FRANCE IS SIGNED FOR BOXING CARD OF LEGION, MAY 16

Either Fowler or Schauer Will Be His Opponent, but Choice Hasn't Been Made.

The services of Earl (Young) France have been secured by American legion officials for the next fistie program to be staged in Great Falls May 16. France, the fighting lawyer from Los Angeles, is the present lightweight champion of the Pacific coast and followers of the fight game are assured of a good bout no matter who is signed to meet the coast champion. Either Monk Fowler or Johnny Schauer will be in the other corner, but Mr. Molony and Frank McDonnell, who are signing the participants have made no decision as to what lightweight will be selected.

France's ring record is pretty well known to Great Falls fans. He has participated in more than 150 bouts and has been declared the winner in the majority. His most recent fight in Montana was with "Muff" Bronson of Portland at Missoula, April 16. He was awarded a referee's decision over Bronson after 15 rounds of fast mugging. Prior to that he was matched with Clonny Tait of St. Paul at Butte, but Tait was unable to fight because of a broken hand. After the Great Falls bout it is possible that France will be matched with Jack Josephs of Minneapolis at Butte. Josephs and France met previously and the decision was a draw but the majority of newspapers gave France the decision.

France and his manager, Billy Rose, are at present in Butte but it is likely they will come to Great Falls this week and make their headquarters here in preparation for the bout. France is a boxer who is willing to carry the fight to his opponent and fans can expect a good headline event.

Johnny Schauer met France on the coast over a year ago and is anxious to meet him before Great Falls fans. The decision was given to France by the referee in their bout, but Schauer, claiming that the newspapers gave him the better of the fray. Whatever the decision was the bout was but a four-round affair and short bouts are unsatisfactory in deciding which man is better unless it is altogether one-sided. If they meet here the bout will be a "hummer". There is no question of weight to come between the two men as they can both make the 135 pounds mark.

If France meets Monk Fowler he will have to make 133 pounds at 3 o'clock but his manager, Billy Rose, says that he can easily make that weight. However, Fowler and Schauer. However, Fowler is matched at Havre on May 23 and two fights to close together might be too much for him in view of the fact that he has been laid up for a few days with a touch of tonsillitis.

The semi-windup on the May 16 card will be a single one, Bob "Pie" Brown and "Bill" Crawford are of the opinion that the eight rounds will not be needed. Both boxers are working hard and the bout will be a fast one from start to finish. Brown is in wonderful condition. Crawford has been away from the fight game for some time and it is possible that the younger man will have the edge on him as he has been working hard for months and will give all he has to show the Great Falls fans that they have a clever local product.

The preliminaries have not been decided yet but they will be chosen within the next day or two. It is probable that "Chick" Ferguson will appear in one of them, but it is a guess as to whom his opponent will be.

If the commissioners can find a good colored boxer who is willing to put up a real fight they will have a good bout for the preliminaries, "Billy" Crawford is a good colored boxer and is anxious to get a place on the card and Molony and McDonnell are working hard to find a suitable opponent for him.

Dr. W. D. Madden has been chosen by the commission to be the official examiner of participants in the May 16 event.

Evening Montanan of Miles City Quits

Miles City, May 1.—Suspension of the Evening Montanan with the issue of Saturday, was announced Saturday night by Independent Printing Co., of which J. D. Benjamin is the head and which company also publishes the Daily Morning Star.

In announcing the suspension, Mr. Scanlan attributed the necessity for it to demands for an ever increasing wage scale by compositors, culminating in the demand for a 44-hour week. Seven members of the Independent company's force will be affected by the suspension.

"To meet the new demands of the printers," said Mr. Scanlan "would require an increase in advertising rates which the advertisers could not afford. Suspension of the evening paper was therefore considered as the best alternative that presented itself. In lieu of the Evening Montanan, a midnight mail edition of the Daily Star will be issued."

Indian Gets Patent for Device to Save Wreckage of Ships

Browning, May 1.—Robert J. Hamilton, full-blooded Indian and chairman of the Blackfeet Indian council, has recently been granted a patent on an apparatus for ships which has for its object the saving of Indian and other complete wreckage of ocean craft from being foundered at sea. The idea originated with Mr. Hamilton immediately after the disaster to the ill-fated Titanic, at which time he began to build his model. After much study and work, the idea was demonstrated by him in Washington, D. C., where it met with favor. Mr. Hamilton filed his application for patent in March, 1919, and after two years of waiting the patent was granted on April 19, 1921.

SOUTHERN DRAMA CLEVERLY PLAYED

Honors were evenly divided among the members of the Associate Players at the Palace theater Sunday night in their presentation of "The Sweetest Girl in Dixie". The wholesome comedy of Mary Roberts Rinehart's southern play, which is one of the best of the local stock company was a pleasing combination that was thoroughly appreciated by the large audience.

The role of Baby, the sweet, young southern girl whose loyalty to her father and to her colored mammy brought tears to many in the house during the recent scenes, was played by Eunice Richards, the new leading lady of the company. Miss Richards won the audience from the start and the applause and flowers given her during the performance forecasts a lasting popularity with Great Falls people. Claude McHutchins as Colonel Howard, a genteel and lovable southern gentleman, was particularly adapted to the part and gave the role a most realistic interpretation.

Honors Evenly Divided Among Associate Players in Latest Production.

Each of the others in the company maintained the standard set by Miss Richards and Mr. McHutchins. Particularly worthy of mention is the impression made by Myrtle Pepin as Aunt Carolina, the colored mammy. Her delineation attained the perfect. Ben Thompson, a grasping "old skinker", Gio Giffen, a grouchy spinster, Will Harlan, a "lazy old nigger", and Will Gould, the northern cousin, were excellent.

SUPERBAS, PIRATES, ONLY NATIONALS IN REAL WINNING FORM

Brooklyn Lands Tenth Straight Game Sunday and Pittsburgh Makes It Five.

New York, May 1.—The Brooklyn National league champions, who won their 10th straight game Sunday, and Pittsburgh, with five straight victories, are the only National teams displaying winning form. None of the other teams could do better than break even last week.

The Cleveland Americans, world's champions, regained the American leadership from Washington Sunday when the Senators lost to Philadelphia. The Indians are kept to the fore by their heavy hitting, which has averaged about 10 hits a game since the start of the season.

The Brooklyn pitching staff is going along smoothly and has been rewarded by timely batting. The Superbas won two last week, although held to four hits in each contest.

The twirlers of the New York, Chicago and Cincinnati teams, on the whole, are doing well, but the teams have been unable to convert hits into runs.

The return of Outfielder Roush should strengthen the Reds' attack. Heavy hitting by Boston, Philadelphia, and St. Louis last week failed to offset lack of pitching.

Traveling Board Strongly Condemned by Wheatland Post

Harlowton, May 1.—Resolutions condemning the traveling federal board for vocational training, disapproving of the use of money intended for disabled ex-service men in payment of "junketing trips," disapproving of the "utter disregard of published promises and the wanton discouragement of deserving men" have been passed by Wheatland Post, No. 15, American Legion. The resolutions call attention to the fact that a traveling case board of between 20 and 30 persons, at an estimated daily expense of \$300, met in the various larger cities of the state and advertised they would deal finally with all vocational training cases but that six men from Harlowton attended the board at Lewistown and received no definite action or satisfaction whatever.

Paddock's Trainer Predicts Lower Time for 100 Yard Dash

Los Angeles, May 1.—Dean Cromwell, track coach of the University of Southern California, trainer of Charles Paddock, world's champion 220 yard sprinter and joint holder of the world's record for the 100 yard dash, declares that the limit of human capacity for the 100 yard dash has not been reached. Paddock, he said, or some one else will lower the figure of 9.3-5 seconds for the century run. Coach Cromwell also trained Howard Drew, joint holder of the 100 yard record. Discussing the possibility of lowering the 100 yard record, Cromwell said: "You know that Rosebuck's great burst of speed at the finish of a race propels him through space faster than at any other time. I am convinced Rosebuck ran the last ten yards at Berkeley and at Stanford in 4-5 seconds. That is at the rate of eight seconds flat."
