CZECH ARMY TAKES WEST SIBERIAN TOWN

Vorkhendinsk, Important Railway Point, Captured in Advance Eastward

By the United Press

London, Aug. 28. Czech-Slovak forces, continuing their eastward progress in Western Siberia, have captured Vorkhendinsk, about sixty miles east of Lake Balkal, one of the most important points on the Trans-Siberian Railway, it was reported here today.

In Eastern Siberia, fighting continues between the Bolsheviks and the Czech-Slovaks, who have been reinforced by Japanese.

By the Associated Press

Amsterdam, Aug. 28. While a Moscow dispatch to the Rhenish Westphalian Gazette, of Essen, states that the Entente diplomatic representatives there have been liberated, latest advices from the Bolshevik capital, under date of August 26, deny that the American and British diplomats there were ever arrested. The dispatch to the Rhenish Westphalian Gazette, however, indicates that the Allied military missions at Moscow are still in custody.

Dewitt C. Poole, Jr., the acting American consul general at Moscow, says that the Central executive committee of the Soviets, according to the Pravda has decreed the abolition in towns of more than 10,000 inhabitants of all private and real property.

Vladimir Bourtesoff, the Russian revolutionist, says he has received advices from Russia that General Korniloff, who often has been reported deserting, is living according to dispatches appearing in the Paris Temps.

That's in Philadelphia; Less in Washington and Baltimore

By the United Press

Washington, Aug. 28.—A table, compiled by the Bureau of Labor, shows that the purchasing power of one dollar in 1918, as compared with July, 1913, five years previous, had shrunk to fifty-four cents in Washington, and fifty-one cents in Baltimore; in Philadelphia, fifty-nine cents in New York and Chicago, and sixty-three cents in San Francisco. During the five intervening years the cost of food increased 55 per cent in Washington; 54 per cent in Baltimore; 77 per cent in Philadelphia; 68 per cent in New York; 69 per cent in Chicago and 58 per cent in San Francisco.

Comparative figures also show that the price of food has increased materially in a month. In June, 1918, the same food that could be bought for ninety-eight cents in Washington cost 81 cents in Philadelphia, 84 cents in New York, 85 cents in Chicago and 86 cents in San Francisco.

The prospects for this organization are very favorable, for it is clear that the greater Croation movement is daily being reduced in strength by that of the pro-Entente Jugo-Slavs. In the south, therefore, we shall soon have familiar conditions to those prevailing in the Czech regions.

The Laibach gathering was promoted according to a common plan and something like a general mobilization of Slavdom is contemplated. It is impossible to avoid the belief that the opening of hostilities will not be long delayed. Of precaution by those against whom all this is directed one hears nothing.

By the Associated Press

Amsterdam, Aug. 28.—A dispatch to the West Zaitung, of Bremen, from Vienna reports that something like a general mobilization is proceeding in the Polish, Czech and South Slav districts, and expresses the fear that hostilities may commence shortly with the connivance of the Entente Powers.

The Least of Any Nation

Americans are the lightest cocoa drinkers of any civilized people. We average only one cup apiece every fortnight. As a matter of fact only 15 per cent of us ever drink cocoa, but it is gaining fast in popularity. It would gain far faster through more advertising. And perhaps this also applies to the article that you manufacture.
