 No. 126—The Mysterious Penny.
 Twelve pennies are shown and given
 to some one to hold. Reaching beneath
 the table, a penny is brought out, and
 the spectator finds he has only eleven.
 The trick is done as follows: Count
 the pennies one at a time on the left
 hand. Then pick them up with the
 right fingers, but leave one penny in the
 left hand, which closes over the coin.
 A spectator is told to hold out his
 hand, and the right hand drops them
 one at a time, but counts them back-
 ward thus—12, 11, 10, 9, 8, 7—and
 five (dropping the five remaining coins)
 is twelve! In reality the spectator
 holds only eleven coins, but if they are
 counted boldly as described above, he
 will think he holds twelve. The left
 hand then produces its coin, and the
 spectator, counting his pile, finds that
 one has gone.

SAY YOUTH ADMITS
HE SLEW HIS WIFE
Rochester Woman Found Shot
to Death in Doorway of Home
in Fashionable Suburb

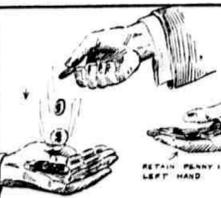

ESTRANGED SINCE JAN. 14
 Rochester, N. Y., April 3.—After
 twenty-four hours' questioning by the
 Sheriff, Coroner and District Attorney,
 John J. Bott, twenty-eight years old,
 last night confessed he shot and killed
 his wife, Irene, twenty years old, in
 the vestibule of a Home Acres house
 on Saturday night.
 His confession, the authorities say,
 corroborated in its main details the
 story told by Fred Trembley, Bott
 said that after they left the automobile
 he asked his wife to come back to him,
 but that she refused and started to run
 away from him. He followed her, and
 when she ran into the vestibule of the
 house, he shot her there.
 The body was identified yesterday by
 her brother.
 As soon as identification had been
 made the husband was taken to the
 county jail, where he was questioned by
 the Sheriff, Coroner and District At-
 torney. It developed that the couple had
 separated on January 14. Bott had
 been found in bed with his son in his
 mother's home.
 The authorities yesterday questioned
 Fred Trembley, twenty-nine years old,
 of Coldwater, who admitted, according
 to the District Attorney, that he drove
 Mr. and Mrs. Bott to a spot near
 Home Acres.
 He said he had an engagement to
 take Mrs. Bott to a party, and having
 known Bott previously, had told him.
 It was arranged that he should keep
 the engagement, but Bott should hide
 in the automobile until they reached an
 outlying spot where he could have a
 talk with his wife.
 According to Trembley, the plan was
 successful. When they arrived at Home
 Acres, Trembley left the car on a pre-
 text, and Bott revealed himself and be-
 gan conversation with his wife. They
 left the car and went toward Home
 Acres, Trembley said. Later, he said,
 he heard screams and shots. Mr. and
 Mrs. Bott did not return, and he drove
 back to the city alone.

BRYAN ASSAILS ATHEISTS
 Some Little People Know More Than
 Geologists, He Says in New York
 New York, April 3.—William Jen-
 nings Bryan's "God and Evolution"
 lecture was delivered yesterday at the
 spring rally of the Old Tenth Evangel-
 ical Committee of New York at the Hip-
 podrome.
 Mr. Bryan denounced Darwin, ag-
 nostics, college professors, atheists and
 money lovers in thunderous tones.
 "Great people lived before they had
 geology," Mr. Bryan informed an in-
 terpreter. "It is more important to
 know 'The Rock of Ages' than the
 ages of the rocks. Some mighty little
 people know all the geologists know."
 "Great men lived before they had
 astronomy," he continued, "when a
 college professor swells up and pushes
 a minister of God off the street he
 ought to be taught a lesson in com-
 parative importance. Christianity is
 older than any book on science used in
 our schools today."

CLARK FACULTY FREE
 University Statement Follows Clos-
 ing Scott Nearing Meeting
 Worcester, Mass., April 3.—A state-
 ment issued last night by the faculty
 of Clark University expressed the belief
 that "the academic freedom of no
 member of the Clark faculty has ever
 been trespassing upon." The state-
 ment, prepared at the request of Wal-
 lace W. Atwood, president, was an-
 nounced as having been "unanimously
 adopted by the faculty, approved by
 the president in representing the ad-
 ministration and approved also by the
 duly authorized representatives of the
 graduates and undergraduate students."
 It was an outgrowth of the recent
 action of Mr. Atwood in abruptly
 closing a meeting of the Liberal Club
 at the university while Scott Nearing
 was delivering an address.

SPEAR POISONS N. Y. GIRL
 African Trophy Falls From Wall.
 Native Administrators Aid
 New York, April 3.—Wounded by a
 poison-tipped spear of African tribes-
 men, Miss Ursula Gillis, twenty-four
 years old, was treated in Bellevue Hos-
 pital yesterday for a badly infected
 foot.
 She explained the injury occurred in
 the home of Iwa Vera Simonton, African
 explorer, at 24 East Fortieth street,
 when the spear, a trophy, fell from
 the wall and its point pierced through
 her shoe and caused a deep wound in
 the foot.
 First aid was administered by Bombo,
 a native of one of the interior African
 tribes, whom Miss Simonton had
 brought here. Bombo also administered
 a native antidote.

Harding to Get Maine Salmon
 Bangor, Me., April 3.—The first
 salmon of the season, a twenty-pounder,
 was taken from the Bangor Pool yester-
 day by Edward Conning. It was pur-
 chased by Mayor Day, who will forward
 it to Washington for President Hard-
 ington's table.

WOMEN JURORS GET ROOM
 Dormitory in Pittsburgh County
 Building With All Conveniences
 Pittsburgh, April 3.—The new dor-
 mitory for women called for jury ser-
 vice is now ready for use, and the
 women jurors who are detained over
 night will enjoy there the convenience
 of home life, and some of its luxuries.
 The new quarters are the envy of men
 jurors, whose only resting place while
 locked up is a hard chair.
 It no longer will be a hardship for
 women jurors to be locked up over-
 night. The new dormitory is equipped
 with white enameled iron beds, mir-
 rors, dressing tables and other com-
 forts. Small rugs are strewn over the
 floor. In the room are a library table
 and rocking chairs. The room is illu-
 minated with ceiling lights, and there
 are reading lamps. Shower baths are
 to be installed.

SEEKS SEAT IN SENATE
 Franklin Gilkeson, Pinchot Sup-
 porter, Candidate From Bucks Co.
 Bristol, Pa., April 3.—Former As-
 semblyman Franklin Gilkeson has an-
 nounced his candidacy for the Bucks
 County seat in the Senate.
 Gilkeson, head of the Bristol fire
 department, was veteran and a son of
 the late B. Frank Gilkeson, who was
 Republican state chairman, not only
 has opened ad vice for the Republican
 senatorial nomination, but has declared
 in favor of Gifford Pinchot for Gov-
 ernor. Incidentally, it might be re-
 marked that rather surprising Pinchot
 sentiment has developed in Bucks
 County.
 A leading lawyer here, Gilkeson, at
 the age of forty-one years, dropped his
 professional practice and enlisted as a
 private in the Sixteenth Field Artillery,
 and with that command saw more than
 a year of active service in France.
