ROTARIANS HEAR LEWISTOWN MAN ON CIVIC DUTY

"Peg the Calamity Howler" Advises Paul Trigg; Labor Union Men Guests.

The speaker at the Rotary club luncheon Wednesday was Paul Trigg of Lewistown.

Rotarian Trigg, who is sales manager for the Montana Flour Mills Co., gave an exceedingly practical talk upon the "Spirit of Rotary" its application to the principles which should guide the life of a Rotarian and further how it ought to work out in the state of Montana at the present time. The speaker made reference to the motto of Rotary which reads "Service, not Self" and said that he often had thought the wording might well be changed to read "Service and Self" for the reason that every man at certain times in his life is moved to do the best that is in him. Therefore, it is entirely proper to interpret this motto as one impelling a Rotarian to add self to his service and this is the only way in which service can reach its highest attainment, he said.

Bring Out Best in Man.

The principles of Rotary urge the bringing out of the finest elements that are in a man, declared the speaker. There is no place for the pessimist in Rotary and there is no place for the man who will not do his part. The man who does a thing by proxy does not properly apprehend this adding of self to service. A man in Rotary must see beyond the rim of a dollar and know that there are other things in the world that are to be preferred and that are more worth the effort. The speaker declared that we are going to get over this "jazz-jag" of money making which we have been going through in the United States during the last few years.

Urges Faith in Montana.

Rotarian Trigg pleaded for faith in Montana and suggested that every Rotary club per the calamity howler and help to reestablish this state through service and confidence because in this way we may add self to service and reach out into those things that are living and really vital in the up-building of the commonwealth.

Rotarian McCole gave an earnest plea for the erection of a memorial to the United States may care for its disabled soldiers in an adequate way. He cited instances in which we have shamefully failed to take care of men who have been without means and who have been unable to gain a livelihood until restored to health and strength. At the end of his talk, Rotarian McCole moved that the Great Falls Rotary club urge upon the congressional delegation for Montana support for those measures of relief which have been proposed by the American Legion in behalf of disabled soldiers and sailors. The motion was carried.

Labor Union Men Guests.

There were present as guests of the club, a liberal representation of visitors representing different crafts in the city. Among those introduced were G. A. Bosley, representing the trades and labor assembly; W. H. Blake, representing the carpenters; E. C. Two Days too Young, Adeline Leishman Postpones Wedding

Rather than ask the bride-elect's parents' consent, Mike Pappas and Adeline Leishman, both of Great Falls, will wait until Friday to get married. Their license was partially quashed out by Court Clerk Alex Remneas Wednesday when it was discovered that Miss Leishman was two days under 18 years old. The clerk could do no further without the consent of her parents, but the couple decided that so long as this formality would not be necessary Friday, they would just wait. Filling out of the blank will be completed Friday morning.

Licenses were issued Wednesday by Clerk Remneas to Charles J. Smith, 33, and Eva Berger, 40, both of Judith Gap, and Joe Vizanti, 31, and Adolena Marynelli, 20, both of Stockett.

A general Washington service was planned for February 22. Refreshments were served by the hostess.

Roy Wilson of Fort Benton spoke Wednesday night on "The Power of Sin to Demoralize and the Power of Heaven to Redeem." The Rev. A. Taylor of Belt is announced to preach the concluding sermon of the series Friday night.

Mrs. C. P. Troyer was shopping in Great Falls Wednesday from Augusta.

Exchange Rate Up; Speculators Here Sell German Marks

German marks went Wednesday to \$1.81 a hundred on the New York market and a number of Great Falls speculators in foreign exchange began unloading. The rise over Tuesday's quotation was 11 points. On November 11 marks were quoted at \$1.13. At that price a five dollar bill would buy 442 German marks. Had the purchaser held and sold Wednesday his profit would have been a trifle more than 60 per cent on his investment, for the 442 marks would have brought \$8.

Houses dealing in foreign exchange received a number of orders to sell Wednesday and more are expected in the next few days, from holders who will attempt to unload before general selling puts the exchange rate down again.

SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office."—Mrs. J. H. Meyer, 412 South Orange St., Orange, California.

A great many women who suffered like this have been restored to health by Lydia E. Pinkham's Vegetable Compound.

There were present as guests of the club, a liberal representation of visitors representing different crafts in the city. Among those introduced were G. A. Bosley, representing the trades and labor assembly; W. H. Blake, representing the carpenters; E. C. Longnecker, the barbers; William Reynolds, the federal labor union; William Zorzye, the operating engineers; W. C. Jones, building trades; H. A. Laird, iron workers; E. J. Murphy, vice president of the trades assembly; E. Winsby, the painters; M. H. Holler, the carmen, and H. Wahl, the plumbers.
