# PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

A FEW years ago, closed cars were heavy, clumsy and awkward. They were designed, admittedly, to protect against the elements—and they claimed nothing more. Today closed cars are as much in evidence during the summer months as in severe winter weather. They offer every summer comfort of open cars with even additional conveniences and luxury. The "6-42" Coupe is characteristic of the full line of Paige closed cars. Every line, every curve is expressive of dignity and refinement. There is a grace and charm that makes this Coupe absolutely distinctive—the embodiment of style and modern "smartness." Rumble and rattle are entirely eliminated by rubber bumpers on the doors and felt pads around the body, roof and windows. Comfortable low seats with just the proper tilt, insure maximum riding comfort. We are still able to make immediate delivery on this popular Coupe and a few other open and enclosed models.

Not Merely a New Name  
But a New Cigarette

THERE was room at the top for a new and better cigarette. And Spurs were made to fit in right there! Spur's decidedly new blend makes the Orient's choicest tobaccos and America's finest tobaccos yield more richness, aroma and mildness than you thought a cigarette could have. A new method of rolling (crimped, not pasted) makes Spur's good tobacco taste last longer. Spur is "class" all through—even to the smart "brown-and-silver" package, triple-wrapping, that keeps Spurs fresh and fragrant. If you're fed up with ordinary cigarettes, Spurs will give you a fresh start.
