Persian Cossacks Seize Capital
Paris, Feb. 22.—A dispatch from Teheran, Persia, to the Temps Tuesday says 2,000 Persian Cossacks, commanded by General Reza Khan, coming from Kasvin, entered Teheran, the capital, the night of Feb. 20-21 without meeting opposition. They captured the public buildings and administrative offices. Reza Khan issued a proclamation guaranteeing the security of foreigners.

U. S. DEMANDS TO BE HEARD ON MANDATE TERMS

Believe Great Britain Made Suggestion for This Country's Action.
Note Will Be Delivered to League Council Wednesday Morning.

Washington, Feb. 22.—The American government has communicated directly to the League of Nations council its view with regard to mandates as set forth in the note sent by Secretary Colby to the British government last November, it was announced Tuesday at the state department.
Acting on the official intimation that since the council had taken action on the question of mandates, the opinions expressed in Mr. Colby's note to Lord Curzon, the British secretary of state for foreign affairs, should be conveyed to the council, a communication that was described as practically a duplicate of that note was dispatched to Paris Monday night.

Believe Geddes Brought Suggestion.
While no reply has been received from Great Britain, it was unofficially stated that the British government was preparing an answer that would go far toward satisfying the American contentions that equal opportunities must be provided for the citizens of all countries in all mandate territories. It has been suggested that Sir Auckland Geddes, who returned to the United States Monday after consultations with the foreign office in London, had been empowered to convey the ideas of his government on the subject. Officials of the department declined to comment on the question should be taken care that that question should be taken directly to the league, but it was believed it came from Great Britain and the returning British ambassador bore the message.
Communications have been received by the department from the council and a certain amount of correspondence has followed, but this is the first time the United States has initiated any action before that body. Officials insisted that it was not to be taken as an indication that the United States was to become involved in controversies of the league, but rather as a manifestation of the determination of the United States to insist upon its rights, even though it is not a member of the league.

Not to Be Excluded.
In his note to Lord Curzon, Secretary Colby said the United States did not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace and it expected to be heard regarding the terms of those mandates, before they were put into form.

AMERICAN EMBASSY NOTIFIES PRESIDENT OF COUNCIL.
Paris, Feb. 22.—The American state department has sent a note to the League of Nations on the subject of mandates, it was learned Tuesday.
The American embassy in Paris has notified Doctor Da Cunha, president of the league council, to the effect that the state department understands the terms of the mandates for former enemy colonies were to be approved at this meeting of the council, and adding that the United States had observations to make on this subject which were considered of the utmost importance.

First Note to Be Sent Direct.
The state department asks the council not to take final action until a note, which is being drafted, should reach Paris.
This is the first note the United States has sent directly to the League of Nations.
It is believed in League of Nations circles that it concerns either the Island of Yap, the Pacific cable station whose status is in dispute, or the Franco-British Mesopotamia oil agreements.
Ambassador Wallace's letter was read to the council Tuesday afternoon. It was addressed to Senor da Cunha

YELLOWSTONE DAM HEARINGS ARE STARTED

Senator Walsh Explains Away Fear of Park Scenic Damage.

240,000 Acres Outside Park Could Be Put in Products, Contention.

Washington, Feb. 22.—Hearings on the bill of Senator Walsh, Democrat, Montana, authorizing the utilization of Yellowstone national park flood waters for irrigation purposes were begun Tuesday before a senate committee.
Senator Walsh in explaining his measure said "people expert in intelligence, but limited in information," were obsessed with a "dread that the people of Montana intended to commit a sacrilege against the park" and asked his associates in the senate to "suspend judgment until they got the facts."

The committee was told that by merely holding back the flood waters to the mean high level for a few weeks in each year 240,000 acres of land outside the park and in Montana could be made fertile.
The irrigation project involved any damage to scenic features of the park, the senator said the people of Montana and their congressional representatives were more anxious than anybody else to preserve these. Because of their interest in maintaining tourist traffic.
Further it is being asserted that some attempt is being made to get Yellowstone park resources for hydro-electric power plants he said. "The bill will leave any hydro-electric power facilities that may be incidental to damming the flood water entirely under control of the United States where it is now."

William F. McCombs, Ex-Democratic Chief, Dead in Connecticut

New York, Feb. 22.—William F. McCombs, former chairman of the national Democratic committee, died at Greenwich, Conn., at 7:15 o'clock Tuesday of heart disease, it was announced here today by Frederick R. Ryan, his business partner.
Mr. McCombs, who was in his 46th year, leaves two brothers and three sisters.

Simons Will Head German Delegates to London Confab

Berlin, Feb. 22.—Dr. Walter Simons, German foreign minister, will head the German delegation at the London conference next month.
In addition to Doctor Simons, there probably will be two other principal German delegates.
The German government insistently repudiates the French claim that the Germans are not going to London for negotiations but merely to be handed the entente terms.
German leaders declare they have assurance from Great Britain that the meeting will be a conference in the fullest sense of the word.

and to Sir Eric Drummond, secretary general of the League of Nations.
Busy Decoding Note.
The note from Washington reached the American embassy during the afternoon. The experts immediately set at work decoding it.
Later it was decided to deliver the American note to the League council Wednesday morning.
The council now is drafting its reply which it will inform the state department that the council would be pleased to take into consideration such suggestions and observations as the American government has to offer.

Aerial Mail Pilot Is Killed in Trans-U. S. Race at Elko

Captain Lewis' Plane in Taking Off at Nevada Town Went Into Tail Spin, Says Wire.

San Francisco, Feb. 22.—Capt. W. F. Lewis, air mail service pilot on the Reno to Salt Lake leg, in the attempt to establish a record for rapid delivery between San Francisco and New York was killed today at Elko, Nevada, when his plane fell according to advices received here. Captain Lewis was piloting one of the two planes which left San Francisco at 4:30 a. m. He took charge of the plane at Reno.
The message to air mail officials here, Captain Lewis had said that the American air forces during the World war and has been in the air mail service a trifle less than two months, flying usually between Reno and Elko.
The message said the accident followed Captain Lewis' safe arrival at Elko from Reno with the mail. He transferred to another machine, which fell with him.

World War Record.
According to air mail officials here, Captain Lewis had said that the American air forces during the World war and has been in the air mail service a trifle less than two months, flying usually between Reno and Elko.
The message said the accident followed Captain Lewis' safe arrival at Elko from Reno with the mail. He transferred to another machine, which fell with him.

ONE PLANE AT S. L.
Salt Lake City, Feb. 22.—An air mail plane which left San Francisco Tuesday morning arrived here at 12:38 o'clock.
The plane continued the journey. The plane is one participating in the night and day endurance test to New York.

PLANNED MARRIAGE.
Reno, Nev., Feb. 22.—Captain William E. Lewis who was killed at Elko Tuesday morning while attempting to break the time of aerial mail delivery between San Francisco and New York, engaged an apartment here Monday night upon his arrival at Reno. M. E. Bryant of San Francisco early next month, friends of the pilot stated Tuesday.
Lewis' ship went into a tail spin after "turning flat" during the take off at Elko Tuesday morning and crashed to earth. The pilot was killed instantly according to advices received here. Lewis had been in the mail service since early in January.
Before the war Lewis was an electrical engineer. He was about 38 years of age and lived in San Francisco.

Dallas, Texas, Feb. 22.—William D. Coney, trans-continental flyer, was forced to earth at Bronte, Coke county, Texas, early Tuesday by engine trouble, according to a report received at Love field. It said the aviator, who was attempting a Pacific to Atlantic coast flight, was not injured. He left San Diego at 7 o'clock last night.
Bronte is approximately 200 miles southwest of Dallas on the Kansas City, Mexico & Orient railroad. It has been understood that the aviator was following the course of the Texas & Pacific from El Paso.

The message from Lieutenant Coney said that carburetor trouble had forced him down. Love field aviation officers did not make public the text. The message was received at 11:30 a. m. and shortly after that Major Richards and a carburetor expert left in an airplane for Bronte.

WILL RESUME FLIGHT.
Jacksonville, Fla., Feb. 22.—Lieutenant William D. Coney will continue his trans-continental flight to Jacksonville with a short delay at Bronte, Coke county, Texas, according to a telegram received here by his mother from J. C. Jackson, manager of the Western Union at Dallas.

TWO START WEST IN AERIAL MAIL DERBY
Hazelhurst, N. Y., Feb. 22.—Two airplanes, each carrying 350 pounds of mail, left Hazelhurst field Tuesday for San Francisco, piloted by E. M. Leonard and E. M. Allen. They expect to reach the Pacific coast in 36 hours.
Reports to public authorities here said that Leonard was forced by misty weather to alight near Dubois, Pa., but plans to continue to Cleveland.
Allen, it was reported, reached Cleveland at 12:15 o'clock and was relieved by Pilot W. J. Smith, who continued the western flight in another machine.
Plans for the trans-continental air mail trips from Hazelhurst and San Francisco have been under way for two weeks upon orders from the post-office department. Planes and pilots were to be changed at Cleveland, Chicago, Omaha, Cheyenne, Salt Lake City and Reno on the western flight.

Argentine Gusher Flows 20,000 Bbls. Country's Oil Record
Buenos Aires, Feb. 22.—The ministry of agriculture today announced that Oil Well Number 128, in the Comodoro Rivadavia district, just completed, is flowing at more than 20,000 barrels a day. This well, in a new producing section, has broken all records for production in Argentina.

Silesian Plebiscite Subject at Council of Nations League
London, Feb. 22.—The question of the forthcoming plebiscite in Upper Silesia, to determine whether the district shall go to Poland or Germany, was taken up at Monday's allied conference here. The official communiqué says an agreement was reached that the plebiscite should be held the same day for both residents of the district and qualified voters from outside it.
The British government, it was added, had undertaken to place four battalions of troops at the disposal of the high commissioners for the plebiscite.

BAVARIA GUARD FEARS RADICALS

Munich, Feb. 22.—(By the Associated Press).—Disbandment of the Bavarian home guard must depend upon the conclusion of an agreement between the Berlin government and the entente relative to the actual amount of reparations Germany must pay, and the manner of payment. This was declared to be Bavaria's real position on the disarmament problem by prominent officials here Tuesday.

It is held that if the London conference fails to reach a financial agreement and if French or other entente forces should occupy additional German territory, Bavaria would have greater need than ever for a home guard to preserve order and prevent radical elements from overturning the government.

SENATE KILLS FREE SEEDS.
Washington, Feb. 22.—House provisions in the agriculture appropriation bill allowing \$367,000 for the annual congressional distribution of free seeds were struck out Tuesday in the senate.

For Your Blood

You are just as strong and healthy as your blood. It is likewise true that you are as young as your arteries. Vigor and health come with good blood. Without good red blood one has a weak heart and poor nerves. It may show in nervousness or in that weak, tired feeling. If your blood is thin and watery, face pale or pimply, if you are generally weak, tired and listless, a vegetable tonic should be taken. One that will do the house-cleaning, an old-fashioned herbal remedy that was used by everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape root, Queen's root, Stone root, Cherry Bark, without alcohol, and made into both liquid and tablets. This blood tonic was first put out by Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 60 cents for a large trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Write for free book on blood disorders, medical consultation free. Over two million bottles of Dr. Pierce's medicines sold last year. Try it NOW. Do not delay!

Judge Cohalan Twists British Lion's Tail at New York Dinner

Chicago, Feb. 22.—That England was a menace to the United States and the menace must be removed before this country could be assured of peace, was the declaration of Judge Daniel F. Cohalan, of New York Monday night in an address at a Washington Day dinner given by the Committee of One Hundred for an Irish Republic.

Judge Cohalan said the United States should insist on England's freedom here Tuesday.

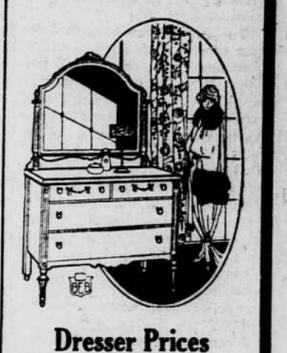

ing Canada and the West Indies as a basis of negotiations for the settlement of her war debt to this country, declaring that England through war preparations in these places was preparing for a conflict with the United States.
"The British empire must be dis-membered if the world is to have peace," Judge Cohalan continued.
Blown by suction from the intake manifold, a whistle has been invented to warn a motorist that the circulation of lubricating oil in his car has stopped.
