

FAVORS REMOVAL OF PENN PLANT

Trustees to Consider Plan to Replace Heating Site With Auditorium.

NEW BUILDING TO BE LARGE

A plan to remove the heating plant of the University of Pennsylvania to a new location to give way to a great auditorium is now being considered by a special committee of the board of trustees.

Removal of the plant, which is located at the northwest corner of Spruce and Thirty-fourth streets, has been unofficially approved by several of the trustees.

The auditorium will seat at least 3500 and probably 4000 persons, according to the estimates of the committee, which has decided that the structure will be an auditorium only and will not provide any dining-room accommodations.

It will be in conformity with the architecture of other buildings on the University campus.

Settlement against the continuation of the light and heat plant at its present location is growing. Students and alumni alike are taking a lively interest in its replacement by the new auditorium.

Removal of the plant is recommended by the Pennsylvania Gazette in its latest issue, which suggests a location on the banks of the Schuylkill river below South street.

"No one will deny that the central light and heat station is an eyesore and also that it is a menace to the lines of the buildings and the life of campus vegetation."

Selection of the site is in the hands of the special committee, which consists of Provost Smith, John C. Bell and Charles L. Berie.

NORTHEAST PLANS BIG ARMISTICE DAY FETE

Post 388, American Legion, to Head Celebration—Parade and Banquet in Program

Post 388 of the American Legion will hold one of the largest celebrations of Armistice Day to be observed in any of the entire Philadelphia districts.

At 7 o'clock Tuesday evening a parade will be formed which will include the local branch of the P. O. S. of A., Red Cross, Boy and Girl Scouts, G. A. R., and Spanish-American War Veterans, led by members of the American Legion post.

The parade will start at Taylor road and Manchester street, and will march to the commemorative tablet in Feltown, where exercises will be held. From there they will proceed along Rittenberg boulevard to Fifth and Rittenberg streets, where the Lindley Table is located.

After further exercises there they will visit the Olney Tablet, in front of the Olney Bank building, where the parade will break up.

A banquet will be given all exercises men by the Olney Rifle Club at the clubhouse.

Prominent men will speak at the memorial table, and H. P. O. S. of A. and Police Bands will furnish music.

Dr. Herman J. Keyser, of the American Legion post, is in charge of the arrangements for the celebration.

Business Club Meets Tonight

The Business Science Club of Philadelphia will hold its November meeting tonight in the Hotel Rittenhouse.

Irving Fisher, professor of political economy of Yale, will discuss "Stability of the Dollar." Richard Spillane, business editor of the Public Ledger, will deliver an address on "Humanizing Business."

TAILORS HERE RIDICULE PALMER'S VIEW ON PRICES

Admit Cloth Is Lower, but Say Cost of Labor and Trimmings Force High Charges—See \$50 Maximum in Spring

Expressions of astonishment and resentment were made today by Philadelphia clothiers and tailors when they heard that Attorney General A. Mitchell Palmer's office had issued a call for the lowering of the price of winter clothing.

A dispatch from Washington said that Mr. Palmer's assistants, after making an investigation of the clothing trade, had decided that winter suits, overcoats and other garments should be lower now than at this time last year. This conclusion, it was explained, was reached because materials are lower than they were last year. In the statement from Washington was an intimation that an attack would be made upon profiteering in clothing.

Clothiers and tailors denied the correctness of the conclusions reached in Washington. They said that there was nothing approaching "profiteering" and that present high prices were forced by high cost of materials and labor, particularly labor.

Suggests Dercum See Palmer

When asked about the dispatch, Philip R. Muller, Jr., of Hughes & Muller, said: "If Mr. Palmer authorized such a statement, Doctor Dercum should be sent to Washington to examine him. The statement is ridiculous. It is such things as this that make trouble throughout the country."

"Instead of being lower, material, particularly trimmings, is much higher and the cost of labor has made a great jump."

"Add to this constantly recurring labor trouble demands for higher and still higher wages and you have the situation."

"It is not so simple a situation as Mr. Palmer's assistants seem to think. The cloth we are using was contracted for last February and March. We are now buying cloth for next summer."

"Prices are higher and the increase has been unobtainable."

Labor Causes High Prices

John C. Perry, of Perry & Co., said: "Mr. Palmer's investigation seems to have been very incomplete. It is true that there has been a recent decrease in the cost of cloth, but trimmings are much higher and labor has increased in cost from \$300 to \$400 per cent at the factory about \$100

DISGRACE TO BE "OLD MAID" 30 YEARS AGO, BUT NOT NOW

"Bachelor Maid" Idea Was as Delightful Discovery, Declares Mrs. Cornelius Stevenson, Retiring President of Acorn Club

Forming a club for social purposes was considered radical thirty years ago, says Mrs. Cornelius Stevenson, retiring president of the Acorn Club, who has held that office for twenty-five years.

Mrs. Stevenson is smiling as she tells the house committee for ten years, succeeded Mrs. Stevenson today.

"It was considered a dreadful thing for women to start to have a social club in 1889," says Mrs. Stevenson. "I wish I could remember the things the men used to say about it. My ideas were supposed to be very radical in those days, but I find the same ideas are considered conservative now."

"It was the 'blissful period' that gave the women movement the black eye, but fortunately that didn't last very long. You know, when the Acorn Club was first formed it was a disgrace to be an old maid and independent out unmarried women were always old maids until the delightful idea of the 'bachelor maid' was discovered."

"Acorn Club the Pioneer

"The Acorn Club was really the pioneer of social clubs for women in this country. It was formed in 1889 and we were the first to organize our club. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

"We were the first to have a social club in this city. We were the first to have a social club in this city. We were the first to have a social club in this city."

LEGION NURSE POST HERE BEGINS DRIVE

Effort Will Be Made to Increase Membership of Women's Organization in City

BODY NOW NUMBERS 138

In four weeks the nurses' post of the American Legion has increased in membership to 138, under the direction of Miss Catherine K. Woltemate, of the Frankford Hospital.

Miss Woltemate today announced an effort is now being organized for the purpose of enrolling in the post the majority of the 1000 nurses in Philadelphia and vicinity. It is proposed to make the post the largest in the state.

"There were only two things a woman could do in 1889, teach school and keep house, and she usually didn't know enough to teach school," says Mrs. Stevenson, who thinks development of women in the last thirty years has been a "wonderfully good thing," not only for women themselves, but for politics.

Men Need Handling, Too

"You know women used to faint at every little thing and were never considered capable of anything intellectual," she continued. "They are inclined to be a little fussy and you need a little tact sometimes to handle them, but you need tact to handle men, too. And it is a good thing to have women in politics. They pick the flaws, and that is very necessary."

Mrs. Stevenson is not willing to commit herself on the war work done by women. She believes the war unsettled them, but just how much it developed them she is not certain. She says she is willing to wait a few years to form her opinion after normal conditions shall have been more nearly normal.

When the nurses' post No. 412 has attained a large membership, Philadelphia will be the home of two of the strongest women's posts in the country. The younger post has a membership of 650, and leads the state as a post composed exclusively of women.

In an effort to obtain all available members for the nurses' post Miss Woltemate is now canvassing the city so the post may have a record of all persons eligible for membership. As soon as the lists have been compiled, a drive will be conducted to get new members. Meantime the work of the present legionnaires in this post will be directed toward enrolling as many as possible of the nurses connected with the various hospital units.

LEAVES \$150,000 TO FAMILY

Will of Charles H. Swan Was Probated Today

Wills probated today include those of Charles H. Swan, 1811 Chestnut street; \$150,000 to widow, Marian H., and son and daughter; Annie C. Woods, \$50,000 to relatives; Douglas H. Ritter, 919 West Erie avenue, \$12,543; Edmund Ziever, 4509 Springfield avenue, \$28,000 to relatives.

Inventories of personal property made today include that of Robert N. Bryson, \$25,055.90, along with the goods, will and fixtures of the Hotel Bryson; Hester Simpson, \$84,416.

It's "Judge" Leslie Now

It's now "Judge" Leslie, manager of the Casino Theatre, Walter M. Leslie, the manager, was elected justice of the peace at Mays Landing, N. J., his home, Tuesday. Mr. Leslie's election was a surprise to his friends in this city, most of whom never thought of identifying him with any political activities.

There are about 1000 nurses in Philadelphia who are eligible for membership in the legion," said Miss Woltemate, "and it is our hope that most of these will join our post."

"Of this number there are about 100 in each of the five hospital units which went across from this city—the United States, Pennsylvania, Methodist, Jefferson and Episcopal units."

"In addition, there are about 500 other nurses who saw service in France and who should be all means continuing their comradeship by becoming members of the American Legion."

When the nurses' post No. 412 has attained a large membership, Philadelphia will be the home of two of the strongest women's posts in the country. The younger post has a membership of 650, and leads the state as a post composed exclusively of women.

Granada, Spain, Nov. 7.—(By A. P.)—The railroad men at a meeting Wednesday decided to strike unless discharged men are reinstated by tomorrow.

That Film on Teeth See How They Look Without It

All Statements Approved by High Dental Authorities

Your teeth are not clean. You can feel a slimy film. Probably the film has dimmed them—some tartar may have formed.

Your present methods of brushing do not end film, and that is the teeth's great enemy. Now we ask you to try a new method—try it at our cost—and compare results.

Most tooth troubles are due to that film. It is film that discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. The film clings to the teeth, enters crevices and stays. Brushing does not end it. No ordinary tooth paste can dissolve it. Night and day it may do a ceaseless damage. And millions find, as a result, that ordinary brushing does not save the teeth.

Now dental science, after many years, has found a film combant. The facts have been proved by convincing clinical and laboratory tests. The method is today approved by leading dentists everywhere.

For home use this method is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes to all who ask, to let everyone see its effects.

The Pepsin Method

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Science has found a harmless method of activating pepsin. The usual method is an acid harmful to the teeth. So pepsin long seemed barred.

Now pepsin can be constantly applied—can be left to linger between the teeth. Now you can every day combat this film in a simple, dainty way.

Millions of teeth are being cleaned in this new way. You can see them everywhere—white, glistening teeth. Send this coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Learn what clean teeth mean—see how they look. Then decide for yourself between the old methods and the new. Cut out the coupon now.
