

YOUNG GOLFERS WILL HAVE MAGNIFICENT OPPORTUNITY TO WIN TOURNAMENT HONORS

YOUNG GOLFERS HAVE EXCELLENT CHANCE TO CAPTURE HONORS IN AMATEUR CHAMPIONSHIP TOURNEY

Lack of Title Tends to Decrease Interest Among Old Guard Aspirants—Program Yet Uncertain as to Awards and Prizes

THERE is every indication that the field in the amateur golf championship of Philadelphia, the qualifying round of which begins today at White Marsh, will be one of the best in the history of the tourney.

There are those on the committee who believe that the only sensible solution is one of two things, either go the whole way, award the title and all the cups and medals that go with an amateur championship of the city or else call off the event entirely.

GOOD SUB FOR LUDY Jack Adams, Bill Killefer's first choice understudy and great pinch hitter, entered a new role yesterday—and was successful. He covered up for Captain Fred in the second game and fielded well.

WHAT MAY HAPPEN IN BASEBALL TODAY

KILBANE AND LEONARD TO MEET LAST WEEK OF JULY IN OPEN-AIR BOUT HERE AT SHIBE BALL PARK

Dick Curley Gets Billy Gibson's Consent for the Lightweight Champ to Box Feather King; Jim Dougherty and John Shibe Promoters

JOHNNY KILBANE, featherweight champion of the world, and Benny Leonard, lightweight champion of the universe, will settle a long-standing argument right here in Philadelphia the latter part of next month.

By LOUIS H. JAFFE might it be held. Even Jess Willard couldn't draw the gate, that these battles will draw, so it can be seen that the promoters are in no danger of mounting the old boomtown or suffering severe pains in the bankroll.

This news was brought to Philadelphia last night by Ricardo Curley, the notedistic impresario of Greater New York City, who has been on Leonard's trail since the night Welsh was deprived of the title, and after offering all sorts of inducements, finally obtained Gibson's consent for the match.

Purse Not Announced Curley would not announce the purse which will be handed to the two champions, but it is believed to be either \$15,000 or \$20,000. This is the largest amount of money ever handed out for a six-round bout in the history of boxing, but the importance of the match warrants it.

Shibe Takes the Floor John Shibe was waiting for full details when called on the phone last night. "I have heard that Leonard had signed," he said, "but I don't know the full details."

Carpentier Will Be Here Soon, Says Klegin, Promoter

According to R. C. Klegin, an English promoter, who arrived at an American port from England yesterday, George Carpentier, the heavyweight boxing champion of Europe, is coming to this country to give exhibitions in the interest of recruiting for the flying corps in France and will arrive here in a little over two weeks.

The plan is to have Carpentier go on a sparring tour of the large cities of the United States and besides demonstrating his skill with the gloves will show a quantity of war films which he will bring with him. He will not engage in any regular bout, but hopes to be able to gain many recruits for flying in France, and does not care whether they are trained for the French or American forces as long as they battle for the Allies.

Shibe Takes the Floor John Shibe was waiting for full details when called on the phone last night. "I have heard that Leonard had signed," he said, "but I don't know the full details."

HEAD OF LEAGUE TO RESIGN PLACE

President Franklin of Montgomery County to Serve in Radio Corps

AIRING UMPIRE ASSAULT

Cadwalader Franklin is to resign the presidency of the Montgomery County baseball league, and will ask to be relieved of his duties at a meeting to be held in Jenkintown on Friday evening, "Caddy," as he is known, has enlisted at the Mayor's office and has joined the radio corps. He is at present undergoing a course of instruction in the wireless division.

This was Franklin's first season as head of the Montgomery County League, and he succeeded Robert W. Maxwell, who resigned owing to pressure of business. The league has always been fortunate in having some one of prominence to conduct its affairs and it is hoped a competent successor will be secured.

Franklin is one of the best-known figures in minor league baseball in three States and was actively identified with all industrial sports, being president and organizer of the Industrial Baseball League since its organization. He is twenty-four years old, a graduate of Central High School, and gained fame at that institution as a star baseball pitcher.

But while the number of men who have in other years won the championship or who have been finalists will be absent, nearly all of the younger crowd will be at White Marsh today. So there is every indication that the next champion, or whatever you may call him, will be one of the younger group of golfers who have come into the limelight so prominently in the last year or so.

Mrs. Vanderbeck's Exceptional Case It is not every one who can win a local championship, and the case of Mrs. Clarence H. Vanderbeck, the second year ago, after the qualifying round, the match play rounds were so arranged that only one was played each day. In this way golf did not interfere too much with business, but of recent years the effort has been to have the whole affair decided in as short a time as possible.

SHOOTER MARTIN HIGH GUN; IS IN ACCIDENT Good Scores and Big Field of Marksmen Features of Harrisburg Shoot

HARRISBURG, June 27.—Former President of the Harrisburg Sportsmen's Association John G. Martin was high scorer yesterday in the opening program of a two days' registered target tournament. He broke 100 out of 150.

Tourneys on Medal-Play Basis Every club in the Philadelphia district has accepted the suggestion of the United States Golf Association and will hold a Liberty Day tournament on the River in July. In no case will a smaller entry fee than \$1 be accepted, and the players may give as much more as they please.

IN THE SPOTLIGHT—George Whitted. His two three-baggers in the second game were prominent in putting the boys in a groove in great shape. He batted 300 for the day, as did also Crutcher.

Jack Adams played a dandy game at first base yesterday in the second game. He acted like a veteran and fielded the position in great style. Pat Moran was impressed, and the catcher probably will be used at the first station quite often in the future.

The ball players put in a hard day, but the real work was done by Harry Emanuel, the only telegraph operator in the press stand. He did the work of three men and was all in at the finish. The telegraph system at the ballpark is a fine one, and the boys are extremely lucky if they get any kind of service, and it isn't the operator's fault, either.

The Giants held many conferences on the field yesterday. After each play it seemed as if Herzog would call his men together and discuss the situation. As a result, the games were long-drawn-out affairs.

The A's are no pikers. They dropped the tidy sum of five games in three days.

Stuffy Melons continued to run up his swell hitting average with four singles.

It seems strange indeed when Alex is the only Moran twirler who can't figure in a win against the Giants.

To Cobb has not failed to hit safely in a game this month. He started his great hitting rally, which stands twenty-two straight games, on May 31.

Boner for the day. Cruise of the Cards. He hit a home run in the fifth inning but failed to score, which ran the game ahead ten more innings.

The Dodgers are a reciprocal bunch. After winning a double header they turned right around and processed the Braves with one.

Hans Wagner is not quite as good as he used to be. He got out three times out of four tries to the plate yesterday.

Walter Johnson did not pitch against Boston so he decided to win the game with a hit.

Run homes in Tuesday's games—Fletcher, Chas. Strunk, Wilbert Olson, J. Kelly, Sloan and Bellman.
