

FOARD DENIES RUMOR OF BIG APPROPRIATION

Says Health Department Has Not Received Unreasonable Amount for Work.

A rumor has been prevalent in the city and county that the health department is receiving \$44,000 a year for its upkeep, and because of this opposition has been met by the health department when improvements have been suggested, according to Dr. Fred T. Foard, captain of the public health service, who is sent here by the government to assist the Great Falls health department.

Red Cross Co-operating.

"The American Red Cross service and Montana Tuberculosis association are co-operating with the city and county in a financial way," said Dr. Foard, "but not on a 'fifty-fifty' basis as is the general impression. A sum of \$22,000 was jointly appropriated by Cascade county and Great Falls for organizing and conducting the health department from August 16, 1920, to August 15, 1921. The total amount appropriated by the United States Public Health service for the last year was \$5,000, of which \$200 per month for 6 1/2 months, or \$1300 has been expended toward paying one half the salary of the city health officer. Seven hundred and eighty-eight dollars of this fund has been expended to date for traveling and other expenses incurred by myself, which leaves a balance of \$2912 still on hand. Money disbursed from this sum is sent out from the bureau of public health service in Washington, D. C., and is not a part of the general fund.

\$1800 For Nurse.

"The total amount appropriated by the Home Service section of the Red Cross for the year for employing one public health nurse was approximately \$1800, one half of which had been expended February 28, leaving the balance of \$900 on hand. This money is disbursed from the city chapter of the

FOUR CHARGED WITH BURGLARY GO TO CHOTEAU

Teton County Authorities Take Men Alleged to Have Robbed Store at Boile.

Alleged to have robbed the Bole Mercantile company's store at Boile last Wednesday, Carl Skeie, William Bebout, Melvin Romsh and A. H. Parnell, arrested by the Great Falls police in a shack at Seventh alley and Second street south Wednesday, were taken to Choteau by Sheriff Martine of Choteau Sunday, and handed over to the authorities of Teton county. The arrest of the suspected men followed several days of close watch on the shack, where the men were living, by Policemen J. L. Baltazor, Chief Marcus Anderson and Baltazor entered the place Wednesday morning and found a quantity of merchandise corresponding to goods reported stolen by the company in Boile. The four occupants were arrested.

Need a Beer Stein? Crate Is Included in List for Auction

Beer steins, the old German kind that the residents of Milwaukee used to lift to thirsty lips in the "good old days," when the foamy liquid could be obtained for a nickel a glass, without signing a contract to use it for medicinal purposes—a whole crate of them will be sold when the Great Northern railway here holds its auction sale of unclaimed goods to pay storage charges next Thursday. The steins were consigned to goodness knows who—according to Freight Agent W. D. Loftus. Anyway, the consignee didn't anticipate that Attorney General Palmer would legalize the use of beer for medicinal purposes, and didn't bother to call for his property.

BOOST SCENERY OF STATE, PLAN OF ROTARIANS

Ira Gregory Tells of District Convention in Salt Lake; Rogers a Delegate.

Plans to boost Montana's scenic attractions as a source of value to the state were formulated at the twentieth district convention of Rotary at Salt Lake City last week, according to Ira L. Gregory, who with George Rogers of the Great Falls delegation, returned here Sunday. Tom Davis of Butte was elected governor of this Rotary district including clubs in Montana, Utah and Idaho by acclamation, and the question of a dissolution of the present district was carried by a large majority but by a reconsideration vote a recommendation to the international organization not to split the district was made.

The Great Falls delegates, aided by the Butte club, fought the proposed measure of a separation, and Mr. Gregory stated that the matter would most probably be passed in Montana's favor at the international conference. When asked concerning a tentative program to be directed by him as governor, Mr. Davis said that he would carry out the plans inaugurated by Mr. Bristol. He paid high tribute to the activity developed by this retiring governor, who will not be replaced until July, when the international convention will confirm the election.

Boost Montana.

International Rotary has a policy or program of universal service which is adhered to by every district," said Mr. Gregory Sunday. "In addition is a distinct national plan which will be developed locally by every club. This includes Americanization and boys work. In this district these will be emphasized by each club.

"Apart from the plan of national service, will be brought up a scheme for treating each state's problems by the state clubs acting in co-operation for the realization of a fixed program.

ALLEGED 'CON' MAN BROUGHT BACK TO CITY

Said to Have Fleeced M. Rocin; Is Returned by Officers From Fargo, N. D.

Tom Muntain, charged with being a "con" man and alleged to have fleeced Thomas M. Rocin, 1912 Sixth avenue north, of \$1,000, was returned to Great Falls Sunday from Fargo, N. D., following a description of him and a confederate wired through the state by Sheriff Bob Gordon. Search for his confederate is being continued. Muntain is held at the county jail.

Muntain was positively identified by Rocin as one of the Rumanians with whom he became acquainted here and who wanted him to start them in business. Rocin said he put up \$1,000 in the venture and several hours later found that the two men had fled. Muntain admitted being in Great Falls on the date of the alleged swindle and of being in the company of the other man suspected but denied having received any of the money which exchanged hands, officers say. He stated Sunday that his accomplice "shook" him at Havre and fled with the money. He refused to disclose to Sheriff Gordon the direction taken by his associate.

Sheriff Gordon stated yesterday that Muntain's friend would probably be arrested shortly as a description is being sent through all the neighboring states. Muntain fought extradition for several days before he was returned to Great Falls.
