

Senate Committee on Finance Amends Emergency Tariff Bill

RATES RAISED TWO CENTS ON BUTTER, CHEESE

Sugar Fixed at \$2.13
Hundred Till Retail
Price Is 10 Cents Lb.

Emergency Measure to Be Considered in Up- per Body on Monday.

Washington, Jan. 15.—With ten amendments added, the house emergency tariff bill was approved Saturday by the senate finance committee. It will be reported to the senate Monday.

There was no record vote on any of the amendments which were added to the bill, although Senator Simmons, Democrat, North Carolina, said the Democrats "generally voted against everything."

One of the amendments agreed to Friday, that placing a duty on certain dairy products, was changed Saturday, a higher rate being accepted.

Amendments Accepted.

Amendments accepted Saturday included:

Sugar, \$2.13 a hundred pounds until the retail price reaches 10 cents a pound.

Frozen meats of all kinds, 2 cents a pound and other meats, 25 per cent ad valorem.

Apples, 20 cents a box; cherries, 4 cents a pound.

Tobacco, Sumatra wrappers and fillers, \$2.85 a pound; stemmed Sumatra, \$3.50 a pound.

Butter and cheese and their substitutes, 8 cents a pound instead of 6 cents, provided in an amendment accepted Friday.

The length of long staple cotton on which the tariff will be effective will be reduced from 1 1/2 inches to 1 1/4 inches, the duty remaining at 7 cents a pound as the bill passed the house.

Breeding Animals Exempt.

Cattle and sheep to be used for breeding purposes were exempted from the duty on imported animals.

Rice to be used in manufacture of canned goods, was exempted from the tariff of 2 cents a pound levied in the house bill.

Attempts of several opponents of the bill to load it down with amendments dealing with extraneous subjects were unsuccessful.

In its tariff revision hearings Saturday the house ways and means committee took up schedule D of the Underwood act, comprising wood and wood products.

John H. Kirby, Austin, Texas, president of the South Tariff association, asked the committee for a rate of 15 per cent ad valorem on imported lumber, saying that such a tariff would yield \$6,000,000 annually in revenue and would not increase the lumber cost one cent.

Arrested in Whisky Raid, Sentenced for Looting Baggage Car

Special to The Daily Tribune.
Billings, Jan. 15.—Steve Worley, bootlegger and ertswile taxi driver, Thursday entered a plea of guilty to the charge of stealing a quantity of assorted articles while employed as baggage master at Casper, Wyo., prior to last July. He was sentenced by the court to serve a term of not less than three nor more than six years in the penitentiary.

Worley's plea of guilty was entered as a sequel to the confession which his woman companion made Wednesday, at the same time revealing to officers a quantity of the stolen goods. Indications are that some degree of leniency will be shown the woman, who has not yet been arraigned on the bootlegging charge. Her statement was made after she had been taken into custody following a raid on a road house by the police. Later she guided detectives in their search, which led to the recovery of the silks and other stolen articles hidden in the Worley quarters on Terry avenue.

Eventualities Following Austria's Fall Is Topic of Reparations Authority

Attempt to Join Germany, Partition Among Adjoining States, or Communist Reign of Terror Are Outlined to Diners by Britisher.

Paris, Jan. 15.—Sir William Goode, British member of the Austrian section of the reparations commission, at a luncheon Saturday spoke freely on the situation in Austria.

"Three eventualities must be considered as a consequence of the prospective collapse of Austria," Sir William said in part. They are:

"An attempt on the part of the Austrian provinces to join Germany, partition of the Austrian provinces among the adjoining states, not excluding Germany, or a communist or bolshevik reign of terror.

"Hungarians Feared.
"My opinion is that it is unthinkable that the allies could permit Germany to extend her empire to the borders of the Adriatic."

"A rumor is current in Austria," he said, "that Hungarian forces, regular or irregular, would advance upon Vienna on the pretense of preventing the ancient capital falling into the hands of the Czechs. In that case no one in Austria would be surprised if the

Czechs attempted by force to forestall the occupation of Vienna. Jugoslavia, under its recent defensive alliance with Czechoslovakia, might then decide to attack Hungary."

"Not Alarmist, He Warns.
The speaker said the great powers might be drawn into such a war but he thought that if Austria had been given the chance of continued existence she probably would prove the least bolshevist of all states.

"I do not wish to appear to be an alarmist," said Sir William, "but if the allies can hold out no prospect or means for continued existence then I fear we must be prepared for an outbreak that would be beyond the control of any authority that might be left in Austria. It is common knowledge that the bolsheviks have made elaborate preparations to utilize Vienna as a center of activity and propaganda. They expect their campaign in that part of the world will synchronize with the disappearance of the central government of Austria and spread thence to every country of Europe."

CHARGES WOUNDED HEROES HOUSED IN FLIMSY STRUCTURES

Senator Ashurst Appraised of Conditions by Surgeon General Cumming.

Washington, Jan. 15.—Half the sick and wounded soldiers of the world war are quartered in hospitals of "flimsy and inflammable construction," Surgeon General Cumming, of the public health service, informed Senator Ashurst, Democrat, Arizona, who pleaded today with the senate to provide additional hospital facilities for the soldiers.

Senator Ashurst said an appropriation of \$20,000,000 would be required to provide 30,000 additional beds and equipment for the health service.

"Our ex-service men fought in a cause as high and as noble as ever known to the human breast," the senator said, "and no senator ought to be frigid or indifferent to their sufferings."

John H. Kirby, Austin, Texas, president of the South Tariff association, asked the committee for a rate of 15 per cent ad valorem on imported lumber, saying that such a tariff would yield \$6,000,000 annually in revenue and would not increase the lumber cost one cent.

Dallas, Texas, Jan. 15.—Police Saturday announced they had been notified that \$200,000 in Liberty bonds and \$40,000 in currency taken by bandits in a post office robbery here Friday night had been recovered near Lake Worth, at Fort Worth. They said two mail pouches had been found.

The police accounted for two of the six bandits. One was dead and another had confessed, the police said. Rufus Clemon of San Antonio, was killed when an automobile, declared by the police to have been the bandits' machine, was wrecked near Fort Worth.

W. S. Serivnor was arrested and confessed, according to police, that he participated in the robbery, in which three postal employees were seriously wounded.

ENDS 48-DAY FAST; HER HUSBY IS STILL OUTSIDE OF CHURCH

Illinois Woman Abandons Hun- ger Strike When Minister Proffers Food.

Danville, Ill., Jan. 15.—Mrs. Ernest S. Harrington, who claimed to have been fasting for 48 days to influence her husband to join a church ended her hunger strike Saturday upon being advised by the Rev. G. S. Payne, of Eldorado, Ill., to take food.

The woman immediately consented and drank a glass of milk in the presence of the minister. She then said she felt better and would not resume her fast. Ernest Harrington, the woman's husband for whom she declared she suffered the strike, says his wife has seen the error of her way and is willing to resume her daily routine of life. He says he has not joined the church and will not do so until he gets ready.

Mrs. Harrington is not expected to suffer any ill effects from her long fast.

Plans to take Mrs. Harrington into custody on a warrant charging insanity and to have the grand jury investigate the activities of religious enthusiasts who have encouraged the woman in her so-called fast, had left her virtually alone.

Mrs. Harrington said she was glad his wife had decided to end "her foolishness."

Mrs. Harrington paved the way Thursday for the ending of her fast, saying she had had "a second vision" in which God had told her not to yield, but to keep up her strike. She said then "she would keep it up until God advised her to quit."

Harrington positively refused to join a church and holds fast to his oft-repeated "I'll be damned if I give in to her."

In submitting applications for loans, applicants should set forth in detail all facts relating to their financial condition, the purposes of the proposed advances and full information to enable the corporation to determine whether the applicants are eligible to receive loans.

Former Premier Arrives in Paris to Form New Cabinet in France.

Figaro Expresses Wish for Poincare to Direct National Policy.

Paris, Jan. 15.—Aristide Briand, former premier arrived Saturday evening to attempt the formation of a cabinet in succession to the ministry which resigned Wednesday.

Raoul Peret, who was asked Friday to head a new ministry of France, appeared before President Millerand and declined to form the cabinet.

Difficulties encountered Friday by M. Peret, were of a most discouraging nature. At the end of the day he had almost decided to give up the task, but decided to resume work Saturday.

Figaro, which represents a certain body of opinion, asserted that the only reasonable solution of the crisis was the choice of M. Poincare as premier, who would direct the policy of France as a whole, with a foreign minister of his own selection.

Ex-Premier Briand called at the presidential residence Saturday afternoon. His visit followed one by M. Peret, during which the latter presented M. Briand's name as his possible successor in the effort to form a ministry.

Auther waived extradition rights and said he would willingly go to Madison and prove his innocence.

Auther, who had been living in a hotel with his wife and child, with whom he had been reconciled after police found him and Mrs. Franzen in St. Louis, expressed surprise at the arrest.

"I can easily dispose of the larceny charge," Auther said. "Mr. Franzen and I talked amicably for two hours the night Mrs. Franzen and I left Madison and we parted on the best of terms. Mr. Franzen gave his wife a check for \$200 to help defray her expenses and to clear all claims she might make upon him. Mrs. Franzen cashed that check herself."
