IRISH CELEBRATE WITH JIGS AND RUNS

A. O. H. Has Annual Outing With Lengthy Program of Varied Sports

TEDDY TOHABEN A WINNER

A five-mile race won by Teddy Tohaben of the Meadowbrook Club, was one of the features of the fifty-sixth annual field day exercises of the Ancient Order of Hibernians held yesterday at the Northeast High School Athletic Field, Twenty-ninth and Cambridge streets.

Jig and reel contests and other lively features were on the program. Many Irishmen of prominence were present.

The athletic program was carried out under the management of John P. Donohue, chairman of the General Committee, and John O'Dea, national secretary of the order. The first event was the baseball game between clubs representing Divisions 19 and 103 of the order. In rapid succession followed the 100-yard dash in four heats; the one-mile run, won by Thomas Van Belle of the Meadowbrook Club; the 150-yard dash, won by Daniel O'Donnell of the Meadowbrook Club; the 440-yard run, won by Elmer Campbell of the Norristown Branch; the 150-yard dash, won by Francis Heindel; the one-mile relay and the five-mile run. During the progress of the track events, the pole vault, the shot-put, the running high jump, the running broad jump and the long step and jump took place.

On the completion of the field and track events, the national exercises were presided over by James R. Sheehan, former past State president of the order and former Register of Wills. After the crowd of spectators had sung the "Star Spangled Banner," the invocation was pronounced by the Rev. Mons. Gerald P. Coghlan, vicar general of the Ancient Order of Hibernians. Judge John Monaghan and Representative Thomas Jefferson Ryan of New York, made short addresses on the love of the order for religious and civil freedom, and touching words of the members of the order who sacrificed their lives in the World War and other wars throughout the world for these principles.

Those responsible for the success of the celebration were: John P. Donohue, John O'Dea, Thomas J. Minnick, Captain Thomas E. O'Neill, Daniel J. Harron, Patrick McLaughlin, James J. Barr, James E. Diamond, Harry P. Franklin, Patrick Fitzgerald, Edward J. Hogan, James Begley and Michael Brady.

Notable Athletic Events

Tohaben won the five-mile run, the feature athletic event of the day, by more than fifty yards, and made the splendid time of twenty-six minutes fifty-four seconds. His handicap was 250 yards.

The one-mile relay was also another very interesting event. St. Joseph's college, with Johnny Oakes running anchor, and Marconi, Maille and O'Brien to back him up, pulled through the winning quarter out of four teams in competition. St. Joseph's time was 3 minutes 43 seconds.

Robert Holm, running unattached, a former West Philly High track star, showed his prowess in winning the novice mile run. He showed his heels to quite a pack of runners, and attained a time of 4 minutes, 54.4-5 seconds.

S. J. Neelis, of the University of Pennsylvania, took individual honors in the field events by winning two of the four events on the program. He won the only two events he was entered in, the pole vault and the running high jump. First in the pole vault, he cleared a winning height of 5 feet 10 inches, with an extra inch and a half handicap added; and finally the pole vaulting, in which he attained a total height of 11 feet 9 inches.

Amalgamated Workers of America Form Million-Dollar Corporation

New York, May 31.—The Amalgamated Clothing Workers of America yesterday announced the formation of a million-dollar American corporation for the advancement of the textile industry in Russia.

The corporation will operate six clothing factories in Petrograd and three in Moscow, under an agreement made last summer with Lenin and the Soviet government, the announcement said.

Priority in Government orders has been guaranteed the American corporation. Labor will be entirely Russian, and no provision is being made for the exportation of American textile workers.

JAPAN TO WITHDRAW TROOPS FROM HANKOW

Note to China Expresses Hope Foreigners Will Be Protected

Peking, May 31.—Yukihiko Obata, the Japanese Minister here, has notified the Chinese Government that Japan had decided to withdraw her troops from Hankow for many years has maintained a garrison at Hankow for the purpose of guarding Japanese interests along the Yangtze Valley. In his note to the Chinese Government, Minister Obata said:

"While conscious that the step now decided upon is in keeping with the spirit of the resolutions adopted by the Washington Conference, the Government and people of Japan must at the same time express hope that the Chinese Government on their part will do everything in their power for the protection of the lives and property of foreign subjects in China and prevent the recurrence of such unfortunate incidents as have so often happened in the past."

WOMEN'S COLLEGE PLANNED AT PENN

Dr. Penniman Tells of Scheme to Have Separate School for Each Sex

PRESS ENDOWMENT DRIVE

A separate school for women at the University of Pennsylvania is intimated by Acting Provost Penniman in his pre-commencement message issued last night.

During the last two years there have been reports that many influential persons favored a change in the present co-educational system and the acting provost's message bears this out. He announced also that plans are rapidly maturing for the coming endowment drive. He said:

"One of the problems confronting the University of Pennsylvania is that of providing for the education of women at the University, so that they may have access to courses of instruction which shall be, in every respect, equal to those offered to men. As to the method of accomplishing this, there are differences of opinion, but the majority of those who know the University best, incline strongly to the plan of a separate college for women, co-ordinate with and equal to the college for men, but with no unnecessary duplication of such equipment as is required for laboratories, library, etc. The solution of this important problem is probably within sight, although it is not possible at the moment to carry it into effect."

"Contrary to the general opinion, which seems to be held by some and which has found expression in public print, the University has not postponed action for some future time in regard to a campaign for endowment."

"During the present year, through the co-operation of the trustees, the administration officers and the General Alumni Society have been gathering essential information concerning alumni and others who are and who ought to be interested in the University."

FORTY PERSONS IN PERIL

Motorboat Knocks Down Runway at Burlington Island

Bristol, May 30.—Forty men, women and children pleasure seekers at Burlington Island, opposite Bristol, narrowly escaped drowning yesterday when a motorboat crashed into a runway upon which they were standing and knocked the supports from under it. All were rescued by boatmen nearby, after being drenched. James Thompson, of Bristol, was injured but his condition is not serious.

War Flag Is French Gift to U. S.

Washington, May 31.—As a souvenir of America's participation in the World War, President Harding yesterday accepted for his countrymen the presentation by Ambassador Jusserand, of France, of the American flag which was displayed beside the French tri-color on the Eiffel Tower when news came of America's entry into the struggle, April 20, 1917.

WILL VISIT NEAR EAST

Prof. J. H. Breasted Seeks Material for History of Civilization

Chicago, May 31.—Professor J. H. Breasted, of the University of Chicago, is planning an expedition in the Near East, which will take him over the same ground which was recently covered by Charles H. Crane. The professor's purpose is to gather material on which to base a history of the origins of civilization. He will renew investigations which he pursued in 1920.

Prof. Breasted will pass the winter with his family in Cairo, where he will study coffin texts; will visit the Upper Nile country and Khargeh, the largest Sahara oasis; and in the summer of 1923 will attempt to penetrate Asia Minor to the oasis of Palmyra.
