church in the afternoon and speak on the subject previous to the class here being organized. Practically the entire day will be devoted to the movement, as F. H. Mills, one of his prominent workers, will speak in the morning. Numerous invitations to be present have been extended, and the attendance is expected to be large.

Philadelphia Committee BRITISH NATIONAL RELIEF FUND

All Britishers are most earnestly asked to contribute liberally to the above fund in aid of the Widows, Orphans and Dependents of the British Soldiers and Sailors who are killed or rendered helpless by the War.

ROCKEFELLER'S ACT LED TO DEATH OF VILLAGE

Oil Magnate's Refusal to Pay Taxes Marked Passing of Hillsdale.

TARRYTOWN, Sept. 17.—John D. Rockefeller's aversion to paying more taxes than legally required of him put Hillsdale, the smallest village in this state, out of business. Rockefeller's estate at Tarrytown extends, or did extend, into Hillsdale's corporation limits, and the Board of Trustees of the latter place worked out a clever scheme to increase its tax revenue by taxing a large part of the oil magnate's property.

Everything went well, and the board was preparing to pave a few more streets, erect a schoolhouse or two and raise the salaries of certain officials when Mr. Rockefeller's staff of lawyers swooped down on Hillsdale and informed the village officials that the proposed tax levy was illegal, and that Mr. Rockefeller would fight the issue to the last court, even if he had to raise the price of kerosene.

The plan was dropped; the trustees voted to dissolve the incorporation of the township and to pass its indebtedness of \$3000 to the Mount Pleasant township.

PRIZE BARK FAMILIAR HERE

The Perko Formerly Piled Between This Port and Far East.

Shipping men here today were interested in the receipt of the news that the British Prize Court had adjudicated the case of the captured German bark Perko, formerly the British bark Brilliant, which for many years piled between this port and the Far East with cargoes of manganese and petroleum. She was one of the biggest craft of her type afloat.

The Perko, when seized, was bound from New York to Hamburg, following her purchase by a German firm and transfer to the German flag. The cruiser Zulu effected the capture on August 10 off the southern coast of England. The Perko was taken to Dover, where she will be in accordance with the ruling of the Prize Court.

WILMINGTON POLICE PROBLEM WAITING A LEGAL SOLUTION

City Solicitor Advises Commission to Withhold New Appointments Until He Has Examined Law.

WILMINGTON, Del., Sept. 17.—Nothing further will be done toward qualifying the policemen who were appointed on Tuesday until City Council has considered the subject this evening and decided what is to be done. The point has been raised that the resolution adopted by City Council was illegal. The law provides that the police force shall be enlarged from time to time upon the recommendation of Council, but Council's resolution authorized the Police Commission to increase the force instead of recommending it. The point was pushed with such vigor that City Solicitor Daniel O. Hastings advised the Police Commission not to proceed further in the matter until he could look into the law and go over the matter with the Police Commission.

If Council should decide that the resolution was illegally passed and rescind it, the Police Commission probably will drop the matter and allow the blame for failure to increase the police force to rest on the members of Council. Should the City Solicitor decide the resolution legal,

SLAYER OF TWO HOLDS 600 AT BAY; DIES IN FLAMES

Tramp, Pursued After Murder, Kills Himself in Blazing Field.

HARVARD, Neb., Sept. 17.—Henry Tront, a train buyer, prominently associated with the business affairs of this town, went to his office yesterday and half an hour later was found dead, with two bullets in his heart. Plainly he had been killed by a robber.

News of the murder spread through Harvard. Sheriff Charles S. Anderson and his deputy, George Phillips, came upon a tramp whose actions aroused their suspicions. As they approached the tramp began firing at them with an automatic pistol.

The sheriff fell, dying instantly. Next the deputy fell, mortally wounded. Citizens then formed a posse. Every automobile in town was commandeered by officials and others, and the Fairfield militia was called out. Probably 600 persons took up the man hunt, and a coroner was formed about the entire country.

The tramp took refuge in a hay field and, barricaded behind a stack, began to fight. It seemed to have almost an endless supply of ammunition, for he fired often. In slight pauses he would reload, only to continue the fusillade. When any part of his body showed revolvers, rifles and shotguns were turned on him. Finally the hay in the field caught fire. The flames swept across the field like a huge wave, but the tramp held his position until they were upon him. Then he rose to his feet, placed his pistol to his head and blew out his brains. There is no clue to his identity.

MINERS RATIFY PEACE PLAN

Favor President Wilson's Proposition to Terminate Colorado Strike.

WASHINGTON, Sept. 17.—President Wilson was advised today that the mine workers of Colorado have ratified the action of their union in accepting the President's three-year peace plan for termination of the Colorado strike.

The Administration today hoped that the employees' acceptance of the plan will now force the operators to fall in line and likewise accept it.

Wilmington Rioter Sentenced

WILMINGTON, Del., Sept. 17.—The first sentence in connection with the recent riotousness was imposed in the city court today, when Judge Churchman sentenced James McCoy, a Negro, to pay a fine of \$100 and be imprisoned for 15 months for breaking the law of J. W. Burns, a white man, as he was walking along the street. Judge Churchman said the court proposed to protect people on the streets.

NEW YORK RED CROSS FUND \$131,875

The European relief fund of the Red Cross Society collected by the New York branch to date amounts to \$131,875. The total of the Belgian fund for the relief of women, children, and other non-combatants in Belgium is \$79,981.
