

SENATE FAVORS GAME AND FISH REORGANIZATION

Two Amendments Tacked to House Bill Before Concurrence.

B. C. White Criticizes Measure as Political Machine Expansion.

Staff Correspondence. Helena, Feb. 23.—Voting down all but two amendments, the senate, in committee of the whole Wednesday recommended for concurrence senate substitute for H. B. 15, reorganizing the state game and fish commission.

White Criticizes Bill. Senator B. C. White of Fergus county moved to strike out the enacting clause, upon the grounds that Republicans in past sessions have always worked for abolition of the establishment as a political machine.

H. B. 174—Prohibiting minors under the age of 18 from frequenting pool or billiard halls without the consent of their parents was amended, on motion of J. W. Anderson of Richland county absolutely prohibiting their presence in such establishments with or without consent.

J. R. Page of Granite county attacked the quarter of a million dollar deficiency bill from the state asylum, saying there was nothing to prevent persons at the head of state institutions from spending as much money as they saw fit.

J. H. Lenthold of Stillwater county observed the expenditures cited all occurred under a Democratic administration. Both said the legislature called the attention of the governor two years ago to this situation, and added if somebody doesn't start removing people from office pretty soon, the deficiency, instead of being \$500,000 will be \$1,000,000.

F. B. Connelly, Yellowstone county chairman of the committee that recently investigated the asylum said the committee found things in good shape and that per diem cost of caring for patients had risen in the past few years from 80 cents to \$1.10. He added, however, that a comparison of the costs per patient of the Montana asylum with those of other states showed costs in most of the other states were considerably higher.

W. J. Paul of Powell county said he knew something about the situation. That last May or June the state board of examiners was confronted with the question of either allowing the deficiencies to be incurred or of calling a special session of the legislature to appropriate money.

WHAT MADE THE CHANGE?

This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains so badly I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."—Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Galloway of Silver Bow county said with a reduction of only seven members the bill was not worth considering and moved indefinite postponement. His motion was ruled out of order. A motion by H. A. Galloway to re-commit the bill prevailed. Larson wanted the committee instructed to report the bill with a total of only 70 members, but made no motion.

McKay of Sanders county scoring one of his few victories when the members adopted his motion to kill the bill, substitute for house bill No. 27. Later the senate refused to reconsider its action.

This is the bill which tends to reduce the salary of the chairman of the board from \$6000 to \$5000.
