### WHY ENVY Beautiful Wavy Hair?

Mr. Edmond has invented a machine that will permanently wave ladies' hair, eliminating all the dangers and inconvenience of other slower old-fashioned methods which pull and hurt.

**No Steaming—No Baking**

We simply boil the hair; permanently waving it within 3/4 inch of the scalp without any uncomfortable heat. No injurious chemicals used, thereby insuring beautiful hair without the danger of it becoming brittle.

**Our Guarantee**

Our method actually waves the hair, not merely kinks or crimps it. Therefore we guarantee absolute satisfaction. Write, call or phone and investigate.
