

AUSTRIA ACCEPTS DUMBA RECALL IN FRIENDLY SPIRIT

Foreign Office Official Indicates Incident Regarded as Personal

FENFIELD GETS PRAISE

By CARL W. ACKERMAN

VIENNA, Sept. 15 (by courier to Berlin), Sept. 14.—Austria has not interfered and will not interfere with internal affairs in America. We are too busy with European affairs to bother with strikes in the United States. But whatever our inquiry shows we shall consider the request for Ambassador Dumba's recall purely personal. It cannot disturb friendly relations between the two countries.

This statement was made today by a Foreign Office official, one of those who determine the policies of the dual monarchy. He said he would be glad if the statement went to America as an explanation of Austria's attitude.

Whether a successor will be named at Washington and how such an appointment may be made has not been determined. The Foreign Office apparently has not yet recovered from the first feeling of surprise. Dumba was regarded here, and officials believed, that he stood extremely well at Washington.

"We are awaiting Ambassador Dumba's report," continued the Foreign Office official. "Until we hear from him we shall take no steps. Before judging the case we must hear from our own representative. We hope and firmly believe that the whole situation will be adjusted without the least interference with the cordial relations now existing between the two countries."

In view of his statement that the request for the recall of Dumba was "purely personal," the official was asked if the question involved did not also concern the attitude of the Austrian Government toward the instigating of strikes in America.

"We have too much to think about on this side of the ocean without undertaking to direct affairs on the other side," was the emphatic reply.

"Just now we are awaiting a report from Ambassador Dumba," he continued. "There is no quick way of communication excepting the limited use of the wireless to Berlin. It is possible we may be forced to await a report by mail. The one thing that need be said, however, is that your Ambassador Fenfield discharged a delicate duty with the greatest tact."

The Foreign Office official, in praising Ambassador Fenfield for having discharged a delicate duty with the "greatest tact" clearly indicated that the note requesting Dumba's recall has been delivered. Fenfield himself refused to make any statement today about the note's arrival or delivery. He said he acted only as a messenger for the State Department in this instance and believed it proper for any statement to come from the Foreign Office.

Sent to Jail for Attacking Girl

Blaming guilty to charges of having attacked 10-year-old Jennie Richard, of 7th street above Susquehanna avenue, Harry Greiss, 28 years of age, was sentenced by Judge Staples in Quarter Sessions Court today to an indefinite term of two years to three years in the Eastern Penitentiary. Charles Ziegler, 20 years old, of Susquehanna avenue near 9th street, who was accused of being implicated in the attack on the child, was placed on trial, but the jury, after several hours consideration of his case, was unable to arrive at a decision. Ziegler was ordered to renew his bail and will be called upon to again face another jury at a later date.

The temperatures are from two degrees to four degrees lower this morning in Pennsylvania, the lower Lake region and the Ohio valley, while a marked rise is reported from the upper Mississippi valley and the northern plains States. ARRAS AGAIN SHELLED BY GERMAN ARTILLERY

France Decides to Call All 18-Year-Old Youths to Colors

PARIS, Sept. 16.

Bombardment of Arras was resumed by the Germans last night, according to today's official communiqué. This resulted in a violent artillery duel, the French guns raining shells in reply upon the German batteries and trenches.

Artillery engagements occurred along practically the entire front during the night, but no infantry conflict occurred.

The text of the communiqué follows: "There were combats with grenades at the Sap-Heads in the sector of Neuville last night.

"A bombardment of the outworks of Arras drew a vigorous response from our artillery against the batteries and trenches of the enemy.

"A conflict with mines occurred in the region of Frise, near the Somme.

"During the entire night there was a cannonade against Roye and Laasigny, where our shells started some fires.

"In the region of Berry-Au-Bac in Champagne, near St. Hilaire and Auberville, in the northern section of the Woivre region, and Vouce at Dan-de-Sapt, the night was likewise marked by rather sharp artillery engagements."

The Government today introduced a bill calling to the colors the class of 1911, the date to be fixed by the Minister of War. The bill also provides that the Class of 1888 hold themselves in readiness for service at the disposition of the War Minister until the end of the war.

The bill, which probably will be passed at once without debate, brings to the colors French youths of 18 years, and orders men of 47 years, who are still fit for service, to hold themselves in readiness.

About 200,000 French boys, many of them now in school, may be ordered to training camps to prepare for the trenches under the provisions of the act.

1000 LOSE PRIMARY VOTE

Petitioners Will Not Be Heard Until After Next Tuesday

The decision of the Board of Registration Commissioners not to place any names on the registry books by petition before the primary election, next Tuesday, will disfranchise approximately 1000 Philadelphians at that time. Among them will be Thomas Raeburn White, counsel for the commission.

Opportunity will be given those men who were out of the city on the three regular registration days to have their names placed on the registry books before the general election, but they will be unable to participate in the primary election. The short period intervening between the final registration day and the primary election, it was explained, was the reason for the decision of the commission.

Kane denied the charge that he was intoxicated and declared that Sticker had assaulted him. He said that when the lieutenant arrested him after the altercation on September 7 he was held by Magistrate Emely under \$300 bail, but to prove that he was not intoxicated he showed that he was permitted to return to his home without even signing the bail bond. CHICAGO PACKERS LOSE IN BRITISH PRIZE COURT

Cargoes of Meat Shipped in Neutral Vessels Confiscated. Meant for Germany

LONDON, Sept. 15.

Chicago packers were defeated in the British prize court today when that tribunal handed down a decision, confiscating to the Crown large American cargoes taken from neutral ships. The prize court held that these cargoes were ultimately destined for Germany, to be used by that country for her army and navy.

The firms whose contentions were overruled by the court were Armour & Co., the Hammond Packing Company, Swift & Co., Nelson Morris & Co., and the Schwarzschild-Sulzberger Company.

A few minor claims were allowed by the court. One of these was won by the Cudahy Packing Company. At the conclusion of its decision the court granted leave to appeal, provided \$25,000 security was posted for the costs of further proceedings.

American meat cargoes affected by today's decision were valued at \$18,000,000. The shipments were consigned through Denmark. In fixing security for the costs President Evans held that it should be divided among the appellants. Counsel for the Crown was also given the right to appeal in the matter of claims allowed. In all 16 claims were disallowed. Eight were allowed.

WASHINGTON, Sept. 16.—That the Chicago packers will appeal from the decision of the British Prize Court, whereby cargoes of meat stuffs were confiscated by the Crown, was the general opinion here this afternoon. Officials of the State Department declared that the cases so far have been handled directly between the packers and trade agents of the British Government. The State Department has been consulted regarding the cases by attorneys of the packers.

No other changes were reported.
