

BUSINESS GIRLS CLUBS IN STATE TO HAVE CAMP

State Organization Plans to Procure Site on National Forest West of Helena.

A state camp for the Business and Professional Women's clubs of Montana was talked of at the recent convention held in Missoula, March 2 and 4. Miss Bertha Carroll of Helena, first vice president has already begun investigations for such a camp. In a letter to Miss Bessie Davey of Great Falls, received Saturday, Miss Carroll writes: "I saw the head of the forest service and spoke to him about a state camp for us. He said we could secure one of about an acre or a little more for \$10 a year. Of course this would also give us the surrounding lands, but that particular spot for building purposes, garden and so forth. He suggested an ideal spot about 40 miles west of Helena on the railroad and then about six miles south. The land is right on the Blackfoot river where the fishing is fine, and being near the forest reserve the scenery is wonderful."

Mrs. Lena Lake Forrest, national president of the federation of Business and Professional Women's clubs, was enthusiastic over the idea of a state camp in Montana during her visit and told the state officers she would gladly pay for the site of such a camp in the mountains of Montana.

AUCTION OF CLOTHING INTERRUPTED WHEN OFFICER HALES HERSKOVICH TO JAIL TO PAY REST OF OLD FINE

An auction sale in one of the south side clothing stores was rudely interrupted Saturday afternoon at 1 o'clock when Deputy United States Marshal Sathre entered the store and placed the proprietor, D. Herskovich, under arrest. Herskovich was found guilty on a charge of violation of the national prohibition act last fall in federal court and was fined \$125. Because he pleaded that he was poor and that his wife and family would starve unless he were permitted to work for them, commitment was stayed by the court and Herskovich allowed to pay his fine on the installment plan. Fifty-five dollars of the fine was paid, but the remaining \$70 was still unpaid Saturday when the marshal's office discovered that Herskovich was the proprietor of one of the south side clothing stores, and had been the owner of it all the time. Commitment was immediately ordered by the court, which was followed by the arrest and lodging in the county jail of Herskovich. Herskovich tried to argue with Mr. Sathre saying that it would ruin his business, that he had a sale on and that the fine was only a small amount anyway. Finding that his arguments were in vain he accompanied the deputy to the county jail and about an hour later two of his friends appeared and paid the \$70. Saturday morning immediately after the court convened Judge George M. Bourquin directed that a verdict of not guilty be returned in the case of the United States against J. O. Peragan, who was charged with embezzling funds while cashier of the First National bank at Carlyle. The verdict was rendered because of insufficient evidence.

NEW OATS VARIETY OF SWEDISH ORIGIN

Cascade County Farm Bureau Procuring Hardy and Early Maturing Grain.

Cascade county, with a number of other counties in the state, is co-operating in the shipping in of a superior variety of seed oats known as "Victory" oats to be used by the farmers for planting this spring. This variety yields from 120 to 140 bushels per acre according to records made of its yields last year. This seed has been secured by the county farm bureau through the efforts of County Agent F. E. MacSpadden. Considerable work will also be done with the Hancock and Trembarley, the desert wheat grass. Enough seed of this for five demonstrations has been secured by Mr. MacSpadden among other small grains. "Victory" oats, said Mr. MacSpadden, "is a variety bred by Prof. Nilson of Svalof, Sweden, who has been breeding farm plants for 30 years. The first stocks were brought to Canada about nine years ago. It is a very heavy yielding, branching tree oat with a white characteristic gloss to the hull, which is fairly thin. The straw is medium fine, but very strong. It ripens early and combines quality of grain with yield, strength of straw, and adaptability to a wide range of conditions. The straw is fairly fine and makes an excellent feed. At the same time it is very strong and stands a great deal of bad weather before lodging. This variety surprised many last year, and the showing made against drought. Owing to the size of the grain, wild oats can be almost all removed by the average farm fanning machine."

TO CONTINUE SALE OF SHOW TICKETS

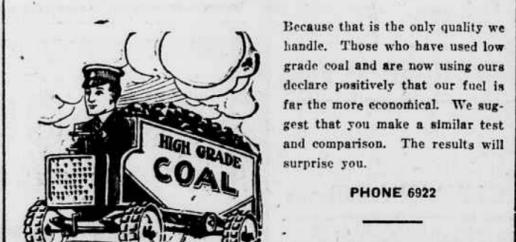

Teams Make Progress in Campaign for \$2000; Several Rehearsals Planned.

Sale of tickets for the benefit entertainment of the unemployed at the Grand theater March 21 will be continued this week, according to Harry Newman, who is superintending the work of the teams of high school girls who began the \$2000 ticket selling campaign Saturday morning. Mr. Newman reported Saturday evening that the six teams had made good progress toward the \$2000 goal in the initial day's drive. The cast for the entertainment, which will include more than a half dozen skits and musical numbers, will hold several rehearsals this week under the direction of Mrs. Pauline Beckman, who is in charge of the program for the unemployed men's committee. Miss Mary Hansen, deputy county auditor, in charge of charity work for the county, and H. Hudson, chairman of the unemployed committee, are working on needy cases every day, extending aid to those found worthy after investigation by the committee. The committee is meeting daily at Lyceum hall, to carry on relief work.

Episcopal Bishop Here From Helena to Confirm Class

Bishop William F. Faber of Helena, of the Episcopal diocese of Montana, arrived in Great Falls Saturday and tonight (Sunday) will officiate at the services of the Episcopal Church of the Incarnation. He will preach at both the morning service at 11 o'clock and the evening service at 8 o'clock. At the morning service he will confirm a class. The enrollment in high schools in the United States now is 100 times that of 1870.

WOMAN IS HELD ON CHARGE OF STEALING \$1225

Alleged Drinking Bout With Rapidly Shifting Scene Involves Mother of Two.

Alleged theft last week of cash and valuables worth \$1225 by Winnifred Rockwell, alias Jessie Ring, from Sam Barron, alias Sam Barrows, was followed Saturday by developments that made jail prisoners of both parties, she on a charge of grand larceny and he for allegedly giving her liquor. Mrs. Rockwell was arrested last week for investigation and is said to have admitted that she once had a part of Barron's missing money in her possession, but under circumstances that caused County Attorney H. G. Bennett to decide against prosecution. She told Mr. Bennett then that she met Barron in a dance hall later went with him to a south side garage to get a drink and from there to where more drinks were served. She and Barron finally returned to a Central avenue hotel, where they were admitted by a bell-boy and taken to Barron's floor in the freight elevator, she stated. Says Barron intoxicated. Barron, she told Mr. Bennett, was intoxicated and wanted more liquor. He told her to take \$20 from his pocket and go for a bottle, her story continued, and she is said to have admitted that instead of the \$20 she took three \$100 bills, three \$50 bills and perhaps several bills of smaller denomination. In the complaint filed in the Wilson justice court Saturday, Barron accuses her of taking \$650 in currency, \$500 in travelers checks and a \$75 diamond pin. Mrs. Rockwell's story to the county attorney was that when she started for the liquor she met a taxi driver who took her to a south side rooming house, where she said she laid \$100 on the table and ordered a drink for all hands. Her account continued that she was told the change would be given her in the morning and she says that the last she remembered was that the balance of her money was taken from her stocking as she lay on a couch. The management of the rooming house has said that she came there without money, and was loaned \$10 in the morning, officials say. Man Also Arrested. Barron was held in default of \$1000 bail and \$1200 was fixed by Justice C. A. Wilson as the woman's bail. Mrs. Rockwell got the woman's name, Mrs. Jennie Ring, and is the mother of two small children.

Believe Mitchell Well in Cat Creek Will Be Producer

Special to The Tribune. Helena, March 12.—Helena residents interested in the Mitchell Petroleum group in the Cat Creek field believe that they are next in line for a producing well with bringing in of the Charles well No. 2 of the Franz company in the SE 1/4, NW 1/4 Section 21, which is 1,400 feet from the site where the Mitchell company is drilling. According to word received here by A. E. Spriggs, a member of the Mitchell company, the Charles well is the first to strike oil in the second sands and also secured oil of the same high grade as secured in the wells in the first sands. The well extends the length of the field for more than a mile toward a much shorter distance, Mr. Spriggs said. Among those interested in the Mitchell holdings are Judge Henry C. Smith, Associate Justice C. H. Cooper, S. C. Ford, C. P. Cotten, E. E. Spriggs, Jake Lossner, Mrs. William Goodyear and J. L. Dobell of Butte, A. R. Mitchell of Lewistown, Merle C. Greene of Lewistown, L. E. Tucker and "Scotty" Brown of Missoula.

John Branagan Dies; Owned One of Richest Lincoln County Mines

Special to The Tribune. Libby, March 12.—John Branagan, 63 years of age, died here Tuesday. Mr. Branagan was a prominent early-day miner in this section and owned the Brick & Branagan group, considered one of the richest mines in Lincoln county. Last fall Mr. Branagan was brought to Libby suffering from what appeared to be the last stages of consumption. For several days prior to being brought here by his friends he had been lying beside a creek in the West Fisher country, not far from his mine, living on crackers and water, and taking what he considered an open air treatment. The body was shipped to a brother, W. L. Branagan, editor and banker, at Emmetsburg, Iowa, for burial.

Child Falls in Tub of Boiling Water; Dies From Injuries

Special to The Tribune. Dillon, March 12.—Left to play in the doorway while the mother attended household duties the baby daughter of Mr. and Mrs. Joseph Eden died from injuries received when she fell into a tub of boiling water. The mother was scrubbing the floor when the child entered the kitchen unbeknown to her, backed against the tub of water and fell in.

3 Razors; 3 Honors; 2 Gal. Hair Tonic Are Barber's Loot

That he stole three razors, three honours and two gallons of hair tonic at the Dixon barber shop and sold the tonic to Joe Walker, was the admission to Jusztina of the Peace P. J. Shields. He was given a 30-day jail sentence. Walker had been discharged from the shop, but was returned to work at his own request. The next morning the proprietor missed the tools, the tonic and a grip, and discovered that the grip and Walker were at the police station. Walker had been taken in for drunkenness and admitted the theft when taken before Justice Shields.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

ARMOUR FOR MAYOR Boosted at Meeting

Forty business men of Great Falls held a "booster meeting" for R. M. SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Walt's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Good Judgment After Eating

Bringing the Stomach the Alkaline Effect by a Star's Dyspepsia Tablet is Worth Remembering. You cannot, as a rule, say in advance that this or that or other food will cause indigestion. Experience has taught most people that even mince

pie fits snugly at times while at others a glass of milk raises hobs with the stomach! One good rule to follow is the preventative measure of taking one or two Star's Dyspepsia Tablets after meals. You thus avoid gasiness, sour stomach, heartburn and such distresses due to indigestion or dyspepsia. These tablets also help to digest the food by giving the stomach the alkaline effect to offset acidity; they relieve the distress when the mince pie or milk should be more than a match for your digestive powers. Get a 60 cent box of Star's Dyspepsia Tablets at any drug store and note how nicely they seem to calm the stomach when it feels all upset.
