Appeal for Sacrifice to Aid Red Cross Work

Where will Philadelphia stand in this nation-wide effort to send the Red Cross with our valiant boys across the sea—to battlefields and trenches—to ease their pain, to bind their wounds and bring them home again?

These splendid youth are freely giving their greatest gift of all—THEIR LIVES—in this righteous war for Liberty.

We must GIVE, GIVE, and THEN GIVE, lest it be said, to our undying shame, that Philadelphia allowed her sons to suffer needless torture, because we wouldn't put up our money against their blood. SACRIFICE SOMETHING!

E. T. STOTESBURY, Philadelphia Chairman Red Cross War Fund.

RED CROSS FUND ABOVE \$2,000,000

Day's Contributions Largest Yet, but Not Up to Expectation

CAMPAIGN NEAR END. Redoubled Efforts Will Be Made to Protect Philadelphia's Reputation

Philadelphia's allotment \$3,000,000. Subscriptions recorded 2,053,829. Campaign closes Monday night.

Philadelphia's Red Cross campaign topped the two-million mark this afternoon. The total, which represents a trifle more than two-thirds of the city's \$3,000,000 allotment in the nation-wide \$100,000,000 campaign, as announced by E. T. Stotesbury at a luncheon in the Ritz-Carlton, is \$2,053,829.

This figure, which puts Philadelphia a little higher on the roll of honor than second-class cities, was reached when the teams reported a total of \$498,829 for the day.

It was the biggest day from the viewpoint of subscription totals of any since the campaign was launched, but failed to satisfy the official solicitors.

Solicitors feel that Philadelphia's contribution to the Red Cross is not representative of the city's real spirit.

That this is due to the indifference of many wealthy citizens is the opinion shared by a majority of the solicitors.

W. W. Adair, campaign manager, made no attempt to gloss over the status of the city concerning the Red Cross campaign, which has been so successful in other sections of the country, and made it plain that if the city's face is to be saved hundreds of givers must double their subscriptions.

Herbert L. Clark, captain of team No. 7, furnished a big surprise by reporting a total of \$61,896, which served to push John H. Mason, president of the Commercial Trust Company and captain of team No. 3, out of first place. Mason reported \$49,802 and succeeded in taking second place. He was crowded for that position by Thomas S. Gates, captain of team No. 11, who came along with \$45,597.

E. T. Stotesbury, as chairman of the campaign committee, announced that subscriptions received by the executive committee totaled \$67,606, and represented all classes of people.

TRIBUTE TO SMALL CONTRIBUTORS. Ellis A. Gimbel, when reporting that \$11,727 had been obtained during the past twenty-four hours, paid a tribute to small contributors.

Employees in the Gimbel stores have raised subscription funds to purchase and equip four ambulances for field service in France. Employees of Lit Brothers' store have raised \$10,000.

During the luncheon John Wanamaker made a stirring appeal for action and urged the solicitors to redouble their efforts in order to insure the success of the campaign.

Reports of campaign teams as submitted by captains are as follows: William B. Nicholson, \$24,000; Ernest P. Frick, \$12,773; William A. Law, \$10,734; J. Stoddard Stokes, \$8,327; Albert Thompson, \$8,387.

Reports from committees outside the city disclosed that they have contributed \$124,152.25. The Main Line division has rolled up an additional total of \$198,275.

Among the banner towns of the district and the amounts they have subscribed are the following: Ogontz, \$7800; Ambler, \$18,000; Chester, \$12,000; Lansdowne, \$4500; West Chester, \$6000; Bala-Cynwyd, \$7800; Newtown, \$5710; Pottstown, \$25,000; Media, \$1000; Whitetown, \$1021; Doylestown, \$1000.

A. Paul Keith and E. F. Aifon have contributed \$10,000 for the B. F. Keith circuit vaudeville theatre. The donation is made in one sum because of the different interests in the various towns in which the Keith houses are situated, and it was thought best to contribute in this way rather than through each individual city.

GOVERNOR SIGNS EIGHT BILLS; VETOES 8 OTHERS

Snyder Cold Storage Measure Fails to Become Law—Guard Reserve Approved

HARRISBURG, June 23. Governor Brumbaugh today vetoed the Snyder cold storage bill and signed the Senate bill providing for the reserve militia of Pennsylvania to be formed when the National Guard of the State enters the national service July 15.

The Governor also signed the bill authorizing Philadelphia to sue the Commonwealth for its claims for primary election expenses and six other bills, including that facilitating the erection of "spite fences" in Philadelphia. He vetoed in all eight bills.

In vetoing the Snyder bill the Governor says he received many letters concerning the bill, but that this is no time to make changes in food regulations, and that there is a possibility of the extension of time of storage workings to the detriment of the public.

"Classifications of foods into fresh cold storage and foods stored indefinitely would cause confusion, while the removal of report requirements would operate against public interests," the Governor says.

The bill was passed after a hard fight in the Legislature. The National Guard bill, approved by the Governor, provides for one squadron of cavalry and three regiments of infantry to be located by the adjutant general where there are State armories, to serve only until the return of the regular militia—unless otherwise ordered.

The "spite-fence" bill provides that no fence higher than four feet may be erected in the residential and suburban section of the city. "Fences erected with malicious intent must be removed."

The Governor signed other bills as follows: Repealing law relative to opening of streets in Doylestown and further procedure under the borough code.

Authorizing insurance companies to issue stock above par.

Authorizing the State Historical Commission to take charge of antiquities and relics committed to its custody, to publish reports and to employ a secretary.

Appropriating \$7262.57 for equipment necessitated by increase in State police force.

Providing for publication of Attorney General's opinions.

Among the bills vetoed by the Governor were: Increasing salaries of prison wardens by \$500 in counties having between 150,000 and 250,000 population.

There is no evidence of need of the increase," the Governor says.

Increasing the salaries of five attaches in the Department of Public Instruction. "It would not be just to allow increases in one department and not in another," says the Governor.

Increasing salaries of State highway superintendents and other employees of the Highway Department. The Governor says there is no dearth of applicants for places and that the cost of operating the department ought not to be increased.

Inasmuch as it is impossible with the money given by the Assembly to pay all the increases approved by the Assembly, it is his imperative duty to deny them," the Governor says.

Amending borough code providing for appeals from auditors and controllers on the ground that the code should have full and free trial before being amended.

Increasing fees of clerks of quarter sessions courts, for the reason that the increases, in some cases 100 per cent, are not justified.

Emergency appropriation of \$25,000 to State College, vetoed because the general appropriations will soon be available.

Amending the corporation law of 1881, vetoed for the reason that the amendments are of doubtful wisdom.

"The urgent need of revenue for the necessary business of this Commonwealth has not met with the response in the Assembly that its importance demands," the Governor explains, and he vetoes it on the ground that it would tend to reduce revenues.

EGG HOLDINGS INCREASE IN BIG STORAGE PLANTS

311 Firms Report 1,215,007 More Cases Between June 1 and 15

Large increases in the egg holdings of cold storage houses throughout the United States are reported today by the United States Department of Agriculture at Washington, via the Philadelphia office.

There were 5,732,225 cases in 338 storage houses on June 15. Total holdings reported by 284 storage houses were 5,229,885 cases as compared with 2,151,421 cases June 16, 1916, an increase of 1.7 per cent.

The reports of 311 firms show that their holdings increased 1,215,007 cases during the period from June 1 to June 15 as compared with the increase reported by 219 firms of 613,482 cases during the same period last year.

The semi-monthly report on the cold storage holdings of creamery butter shows 25,657,122 pounds in 284 storage houses on June 15. The total holdings reported by 214 storage houses was 21,181,763 pounds as compared with 25,611,290 pounds June 15, 1916, a decrease of 17.3 per cent.

The reports of 254 firms show that their holdings increased 14,921,198 pounds during the period from June 1 to June 15 as compared with the increase reported by 167 firms of 15,345,981 pounds during the same period last year.

Leg Severed by Locomotive. The right leg of John Nelson, forty-nine years old, an employee of the P&E Farm, was severed when struck by a shifting engine today. Nelson was crossing the tracks of the Riedwood branch of the Reading Railroad at Peltz's Crossing.

He did not see the approaching locomotive until too late to avoid it. First aid was administered by the locomotive crew. He was taken to St. Timothy's Hospital in the patrol of the Manayunk police station. His condition is serious.

"My Boy!"

"Where is he? Is he hurt? Is he suffering? Who is there to comfort him? Can I help?"

Yes, we all can help, with our pennies and our dollars and our thousands of dollars—help to equip the Red Cross for its tremendous undertaking to provide a mother's care for every sick and wounded son in our armies.

But we must be quick! Our troops are already in France. Hundreds of thousands are to follow, and the battle will soon demand its toll.

The War Fund of the Red Cross must be completed by Monday night. You will give, but how much? Be generous! Be fair to our sons and brothers who will fight our fight for us! Help save them from needless suffering, from needless loss of limb and health and life!

Your Answer? Red Cross subscriptions are payable in full now, if you prefer, or in four instalments—July 1st, August 1st, September 1st and October 1st. Liberty Bonds (or bank receipts therefor) accepted at their face value. Send your subscription to any bank or trust company, or to E. T. Stotesbury, Philadelphia Chairman, American Red Cross War Finance Committee, Fifth and Chestnut Streets, Philadelphia.
