

LAST TRANSIT DELAY WILL BE SURMOUNTED IN COUNCILS' MEETING

Select Body to Pass Loan Ordinance, Already Passed by Common, Tomorrow; Then Mayor Will Sign It.

The climax in Philadelphia's three-year fight for adequate rapid transit facilities will be reached tomorrow and Thursday, when Councils will meet to consider the final legislative steps necessary before the subway and elevated construction actually can be begun.

Friends of the Taylor transit program, encouraged by the progress of the transit ordinance, at three meetings of the Councils, are confident there will be no further opposition by the Finance Committee or on the floors of Councils. Representatives from the Citizens' Committee of One Thousand and from a number of business organizations are planning to attend the meetings tomorrow and Thursday to witness the final victory for real rapid transit.

The ordinance authorizing the \$3,000,000 loan, which was passed by Common Council last week by unanimous vote, will be immediately sent to the Mayor for his approval. This bill has been on the calendar since May 20, action having been deferred until the requisite four weeks of advertising the ordinance had elapsed.

Under the rules of councilmanic procedure the appropriation ordinance cannot be passed until the loan ordinance has been passed by both chambers and approved by the Mayor. For this reason the Finance Committee is scheduled to meet during the session of Councils tomorrow as soon as the Mayor has signed the loan ordinance.

TO APPROVE ORDINANCES. The Finance Committee will formally approve two ordinances appropriating the \$3,000,000 to start work on the central section of the subway in the central section of the city; the second appropriates \$3,000,000 to start work on the Frankford elevated. Both ordinances were introduced in Councils on May 20 by John P. Conroy, at the request of Mayor Taylor, and were immediately referred to the Finance Committee, where they have remained ever since.

At the final meeting on Thursday both these ordinances can be passed by Common Councils and the action of the lower chamber can be concurred in by Select Council at the same meeting. Active construction work on the Broad street subway and the Frankford elevated lines can then be begun as soon after July 1 as bids are advertised for and received.

TAYLOR TO LOSE NO TIME. Director Taylor today declared that no time will be lost in the prosecution of the work when the Department is authorized by the proper authorities. Plans are ready so that bids can be invited and contracts awarded as soon as the necessary formalities have been completed with the remaining steps in the preliminary procedure will be to obtain a certificate of public convenience approving the work from the Public Service Commission at Harrisburg.

Bids have already been invited for the reconstruction and relocation of the sewer in Buttonwood street, between 10th and Broad streets, and for that in Thompson street, between 7th and Broad streets. This work is preliminary to the construction of the Broad street subway. The work on these projects is scheduled to begin on August 4.

EXCAVATION NEARLY DONE. The extensive excavation and construction work in the central section of the city on the sewer relocation is rapidly nearing completion. The first spadeful of earth was turned by Mayor Blankenburg on March 30, and since that time the work has been rushed toward completion by each of the five contractors. Although six weeks was allowed in the contracts to complete the work, it now seems certain that all the new sewers will have been completed and all related work made several weeks before this period has elapsed. The cost of this work is covered by a \$300,000 loan ordinance, passed on January 21.

Under an act of Assembly passed at the last session the city now may place all its loan moneys into one general fund. Consequently there will be no necessity for borrowing any money under the \$300,000 loan ordinance. Money now lying idle can be used and later can be replaced from the \$3,000,000 loan. This will mean a considerable saving in interest and sinking fund charges.

ESCAPED CONVICT JAILED. Carl Fabry, who walked out of Penitentiary, Resentenced.

Carl Fabry, who gained temporary fame by walking out of the Eastern Penitentiary March 6, pleaded guilty today in Quarter Sessions Court to escaping from prison and was sent back to the penitentiary by Judge Patterson to finish out his term of from 8 to 7 years. No extra time was added.

Fabry, who was convicted of burglary last December, secured the clothes of Keeper Patterson and coolly walked out of the main entrance. He secured work as a hired man on a New Jersey farm and was arrested two months later in a saloon at 5th street and Girard avenue.

Virtue Bars Homeless Girl. A Philadelphia girl, Clara Nicolai, 18 years old, has been found in Chicago a problem which the Windy City finds difficult to solve. Clara reached Chicago several days ago from Milwaukee. Before that she lived with her brother in this city. Her mother, who knows what to do with most girls who enter the municipal limits, because these girls are easily classified and Chicago has established several institutions for their benefit. But Clara is not in that category. She and Chicago does not know exactly how to help her.

"I've tried to find a home for her," said Policewoman Crote, who found Clara. "I have been to all the associations, societies, homes, bureaus and 'depot' hotels, but as soon as it was learned that it didn't need of their line." I can't afford to keep her on my salary. If I turn her out—well, I hate to think of it. Ever read O'Henry's 'Unfinished Story'? No, well read it. This is another one.

MR. AND MRS. CONSTANTINE MARRIED 59 YEARS

Celebrate Anniversary, While Their Daughter Observes Her 19th.

Benjamin Constantine, 83 years old, and his wife, Martha, 79 years old, of 40 Ashland avenue, West Manayunk, today are celebrating the 59th anniversary of their wedding.

Mrs. Annie Crawford, their daughter, and her husband, Edmund, are also celebrating the 19th anniversary of their marriage. Helen Crawford, their daughter, will be 18 years old next week. She was impressed with the spirit pervading the family, so advanced her birthday party some hours, and is also receiving guests and birthday presents today, at the home of her grandmother.

Constantine was employed at the Pennsylvania Iron Works for 27 years. Even now he is active, and twice a day takes walks across the bridge into Manayunk to visit friends.

During the Civil War he was a member of the 10th Regiment, Pennsylvania Volunteers. He was captured, and spent six months in the military prison of Andersonville before he was exchanged for a Southern prisoner. Both Mr. and Mrs. Constantine lived within a short distance of their present home all their lives.

The children of the couple are William, of Youngtown, Pa.; Benjamin, of Coakley, Pa.; Robert, of West Manayunk; Mrs. Emma Kenworthy, of Roxborough; Mrs. Fannie Hartman, of Easton; and Mrs. Edmund Crawford, of West Manayunk.

COOKE AWARDS CONTRACTS FOR HIGHWAY IMPROVEMENT

Include Paving With Asphalt and With Granite Blocks.

Director Cooke, of the Department of Public Works, today awarded contracts for highway improvements to be made during the coming summer.

Among the contracts were: Paving and grading Mitchell street from Pennada street to Walnut lane, to Amos W. Barnes, of Eastern Paving Company, \$2,000; paving with asphalt, 11th street from Wyoming to London streets, to the Eastern Paving Company, for \$24,475; Cob's Creek Parkway from Spruce street to Woodland avenue, to Eastern Paving Company, \$4,547.97; Green street from Jefferson to Malvern streets, to Barber Asphalt Company, \$10,587.25; Lane-downs avenue, between 5th and 6th streets, to Eastern Paving Company, \$2,000; Media street from 6th to 6th streets, to Eastern Paving Company, \$1,418.00; Cresson street from Jameson to Pennada streets, to Philadelphia Paving Company, \$1,418.00; Market street from Mayor street to Manayunk avenue, to J. Joseph McHugh, for \$3,827.

Repaving with asphalt, 7th street from Columbia to Montgomery avenues, to Eastern Paving Company, for \$3,371.00; Market street from 6th to 6th streets, to Eastern Paving Company, for \$4,620.20; Thompson street from Broad to 6th streets, to Barber Asphalt Company, for \$4,602.35.

ASIATIC RUSSIA THREATENS U. S. COTTONSEED SUPREMACY

Mills Equipped With American Machines Turn Out Vast Quantities.

WASHINGTON, June 29.—Asiatic Russia is the only country in the world which threatens to compete successfully with the United States in production of cottonseed oil, the Department of Commerce today announced.

Many of the mills in that region are equipped with American seed-crushing machines, and the operators are attempting to meet the high quality of the American product.

India, Egypt, Turkey, China, Mexico, Brazil and Peru are the chief cottonseed growing and crushing countries. Great Britain and Germany crush large quantities of seed, but grow little.

American exports of cottonseed products fell from \$2,000,000 in 1913 to \$25,000,000 in 1914, due chiefly to the growth of the industry abroad. Twenty-five years ago the American crop was worth \$30,000,000; today its value is \$132,000,000.

ALABAMA JUDGE WEDS HERE

Marries Mrs. C. D. Alley, Daughter of Norristown Millionaire.

Mrs. Caroline Dyer Alley, daughter of John T. Dyer, a millionaire railroad contractor, of Norristown, and Judge Edward Manly Allen, of Birmingham, Ala., were married this afternoon in the Second Presbyterian Church, 21st and Walnut streets. Mrs. Dyer obtained a divorce from her husband more than a year ago.

The wedding was quietly observed, with only a few relatives and friends attending. The ceremony was performed by the Rev. Perry S. Allen. Mrs. Clarence Engle Seitz was the matron of honor and Berry H. Collins was best man.

Before her former marriage the bride was one of the leaders of the younger set of Norristown society. For several years she and her young son have lived with her mother at Norristown where preparations were made for the divorce, which was obtained on grounds of desertion.

Judge and Mrs. Allen will live in Birmingham.

Prison Guard Must Pay Wife \$5

Lawrence P. Redmond, a guard in the eastern penitentiary for 26 years, was ordered today to pay \$5 a week toward the support of his wife, Sarah, by Judge Brown in Domestic Relations Court.

Warden McKenty said Redmond had an excellent reputation and declared he could not understand why any one could not get along with him as he has had charge of all the "cranks" in the penitentiary and has not acted unkindly. Redmond lives at 83 North 4th street.

Master Masons Organized

The Point of Points, a new organization of members of the Masonic fraternity, has opened permanent headquarters at the Hotel Belmont, 10th and Chestnut streets. The club, which has more than 150 members, is planning to incorporate. The officers are: Chairman, Edward P. Bailey; treasurer, John R. Bushinger; secretary, Conrad J. Kegel, and supervisor, Charles W. Jones.

Scientists Sail on Inland Expedition

NEWPORT, R. I., June 29.—The schooner KITTY A., Henry A. Amery, captain and owner, with Prof. Charles W. Furlong and Dr. W. G. Erving, sailed at daylight today for islands off the coast of Africa on an expedition in the interests of the Harvard Museum. The trip will last into October.

Neighbors' Harvest for Widow

LANCASTER, Pa., June 29.—A score of neighbors of the late John W. Double of Warwick township, who was killed last week by being trampled by mules, harvested his entire crop yesterday for his surviving family. Had they not come to the rescue it is probable the entire season's income would have been lost.

MILITANT EVANGELIST, NOW IN SLANDER SUIT, TO FIGHT DEVIL HERE

Stough, Who Strikes From Shoulder, "Naming Names," to Combat Sin in Extreme Northwest Section This Autumn.

Dr. Henry W. Stough, militant evangelist, at present defendant in the sensational \$50,000 slander suit of Director of Public Safety William Cullen, of Hazelton, is coming to Philadelphia to hammer sin, "boose" and the devil in a big tabernacle campaign next winter. He is to come here through the co-operation of about 25 churches in Manayunk, Roxborough, Upper Roxborough, Wissahickon and Falls of Schuylkill. The probabilities are that the tabernacle, with sawdust "trails" and in every other respect like the "Billy" Sunday tabernacle, will be erected for the revival meetings in the central part of Roxborough.

Definite plans for the evangelistic campaign will be completed at a mass-meeting of churches of the 21st Ward and vicinity in the Leverington Presbyterian Church, Manayunk, Thursday evening. The movement to bring Doctor Stough here for a tabernacle campaign was launched by the Interchurch Federation of the 21st Ward and vicinity, and was carried out largely by the Relations Conditions Committee of that organization. It is under the auspices of this committee that the mass-meeting is to be held.

The evangelist has given assurance that he will come, following several visits of the committee to Hazelton during Doctor Stough's last campaign, previous to the beginning of the slander suit in Hazelton. Although the time for the opening of the campaign has not been decided, it is probable that the tabernacle will begin to lambast Satan and his allies in this city in November, immediately after he closes his first campaign of the autumn in Lebanon.

It is expected that the churches will advise to have the tabernacle started early in the autumn and for Doctor Stough to come in November. A canvass of many of the pastors in the city and those in Falls of Schuylkill by the Rev. W. B. Forney, pastor of the Mount Vernon Baptist Church, Manayunk, president of the Interchurch Federation, and the Rev. Isaac Ward, of the Fourth Reformed Church, Roxborough, who is chairman of the Relations Conditions Committee, has given assurance that almost every pastor of the churches of six denominations in that section of the city will co-operate in the campaign. The denominations included among those expected to be represented on the general committee are the Baptist, Methodist Episcopal, Presbyterian, Reformed, Congregational and Disciples of Christ. It is the plan to have each co-operating church represented on the general committee by its pastor and two laymen.

The Relations Conditions Committee, which went to Hazelton to urge Doctor Stough to come to Philadelphia for a six-weeks' campaign, is composed of the Rev. Isaac Ward, Fourth Reformed Church, Roxborough; the Rev. Frank M. Gray, Wissahickon Methodist Church; the Rev. J. E. Hackett, Wissahickon Presbyterian Church; John W. Harmer, Mount Vernon Baptist Church, Manayunk; and Edwin Beaver, Leverington Presbyterian Church.

In speaking of the proposed campaign, the Rev. Mr. Forney said that it is hoped to have the campaign in that section in order to bring about a great local revival. The campaign of "Billy" Sunday, he asserted, did much for the churches of the federation through arousing zeal among church members. This, he said, resulted in unusual gains in the memberships of the men's Bible classes and contributed to the religious spirit in the community. It is the majority of the citizens of the section were employed so late in the afternoon that they were unable to attend the Sunday tabernacle meetings in the evenings, very few of them were reached by the baseball evangelist.

STOUGH'S ADHERENTS THINK HE WILL LOSE NOW; WIN LATER

By a Staff Correspondent. HAZLETON, Pa., June 29.—Supporters of Evangelist Henry W. Stough, defendant in a \$50,000 slander suit instituted by William J. Cullen, Commissioner of Public Safety, today are predicting that Stough will win the case. They believe his vindication will come when, later, he is given opportunity to show the strength of his assertions before a jury. Doctor Stough wished a trial before jury instead of the present hearing under the compulsory arbitration act of 1913.

The evangelist said today that prayer meetings in his behalf, inaugurated at the opening session of the hearing, today, will be continued throughout his trial during every hour the case is being heard. The services will be held in St. Paul's Methodist Episcopal Church in this city.

Announcement by the court that further hearings would be held in Wilkes-Barre incensed adherents of Doctor Stough. The decision was explained by the public demonstrations in Hazelton, which made it impossible, the court said, to conduct the case properly here. This city is more deeply stirred by the trial than at any other time in its history. Yesterday's hearing, stormy and exciting, was apparently favorable to the Stough side.

Six Couples Wed at Elkton

ELKTON, Md., June 29.—Six couples landed in Elkton off the noon train today and were married, as follows: George A. McHugh and Sarah M. Steile, William S. Rupp and Anna E. Bowman, Philadelphia; William J. Asprey, Orange, N. J., and Helen H. Palmer, Philadelphia; Gerhard Keyser, Baltimore, and Alice P. Kohl, Philadelphia; Thomas J. Blair and Hettie Thomas, Ardmore; Albert Pirih, Gloucester, N. J., and Alberta Feldt-Kescher, Philadelphia.

NEW GARMENT STRIKE PREDICTED BY LEADER

New York Organizers Urging 8000 Women to Fight for Better Wages.

A struggle against working conditions of women garment makers in this city has started, and may culminate in a strike affecting more than 8000 women and girls, according to Abraham Silver, of New York, organizer for this district for the International Ladies' Garment Workers Union. Miss Rose Schneiderman, also of New York, has been sent here by the International Union to help Silver in organizing the garment workers. An ultimatum, which will be presented to certain manufacturers before the opening of the new season this fall, and a general walk-out of workers will follow a failure on the part of manufacturers to meet the union's demands, according to labor leaders.

"Since the big strike six years ago," said Mr. Silver, "the organization here among garment workers has become demoralized, and manufacturers have taken advantage of the fact. Wages have been cut, old scales of prices have been set aside, and sanitary conditions in shops have become deplorable. Manufacturers generally here are disposed to treat the strike threats lightly. They say the workers have no legitimate complaints and are on the whole better paid than New York workers."

"I do not see why our workers should strike," said M. Reisenberg, manager for Epstein Brothers, 7th and Arch streets. "I think these agitators can always be traced to a few girls, who fall to put in the same number of hours or to apply themselves as diligently as those around them. Wages in Philadelphia are generally 15 or 20 per cent. higher than in New York. There much of the work is done by 'contractors,' while here makers deal directly with their own help."

DEILY ELIGIBLE FOR POSITION

Present Chief of Local Civil Service Stands Fourth in Examination.

One Philadelphian qualified for appointment as chief examiner of the local Civil Service Commission in the recent tests thrown open to applicants from all sections of the country. He is Wilson A. Deily, the present occupant of the place by provisional appointment. His average of 79.4 places him fourth on the list. Any one of the first four on the list may be appointed to the \$2400-a-year position.

Thirty-six applicants, including 19 Philadelphians, took the examinations. Only eight of the candidates qualified. They represent six States. Mrs. Alice A. Fulton, the only woman who took the examination and who stands seventh among the eligibles, is secretary and chief examiner of the Colorado State Civil Service Commission. She came from Denver for the examination. Two others lead the list. The examination, which was advertised in all parts of the United States, was held under direction of George R. Wales, chief examiner of the United States Civil Service Commission.

NOT A DULL MOMENT IN "4TH" CELEBRATION

Program Replete With Entertainment From Evening of July 3 to Night of July 5.

Visitors who come here to enjoy the National Fourth of July celebration will have no dull moments during the course of the event. From the beginning of the dinner at the Bellevue-Stratford on July 3 until the night of July 5 there will be an almost continuous program of entertainment.

As a large number of those who flock to the city will be unable to visit Valley Forge on Sunday, July 4, band concerts have been arranged and will be given Sunday afternoon and night at the City Hall Plaza and in Independence Square. Plans to this effect were announced today by the Fourth of July committee.

In a message to Joseph P. Tumulty, secretary to the President, he was requested to ask the President to name some Federal representative to attend the celebration. The committee expects to receive a reply today. The navy will be represented in the celebration by a battleship and a cruiser, which will fire a salute in honor of the day at the foot of Chestnut street. Blue-jackets and marines from the ships will act as a guard of honor around the speakers' stands.

In addition to the naval forces, the First City Troop and the entire brigade of the Pennsylvania State Militia will be present at Independence Square. The local agent for the United States military organization will escort the Liberty Bells to West Philadelphia Station, where it is to start upon its trip across the country.

CITY TREASURER M'COACH SIGNS CHECK FOR \$2,289,033.02

Pays Six Months' Interest on Philadelphia Debts.

A check for \$2,289,033.02, representing six months' interest on Philadelphia's municipal debt, due July 1, was forwarded today by City Treasurer McCooch to the Farmers and Mechanics' National Bank, fiscal agent for the city. Sinking fund investment paid \$2,178,008.64 of the total amount and councils by direct appropriation paid \$1,117,024.38. The sinking fund commission, in the distribution of the money, will receive \$395,629.50, or interest on loans held by them, and the fire insurance fund will receive \$4,183.25, a total of \$403,812.75. The commissioners of the sinking fund will also receive \$4400 representing an amount of unpaid loan moneys due December 31, 1913, and \$578.08 for unpaid interest due at that time.

The board of education paid the City Treasurer today \$129,806.12 for interest and sinking fund charges, due July 1, on school loans created prior to the establishment of the school code in 1911. The City Treasurer also paid to the sinking fund commissioners \$1,635,533.25, representing the second quarterly appropriation made by councils for payment of interest and sinking fund charges.

VOCAL MUSIC AT WILLOW GROVE

Strawbridge & Clothier Chorus Entertains With Fine Program.

Many hundreds of visitors at Willow Grove were pleased by the annual musical production of the Strawbridge & Clothier Chorus, this afternoon. The program will be continued tonight. More than 150 men and women, all of them employed in the department store, participated in the entertainment. The Victor Herbert Orchestra accompanied the singers in each of the numbers. The afternoon program was begun at 4:30 o'clock by a rendition of A. Goring Thomas' "The Swan and the Skylark." The most elaborate feature of the evening's entertainment was the presentation of Gounod's "Faust."

The soloists were Frank M. Conly, bass; May Evert Hots, soprano; Clara Yocum Joyce, contralto; and Henry Gurny, tenor. All are professional singers, and unlike the members of the chorus, have no connection with the store. The business phases of the activities of the chorus are managed by Walter P. Lewis.

Every Good Feature Plus RED Rubber

Empire RED Tires have every good manufacturing superiority besides the great big advantage of RED Rubber. Empire REDS don't weaken through disintegration; friction and blowouts don't have any luck with them. Only long, hard wear can put an Empire down.

PUTS CURE OF SALOON EVILS UP TO JUDGES

Director Porter Says License Court Could Better Conditions "With Stroke of Pen."

Saloon evils can be obviated by the License Court if the Judges will take advantage of the present opportunity to work with the retail liquor dealers in regulating the business, according to Director Porter. In discussing the subject today the Director told of the failure of one of the license Judges to take the word of a policeman on the witness stand. He did not criticize the present License Court, but declared that with one stroke of the pen Judges Staaks and Patterson could wipe out many evils. The Director has decided not to hold a conference with representatives of the local Retail Liquor Dealers' Association as planned. In making this announcement Director Porter said:

"Under the laws of Pennsylvania, matters pertaining to liquor licenses are placed in control of the courts. In some of the 'up-State' counties the evils which I understand the retail liquor dealers are endeavoring to obviate have been for some time satisfactorily handled and adjusted by the courts, where they have made rules relative to the hours of closing cabaret shows, free lunch, size of 'growlers,' Christmas presents and back rooms."

"With the stroke of the pen, many of these evils could be at once wiped out, and especially at this time when there is apparently a desire on the part of the retail liquor dealers to meet public sentiment and discontinue objectionable features."

PORTER FINDS \$390 ROLL

Station Employee, Who is an Honest Man, Returns It to Owner.

Thomas Blake, porter in Broad Street Station, is an honest man. More than a dozen clockers who passed through the station and took a kick at a seemingly dirty roll of paper lack the power of observation. Blake's duty is to see that the train shed is kept clean. When he saw the roll of paper being kicked about he picked it up to throw in the waste. A second glance sent him hurrying to the station manager's office. The battered roll contained \$390 which had been lost by a member of the family of a Lansdowne physician. Blake received a reward.
