

W. A. BERTKE WOULD HEAD COMMERCIAL CLUB IN 1921

Budget Is Drawn Up and Policies Fixed for Coming Year; Committee Named to Select Secretary.

Directors of the Great Falls Commercial club Saturday afternoon at 3 o'clock elected officers for 1921, and adopted the report of the special committee.

Photo by Hegan & Co. PRESIDENT W. A. BERTKE

W. A. Bertke, newly elected president of the Great Falls Commercial club, was born in Wisconsin in 1881. He was graduated from the electrical engineering department of the University of Wisconsin in 1906 and since that time has been with the Doherty Operating Co., in Spokane; with the Pacific Power & Light Co., in charge of its gas plants in Portland, Pendleton, Lewiston and other cities of Washington, Oregon and Idaho; manager of the Utah Power & Light Co. at Ogden, Utah; since August, 1917, has been manager of the Great Falls Gas Co.

Committee chosen to make nominations. The officers chosen are: President, W. A. Bertke.

"Here Comes The Bride!"

Everybody wishes her well! Happy and radiant she starts out on life's adventure. She should have health to begin with. Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman who is weak, run-down, irritable, out of sorts, fidgety and nervous. Headaches, backaches, dragging-down pains, irregularities and troubles of that sort are all destroyers of beauty. Men do not admire sickness.

It is within the reach of every woman to be well, healthy and strong if she will take Dr. Pierce's Favorite Prescription. It is the safest woman's tonic because it is made entirely of roots and herbs, without alcohol. (Ingredients on label.) At 50 years old, and its age testifies to its goodness. A medicine that has made sick women well for half a century is surely good to take. Women from every part of America testify to its merits.

Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package and confidential medical advice, or booklet.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even fiercest itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Fuller, Carpenter, 7063 Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

First vice-president, L. L. Callaway. Second vice-president, Frank B. Brown.

Treasurer, W. A. Brown. Committee to Name Secretary. The choice of a secretary under the existing circumstances was left in the hands of a special committee. Scott Leavitt said to the directors that he was giving consideration to several other positions that were quite desirable. The special committee, therefore, consisting of A. J. Breitenstein, F. J. Gies and W. H. George, was requested to confer with Mr. Leavitt and to handle any other contingencies that may arise in connection with the position and to report to the directors not later than March 1.

To Fix Club Policies. The policies committee, consisting of F. J. Gies, W. A. Bertke, Fred Fligman, W. H. George and A. J. Breitenstein, presented a comprehensive report which was adopted. In its essential particulars the report is given below:

Budget For 1921 Recommended. Based on the income of 1919-1920, we have placed the anticipated revenue from dues at \$13,500. We believe that this can be increased, basing this on the present list of subscribers and the fact that there are other concerns, some of which have come to the city since the last active membership movement, now contributing members and that a number of others dropped out during the war period, a part of whom have since returned to active business and can reasonably be considered prospects for renewed membership. The total of live subscriptions at the present time amounts to \$14,641.20, according to the secretary's figures. We recommend the distribution of anticipated revenue as follows:

Salaries	1921	1920
Rent	\$5,085	\$4,916
Advertising and Pub.	940	1,002
Conventions and		
Entertainment	900	1,979
Dues and subscriptions	275	252
Good Roads	100	253
Office Furniture	25	188
Office Printing	275	305
Postage	300	285
Telephone	300	305
Special Events	500	176
Miscellaneous	150	169
Stock Pavilion	360	
Traffic Department	1,250	2,386
Express and Freight		3

Additional Clerical Work. We recommend that the offer of the Automobile Dealers' association to give all time of its clerk not actually engaged in automobile association work in return for desk room only, should be accepted, since this will relieve the Commercial club clerk of some detail work and enable the club to circularize and otherwise keep more closely in touch with its membership without additional salary cost to the club.

Traffic Work Under Secretary. We recommend the following plan for the traffic department, covering a period of six months: That the traffic manager be directly under the supervision of the general secretary in order that his time may be fully utilized to the best advantage, in addition to the traffic work, and that a charge of 25 per cent be made to members of the club on all work secured by the traffic manager on account of over-charges and claims on freight and express bills, and that of this 25 per cent the traffic manager receive 15 per cent and the traffic secretary 10 per cent in addition to his salary. In the case of non-members of the club this service would be rendered for 50 per cent of the refund secured, 10 per cent to go into the club treasury and 10 per cent to the traffic manager. The traffic manager is to continue to quote rates to members and to give general information on traffic matters for the general interest of the community and the state. This plan is recommended for a period of six months during which time the value and service of the department should be carefully watched and reported upon for future policy.

To Consider Recommendations. We further recommend the appointment of a special committee by the incoming president to consider in detail and report back to the board of directors and secretary in their annual reports.

Real Burnt Cork Comedian on Gen Hippodrome Bill

Billy Mann, "the minstrel man," was the feature number on the Hippodrome vaudeville program at the Gen theater Saturday night. Billy came on the stage with a jolly laugh that soon had all his auditors laughing and his monologue went over in real burnt cork style.

There was a good mixture of classical and jazz music in the violin and piano numbers by Mr. Ramsey and Miss Stone in which they displayed considerable technique. Shea and Ilich won generous applause in their nuttury act and rendered several clever comedy songs. The shadow entertainment by the Karcson was a novelty and of considerably higher class than the usual run of such acts. The final performances of this Hippodrome bill will be given this (Sunday) afternoon and evening at the Gen.

New hair for You?

Hair has been grown again, after baldness in many cases. This is now scientifically proved. Yours may be an unobtainable case; but you have not been using the proper relief. So do not delay in applying Kotalko. The producers are so confident they offer you satisfactory hair growth or your money-back. Get a small box of KOTALKO at any active drug store. Apply Kotalko each day—watch your mirror! Do a kindly act, show kind friends this advertisement.

SHOOTING HEAD, ROPE ON NECK, BODYS FOUND

Suicide and Murder Theories Advanced for Death of Former Stockett Man.

Emil Adolphson, former deputy sheriff at Stockett, was found dead with a bullet wound in his head at the viaduct under the Milwaukee tracks at Sixth street north early Saturday morning. Whether the injury had been self-inflicted or had resulted from other causes had not been determined late in the evening, but all indications pointed to suicide, officials said. Information gathered during the day will be developed before an official statement is made.

The body was lying on the ground above the viaduct and was fastened to the railing by a rope, one end of which was tied to the dead man's neck. The theory generally accredited is that Adolphson fixed the rope, poised himself for a fall against the nose, and then shot himself. If this version is true the failure of the plan to carry through is ascribed to the fact that the body might have crumpled backward. The bullet passed through the head above the temples.

Gun Is Not Identified. The gun used was a 41 calibre Colt revolver and it has not been definitely established by the family whether he had a weapon of this description. He had a large calibre revolver when he was deputy sheriff, but the family does not know the exact size. One exploded shell was in the chamber of the gun and another shell had apparently been snapped. After the shot was fired, the revolver fell to the roadway beneath the viaduct, about 20 feet. Investigation by Dr. L. R. McBurney and Sheriff Bob Gordon failed to reveal the place from which the rope was secured.

Mr. Adolphson was last known to be alive at about 4 o'clock Saturday morning, when Mrs. Adolphson heard about the stove, in their home, 635 Sixth avenue north. He had said he intended to look for work at the B. & M. smelter and his wife thought he had gone there. The body was found a few minutes after 7 o'clock by Engineer Ross of a Milwaukee train. The body was lying on its back, with the hands at the sides.

Possessed Moderate Means. Mr. Adolphson was a genial man, 51 years old and is known to have possessed moderate means. Professional men familiar with his affairs say that he had ample means for providing for himself and his family.

The Adolphson family moved to Great Falls last Wednesday from Stockett to 608 Sixth avenue north, a comparatively short distance from the viaduct. Surviving him are the widow and nine children, who are Florence, Pearl and Adeline, Oscar, Emil, Jr., Albert, Eddie, Rupert and Kenneth. A sister lives at Anaconda, another sister at Raynesford, a brother in Minneapolis, another brother at Sand Coulee, and a third brother in Sweden, where Mr. Adolphson was born. He came to America at the age of 20 and has lived in Cascade county about 20 years.

Old Threats Recalled. Sheriff Bob Gordon was notified of the discovery of the body by Engineer Ross and was the first to reach the viaduct. Coroner McBurney examined the body and late in the evening was still continuing his investigation. Coroner McBurney was told that Adolphson had been at Stockett that he would "have to look out for himself" after he gave over his star. Coroner McBurney stated that decision as to the holding of an inquest would rest with the family.

Mr. Adolphson was a member of the Knights of Pythias and the Scandinavian fraternity and had served for several years as a member of the Stockett school board. Recently he was appointed administrator of the Emil Askew estate, the funds of which are said to have been deposited in his own name in the Stockett bank. So far as known the estate is in regular order, although a portion of the funds are tied up in the estate. He served as deputy sheriff under J. P. Burns and until a few years ago was in the saloon business at Stockett.

Family Scouts Suicide. The theory that Mr. Adolphson committed suicide is scouted by the family. A son, Oscar Adolphson, and a nephew, Herbert Magnuson, declared late Saturday that they had ample reason to believe that Mr. Adolphson was murdered. Two attempts were made on his life, they declared, while he was deputy sheriff.

Mr. Adolphson was shot at one last summer when he was driving his car," said the son. "We never learned who fired the shot, but the bullet was certainly intended for him, as it struck the back of the automobile. We believe that an attempt was made on his life again a short time ago, when he was sleeping in the Steven Leitch building in his official capacity. Everyone knew that he was sleeping there and the night the building was burned. The owner of the building is now in the county jail, so suspicion does not attach to him in connection with the shooting.

"There is nothing at all to the theory that my father was despondent over money matters. He was comfortably situated as regards to finances and only recently he received \$500 in cash for the sale of property. I saw him Friday evening and he was then as cheerful as I have never believed that he killed himself.

Says Gun Not Father's. "Mr. Adolphson's early departure from the home Saturday morning is easily accounted for. When I was at the house Friday night we made arrangements to go to Stockett Saturday and close some business matters, but father said he wanted to go to the smelter and look for a position before we left. Pursuant to this plan, he arose about 4 o'clock in the morning, and I believe, started for the smelter. If the truth is ever learned, we will know that he was murdered.

The body is in the undertaking parlors of the W. H. George company.

Will Radium at Last Open the Door of the Great Unknown?

If you are sick and want to get Well and Keep Well, write for literature that tells How and Why the most unknown and wonderful new element, Radium, has been discovered. It is the most powerful and wonderful of all elements. It cures Rheumatism, Gout, Neuritis, Neuralgia, Nervousness, Stomach and Bowel Disorders, Liver, Kidneys and other ailments. You will receive a free copy of "Radium and its uses" if you send a stamped address to: Radium and its uses, 7 Bradbury Bldg., Los Angeles, Calif.

BRIDGE OUTSIDE LIMITS OF CITY ENGINEER FINDS

Tenth Street Structure 40 Feet From Line; City May Save Cost of Approach.

That the city of Great Falls will realize a saving of about \$10,000 in constructing the approach to the new Tenth street Missouri river bridge is expected from the fact that the bridge was not built to the meander line on the south shore. The city limits extend only to the meander line, according to the board of commissioners, and the bridge must be done by the county.

Chairman B. C. Johnson stated that the meander line appears to be about 40 feet from the bridge and the estimated cost of constructing the approach at this point is \$250 per foot. Northern railways in building crossings at Ninth and Tenth streets. Both the county and the city have figured on heavy expense in constructing the approaches because of the fact that the bridge does not come flush to either shore. The trouble, the board states, dates back to poor advice given by a firm of architects in 1917, when the plans for the bridge were drawn. The estimate, it was found, was too small, and after the bonds were authorized it was necessary to construct the bridge according to the funds available. Another firm of architects was employed when the final plans were drawn.

Like An Island Now. The bridge now stands with blunt ends across the stream, and to get to the deck it is necessary to mount a 30-foot ladder. "At any rate," said Commissioner L. H. Koussera Saturday, "it's a good location for a bridge. There is water there and shores are on either side, but the bridge as it now stands, is about as useful as a ship in the middle of a desert."

City Engineer L. B. Eenssen and the board will co-operate in discovering the exact location of the south meander line and when it has been determined construction plans will be drawn and decided upon.

Figure Heavy Expense. This includes sums to be expended by the Milwaukee and the Great Northern railways in building crossings at Ninth and Tenth streets. Both the county and the city have

Cord Tire Company to Increase Capital at Meeting Monday

To increase the capitalization of the Montana Cord Tire Co. from \$500,000 to \$1,000,000 a meeting of stockholders will be held Monday at the plant, Thirteenth street and Milwaukee tracks. There are between 2200 and 2300 stockholders, most of them in Montana, and most of the votes are held by the Milwaukee proxy. A plant of the company has been completed and equipment installed to begin manufacture of automobile tires, with the exception of hydraulic fittings, which have been delayed. The additional capital is being sought by the directors, to furnish funds for carrying stocks of raw and finished material and to meet emergencies.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly weather the skin pores are closed thus forcing the kidneys to do double work. The bowels were not sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made of grapefruit juice and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

Doctor Tells How to Strengthen Eyesight 50 Per Cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says that he wears glasses can now discard them; another says that he can read without any glasses; a third says that he can read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by

following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made of grapefruit juice and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

NOTE: Another prominent physician to whom the above article was submitted said: "Bon-Opto is a very remarkable remedy. The constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept in hand for general use in almost every family. It is sold in this city by the following:

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45. Women's Fine Silk Fiber Hose, lisle top, black and cordovan, special, at a pair \$1.50. Women's Cotton Hose, black and brown, special, pair \$1.25. Boys' good, heavy Cotton Hose, special, \$2.50.

and short sleeves, and low neck sleeveless, \$4.50 to \$6 values, now \$2.95. Women's full fashioned Mercerized Silk Lisle Hose, special at \$1.45.
