Seattle, Wash., March 16.—Invitations have been sent by the University of Washington to a score of colleges and universities located in many parts of the west to enter their track runners to an annual relay carnival to be held here April 24.

"Heck" Edmunds, Washington track coach, who will have charge of the carnival already has men working on the track getting it in shape for the dozens of athletes who are expected.

Among the schools invited were the University of California, Stanford University, University of Southern California, University of Oregon, Oregon Agricultural College, University of Idaho, University of Montana, Montana State College, Washington State College, Whitman College, University of British Columbia, Utah Agricultural College and the Willamette University.

Several Olympic games stars may run at the carnival. On the team of the University of Southern California has announced it expects to send none other than Charley Paddock and Wilson Schiller, both of whom ran at Antwerp last summer. Pat Perrine, another Olympic team member probably will represent the University of Idaho.

Examinations at the University of California and Stanford University may be postponed so that students from those schools from attending, according to word received here from the south.

The program, as outlined by Edmunds, will include the pentathlon, consisting of the broad jump, javelin throw, 200-meter dash, discus throw and the 1,500-meter run in the order named. A sprint race of 100 meters will also be staged. The rest of the program includes a mile relay, 100-yard dash, a freshman high school half mile relay, two mile relay and varsity half mile relay.

First Real Workout of Club Comes Friday With Giants' Second Team.

Chicago March 16.—Charles Comiskey, president of the Chicago American baseball league club, Wednesday severed all relations with the seven White Sox players connected with the 1919 world series scandal. In a communication addressed to the seven players, Comiskey notified them that with a few exceptions, all their contracts were to be considered null and void.

The players, formerly under suspension from the club, have notified their owners that they wish to be permanently eliminated. Those whom the notice was directed are: Charles Risher; Fred McMullin; Joe Jackson; O. F. Felsch; W. Weaver; C. P. Williams; and E. W. Ciochete.

The first real workout of the White Sox squad comes Friday, according to reports from their training camp at Texas which is reported at Hot Springs training headquarters, dispatches said. President H. H. Frazier is expected to be at the springs in a day or two to interview any other protesting players under similar conditions who may appear.

Buffalo, N. Y., March 16.—Starting and closing his set with scores of 224 pins S. Fairley, of Toronto, Ont., topped the bowlers in the singles event of the American Bowling Congress tournament Wednesday. His total of 629 was not good enough, however, to place him among the first ten in the tournament, standing in which Fred Smith, of Detroit, leads with 702 pins. Only six of the 112 competitors in Wednesday's singles event showed a score in the 600 class, while 1,100 totals were few in the double.

Seat sales for the American legion fights at the Grand theater Saturday night have already passed the mark reached at 5 p. m. on the night of the last fights on St. Valentine's day, according to Manager Will Steege of the Grand theater.

Greater enthusiasm even, than for the last bouts, is being shown by the crowds turning out daily to watch the workouts of Johnny Noye and Monk Fowler, the main event men.

Fans packed the balcony of the M. C. A. gymnasium Wednesday to watch the best workouts the boys have taken so far.

Tom Stout, editor of the Lewistown Democrat-News and former member of congress from Montana, was a Great Falls visitor Tuesday on business connected with the organization of a syndicate which has secured leases upon 2,000 acres in the Kevin oil field.

Mr. Stout is convinced that a great oil development is in store for Montana during the coming summer and declared while here that if the fields to the north of Great Falls are drilled he only partially as good as the geologists have reason to believe they will, that millions of dollars will pour into this section within the next few months.

Mr. Stout has taken an active part in the development of the Cat Creek section of Fergus county, where he is largely interested.

CUP CHALLENGERS DRAW FOR PLACE IN TENNIS TOURNAMENT

Spain Against England, Canada Against Australasia in the First Round.

New York, March 16.—The draw for the Davis cup, which was made Wednesday at the United States Lawn Tennis association headquarters, read as follows:

The first: Spain versus British Isles; Canada versus Australasia; Japan versus Philippines; Czechoslovakia vs. Belgium.

The four nations which drew boys will meet in the second round, as follows: Argentine vs. Denmark in the upper bracket, and All-India vs. France in the lower bracket.

The blind draw, which was made in the presence of a large gathering is considered an exceptionally well-balanced one. Under the present alignment it is expected that at least five or six of the preliminary matches will be played in this country.

Tennis authorities almost unanimously agree that Australasia and France were the logical nations to meet in the final round, the winner to face the cup-holding Americans at Forest Hills, N. Y., on September 3.

In the first round, over half, Spain and the British Isles will undoubtedly meet in Europe while Australasia probably will come to America to meet Canada. In the far east if Japan uses players now in Japan, if Kumage and Koshio form the team, the match probably will be played as both of these players are residing in the United States.

Mr. Campbell and others working on the scheme will negotiate at once with the officials of the Great Northern railroad to see what arrangements can be made for a special train. Mr. Campbell and his associates will also make a survey to see how many de-termined to take the trip to determine the size of the train.

The present train to Kevin on the Sweetgrass line goes to Sweetgrass and returns immediately allowing only about a two hour stop at Kevin and the aim of Mr. Campbell and his co-workers is to get the special train which will stop at Kevin.

SUES TO QUIET TITLE TO LOT IN GREAT FALLS

Suit was brought in district court Wednesday by the Emerson-Brantingham Co., against Ralph Saule to quiet title to lot G, block 574 of the fifth addition to the Great Falls townsite. The property was transferred to the company last January by sheriff's deed following a mortgage foreclosure suit, in which another party was defendant, and Saule claims an interest adverse to the plaintiff's, it is alleged. The company asks that its rights be established as prior to the claims of any other concern or individual.

REPUBLICAN TAXPAYERS!

It is more important to you to have a successful business man as mayor of your city than as governor of your state, because you pay about eight times as much city tax as state tax. My record and success in a business way and otherwise in my 18 years' residence here is open to your investigation.

I am convinced that with proper business sagacity and reasonable economy, such as you or I would use in our own personal business, such an increase was not necessary, and that our city taxes should be and can be materially reduced, and that without loss of efficiency. I am myself a heavy taxpayer so my interests are your interests. If I am your mayor I shall use the same business methods in the city's affairs as in my own affairs. We should not be penurious or stingy in city affairs, neither wasteful nor extravagant.

I am pledged to a progressive, efficient business administration, with law enforcement, economy and reduced taxation.
