

### NEW ULTIMATUM SENT TO HUNGARY

Little Entente Demands Possession of Charles and Pay for Its Mobilization

### INVASION AT ONCE, THREAT

By the Associated Press  
London, Oct. 27.—The Little Entente, composed of Rumania, Czechoslovakia and Yugoslavia has dispatched a note to Hungary demanding the surrender of former Emperor Charles, the demobilization of the Hungarian army and reparations sufficient to defray the expenses of the Little Entente's mobilization, according to a Vienna dispatch to the Central News Agency today.

Unless Hungary replies satisfactory within two days the Little Entente troops will enter Hungary, the dispatch said.

Paris, Oct. 27.—By A. P.—The Allied Council of Ambassadors today decided that former Emperor Charles of Austria-Hungary and ex-Empress Zita should be placed immediately upon a British battle cruiser in the Danube, pending another meeting of the council next Saturday, when a final decision regarding their disposition is to be made.

The ambassadors were unable to reach a final decision today because they were faced with the distinction of various countries to furnish asylum for the ex-emperors. It was said their final disposition was proving to be an awkward problem.

Mobilization preparations are proceeding everywhere in Czechoslovakia, both in the Czech and Slovak districts. Premier Benes told the Chamber of Deputies in connection with the Little Entente's ultimatum to Hungary today that the dispatches from Prague today to the Havas Agency.

The dispatch quoted the Czechoslovakian Premier as saying that the government would not refrain from the most energetic measures in carrying out the ultimatum, although all action would be kept within the terms of the peace treaties and within the agreement between the Little Entente and the allied Powers.

Berne, Switzerland, Oct. 27.—By A. P.—Baron Steiner, who was former Emperor Charles' household manager in Switzerland, today declared that the official statement of the ex-emperor which he was at Hertenstein always was very precarious.

He declared that Charles and his family lived from hand to mouth and were constantly dependent upon financial assistance from their friends and relatives. There was constant poverty and embarrassment, which he said was due largely to Charles' expensive household, including some fifty servants.

Many of his servants now have been ordered expelled from the household without means of subsistence. It is believed that the Hungarian position here will have to take over the support of the former monarch's seven children, who remain at Hertenstein, under the supervision of their aunt or grandmother, Baron Steiner was one of those who were expelled.

### BRIAND PREPARING TO LEAVE FOR U. S.

French Premier Finishing Selection of Delegation to Washington Conference

### By the Associated Press

Paris, Oct. 27.—Premier Briand, possessed of the leadership by the comfortable majority among members of his Cabinet by the Chamber of Deputies yesterday, spent the greater part of today in conference with his collaborators of the Foreign Office in finishing the selection of the French delegation to the Washington conference.

The only members of the delegation who had previously been definitely chosen are Maurice Castagne, French High Commissioner in the United States, Philippe Berthelot, general secretary of the Foreign Office, and Vice Admiral Dehon. Premier Briand awaited the result of his intervention in the Chamber before choosing the remainder of the delegation, which probably will be announced tomorrow.

The vote of confidence by the Chamber yesterday was regarded in official circles today as giving the Premier "carte blanche," not only as regards the make-up of the delegation, but as to its present as at the conference table. Premier Briand is understood to be giving great care to the selection of the aides and advisers of the delegation, as well as to leave room for a repetition of the criticisms made during the debate in the Chamber by his advisers.

The plan now is for the complete delegation to leave Paris on a special train for Havre Saturday morning at 11 o'clock.

### Vice Admiral Kato's Declaration En Route to U. S. Startles Tokio Military Circles

### WASHINGTON IS PLEASSED

By the Associated Press  
Aboard Steamship Kashima Maru, Oct. 26.—By radio.—Japan stands ready to cut down her navy if the Powers reach an understanding at the forthcoming conference at Washington on limitation of armaments and Far Eastern questions, according to Vice Admiral Tomosaburo Kato, member of the Japanese delegation to Washington, which is traveling to America aboard this ship.

Tokio, Oct. 25.—By A. P.—The statement concerning the Japanese warship construction program, which Vice Admiral Kato, a member of the Japanese delegation to the Washington conference, is reported to have made upon his arrival at San Francisco last week, has started Japanese naval authorities here, according to the Asahi Shimbun today.

Particularly surprising, says the newspaper, was the dispatch received here which quoted Admiral Kato as saying: "Japan's financial condition does not allow the government to expend an enormous amount for naval armaments. Consequently, the scope of the armaments of the Japanese Navy must be minimized, irrespective of the decision of the Washington conference."

Washington, Oct. 27.—By A. P.—Manifest satisfaction was expressed today at the State Department with such expressions in regard to the forthcoming conference in Washington on arms limitation and Pacific problems as have been made publicly by the Japanese officials already arrived to participate in the conference and by members of delegations en route to the United States or soon to leave Washington.

The expressions, it was said, showed a spirit of co-operation and desire to obtain substantial results that was regarded here as going far toward assisting in advance a large measure of success to the conference.

Officials recognized that what has been said was necessarily of a very general character and has not touched upon the specific solutions of the problems to be discussed which each of the delegations is expected to propose.

There was said to be clearly evident in the expressions, however, an understanding of the purposes of the United States and of its motives in convoking the conference.

It was also made clear today that there is no purpose on the part of the Washington Government to extend the scope of the discussion beyond what has been mapped out in the agenda. The purpose of the major conference is to clear the way for an agreement as to limitation of national armaments and it is intended to lay to the line of this purpose as closely as possible.

### BERLIN PROTESTS SILESIAN DECREE

Boundary Decision Injustice to German People, Says Chancellor Wirth

### WILL CARRY OUT MANDATE

### By the Associated Press

Berlin, Oct. 27.—The German Reichstag, having voted confidence in the new Cabinet, whose personnel was announced yesterday by Chancellor Wirth, has adjourned sessions until November 3.

Before adjourning, the Reichstag rejected by a vote of 213 to 152 a resolution presented by the German National and German People's Parties vigorously protesting against the recent decision of the Council of the League of Nations on the partition of Upper Silesia. During the course of his speech to the German legislators yesterday, Chancellor Wirth enumerated in detail Germany's loss in materials through the Upper Silesian decision, stating that the nation's economic strength "is so diminished that all estimates as to Germany's capabilities to fulfill the reparations demands must again be open to doubt."

In concluding his address the Chancellor summed up the Government's attitude, substantially as follows: "The Government regards the latest economic decree of the Entente as an injustice to the German people and an infringement upon the terms of the Treaty of Versailles, which is contradictory to the decision of the four great Powers and against which the German Government makes the most solemn protest known to international law as a shield of the oppressed."

Purly in order to avert the threat uttered in the decree and as far as possible to save the Germans of the Upper Silesian region from pending distress, the German Government finds itself obliged "in conformity with the Powers' decree to send delegates, provided for in the decree, without, however, altering its conception of what is right."

## Wilson's Opinion of Roosevelt:

"Yes, he's a great big boy. I was indeed charmed by his personality. There is a sweetness about him that is very compelling. You can't resist the man. I can easily understand why his followers are so fond of him."

—From Joseph P. Tumulty's "Woodrow Wilson as I Know Him," to be published serially in The New York Times, beginning Next Sunday.

Among the many controversies over Woodrow Wilson's public life, none has been argued more bitterly than the question, "Why weren't Colonel Roosevelt and General Wood permitted to go to France?" Mr. Tumulty tells the inside story for the first time. The President was inclined to let both men go overseas, but he would not override the General Staff or General Pershing.

Another subject of dispute has been the relationship of Mr. Wilson to his campaign manager, William F. McCombs.

The recently published book by the late Mr. McCombs was a bitter attack. Mr. Tumulty now tells what he knows about it. Nothing in American history and biography equal to the Tumulty story has appeared since Nicolay and Hay's Life of Lincoln.

For the exclusive newspaper rights to Mr. Tumulty's work in the Middle Atlantic States, The New York Times has paid the highest price ever paid for such a publication.

In the first instalment, next Sunday, will appear the chapter on Colonel Roosevelt and General Wood, and the chapter on Mr. McCombs.
