You Can Tell What the Worker Must Have Been

by the work he has done. A great house of business with its furniture, pictures, lights, music and beauty certainly could not get together without some master hand. No house made itself.

The Patent Office at Washington, among all of its thousands of thousands of patents, cannot show a model of a self-lighting tallow candle. Were the star works above our heads, at work through all the centuries, to wear out or lose a little screw, Edison, the master mechanic and inventor, could not replace it. But the incandescent comfort lights of our homes are Edison transfigured. The telegraph message from your son or lover, traveling along a bunch of protected wire at the bottom of the sea amid its deep dark rocks, is Cyrus W. Field transfigured.

Dr. William Pepper, in his short, over-worked lifetime, planted

—the Commercial Museum

—the Free Libraries

—the University of Pennsylvania Museum

and the Provost, Charles Custis Harrison, became its benefactor and president, and he and Eckley B. Coxe gave their lives to its enlargement, development and support, thereby placing it on stable foundations, that it might rank, as it does now, with the Metropolitan Museum of New York.

The Wisdom higher than that of earth hath spoken, that, by the fruits of man's life shall he be known. A man can be read like a book—sure and surely—if he does nothing, there is nothing to his account.

It May Seem Strange to Reduce Women's Leather Coats

Seeing that leather is rising in price and therefore such coats as these will most surely cost more in the Fall.

But there are only a few left and so we have further lowered the markings to \$25 and \$30.

Two styles, both in black and tan leather with suede lining. One, the shorter model, is particularly adapted to women who drive a car. It is now \$25. The other, a three-quarter length, may be used for a motoring coat or a raincoat. The price is \$30.

(First Floor, Central)

Wool Jersey Suits for Older Girls

For Summer wear wool jersey suits are most practical, for they look well, do not tumble or rumple readily, are becoming and comfortable.

Wool jersey suits in simple sports styles or trimmed with brushed wool, or embroidered, come in rose, blue, Pekin, oxford, tan and heather mixtures.

\$30 to \$42.50—14 to 20 year sizes.

(Second Floor, Chestnut)

New Plaid Sports Skirts for Young Women—

They're immensely popular to wear with sweaters and sports jackets.

These new skirts are made in full-pleated styles, with wide girdles and button-trimmed pockets. Of new, soft wools, they are in stunning colors and combinations—black and white, blue and tan, heliotrope and brown, burgundy and tan, and other combinations.

\$25—\$34 to 38 inch lengths.

(Second Floor, Chestnut)

100 Beautiful Dress Skirts Reduced to \$22.50 Each

Earlier than customary for such skirts to be lowered in price, but we have never before had such a fine assortment and we never before sold so many.

This leaves many odd skirts and some of which we have only one and two of a kind, and consequently incomplete sizes and colors.

There are the daintiest of Georgette crepes, plain, trimmed and embroidered; crepes de chine, novelty fabrics and about half the number are snakeskins, plain, striped and plaid.

They are all quite fresh, some being very new, and there should be no difficulty in finding blouses to match or to harmonize.

(First Floor, Central)

Philippine Hand Embroidered Blouses and They Are Lovely

It hasn't taken any time to find it out, either, because women buy them as soon as they see them.

The material is a sheer batiste and every bit of the embroidery and tiny scalloping is handwork. There are five new styles at \$6, \$7.50 and \$8.50—all of them even made by hand and tucked in the daintiest of pin tucks.

Another style at \$12.50 has more hand embroidery and, in addition, some exquisite hand-drawn-work motives.

(Third Floor, Central)

Pink-and-White for Women's Gowns

NEVER was there such a season for pink-or-flesh-color and white—possibly because women simply can't find anything more becoming. You see pink and white in the country, in the city; at seashore and mountains; at lawn fetes and at home; by day and by evening.

And pink and white are in the Fashion

(First Floor, Central)

Salons by scores—tricolettes, Georgette crepes, organdies, voiles, crepes de chine, chiffons, charmeuses. Some of these are for morning and are correspondingly severe; others are for evening and are low necked and beaded; others again are in-between affairs, like a lovely thing of organdie, with creamy eyelet work.

Prices are \$35 to \$185.

New Sports and Garden Hats Cool and Lovely

Some are of taffeta, some of moire silk, some of fine embroideries and others are of straw, but they are in the loveliest colors—orchid and rose shades, blue, green and white, of course.

They are simply trimmed, as you'd expect. The garden hats have floppy brims and the styles are quite delightful.

Quite new—and prices start at \$15.

(Second Floor, Chestnut)

WOMEN'S NEW "PATTERN" PUMPS, WITH BABY-LOUIS HEELS

What shoemen term a pattern pump is a plain model with a short tongue designed to carry a buckle.

We have a new style that is unusually graceful and has low, or baby-Louis heels. These shoes are in dark tan calfskin and patent leather, and are particularly good shoes for tall women.

Price \$12.

(First Floor, Market)

SPECIALLY PRICED FRENCH DRESS TRIMMINGS FOR SUMMER GOWNS

They are separate ornaments and garnitures in effective shapes and sizes, and all in white and cream color usually—and very suitable to trim Summer gowns or sports hats.

Some are on net, some have cord, stitched braid and colored embroidery. There are white, cream color usually—and very 15c to \$1 each, which is most reasonable, indeed, for such pretty things.

(Main Floor, Central)

COOL BLACK CHINA SILK DRESSES FOR MAIDS

In conservative one-piece style, these dresses are very satisfactory for Summer wear.

They are of good, firm china silk, in lustrous black, with flat, snowy hemstitched collar of sheer organdie fastened down the front, and have straight belts.

Older women, who like simple styles and long sleeves, find these dresses very practical for Summer wear.

\$13.50.

(Third Floor, Central)

LARGE NIGHT-GOWNS AND PETTICOATS

The nightgowns are of cool nainsook and low necked as well as large, with trimmings of embroidery and lace. Several styles, \$1.75 to \$3.85.

The petticoats are of heavy cotton, with double panels and perfectly plain scallops. Price \$1.75.

(Third Floor, Central)
