

HEALTH OFFICES OF CITY-COUNTY TO BE RETAINED

Continuation of Present Dual Arrangement Will Be Recommended by Board.

That the public health department of Cascade county and the City of Great Falls be retained for another year after the expiration of the present year on August 1 will be recommended to the city council and the county commissioners next Monday evening, according to a decision made by the advisory board of health at its regular meeting in the public health offices Saturday morning. Members of the board present were H. B. Mitchell, B. C. Johnson and Ross M. Armour, mayor.

Milk Filings Awaited.

Dr. Aloysius Dolan reported that the milk ordinance to be enforced in this county had not been made to conform with the state ordinance due to the fact that this office had not yet received the necessary regulations from the State Livestock Sanitary board.

Placards to Show Sanitation.

Hereafter Sanitary Police Commissioner William Shea, when rating the restaurants, meat markets and all places in the county where food is either manufactured or sold will placard them according to their rating. If the inspection shows the place to be between 90 and 100 per cent sanitary a white card will be placed in the window, if it is rated between 80 and 90 per cent a blue card will be hung in the window and if rated below 80 per cent a red card will be hung in the window. Citizens are urged to beware of the red card for to eat in a restaurant or purchase food from any meat market or grocery thus placarded means danger to that person's health. All places receiving a rating less than 75 per cent will be immediately closed, as has been the custom.

In rating the restaurants the separate wash room and separate dressing rooms for the employees will be taken into consideration.

URSULINE PUPILS IN MAY DAY FETE

All Grades From Kindergarten to High School Take Part in Dances.

A May Day festival was given by the pupils of the Ursuline academy Wednesday afternoon under the direction of Miss Maybelle Maher, physical education instructor of the institution, and a number of feature dancing acts were effectively rendered.

The offering opened with a "First of May" dance by the first grade and kindergarten, followed by a minuet, given by the second and third grade pupils. A special dance, "Melody in E," was given by the following students: Ellen Berges, Marabeth Sullivan, Mary O'Mahoney, Flora Jones, Dorothy Bennett, Catherine Sandahl, Elna Kinna and Catherine Murray.

The fourth and fifth grades presented a drill and a special dance, "The Pavlova Gavotte," was given by the pupils. Isabel McVey, as the May Queen, starred in the sixth and seventh grade offering and the grand drill was well received. A Japanese dance given by the eighth grade, followed by a well delivered solo toe dance by Catherine Sandahl.

The weavers' dance was rendered by the first year high school, followed by drill in exercises. The Shepherdess dance was given by the second and third year high school and all classes joined in the finale May Pole drill.

BOYS ARE INVITED TO MEETING HERE

Y. M. C. A. Workers Convass Northern Montana in Interests of Conference.

Efforts are being made by members of the various committees to bring a large delegation of outside members to the Y. M. C. A. Boys' conference, which will be held in Great Falls May 27, 28 and 29, and the steering committee is working zealously to carry the message of their purpose to all parts of northern Montana in order that no section will be unrepresented. At a meeting Thursday night the various committees were appointed.

The steering committee has already covered the districts of Belt and Cascade and today (Sunday) a joint visit of Carter and Flowerlee has been planned. Next Sunday a double lecture will be given at Fort Benton and the following week Augustus and Gilman will be the scene of the committee's activities. The vicinity of Sand Coulee and Stockett has been covered by Ralph Wolf, general secretary, and he will visit Choteau in the near future. H. Van Zandt is in the Lewistown locality and Kalispell and the high line district will be taken care of by J. C. Reed, Americanization secretary.

Advertising circular letters have been sent to various portions of northern Montana by R. A. Stowe, Billings, associate state secretary. The entertainments are being arranged by Great Falls people.

Former Bookkeeper for Power Company Dies in North Dakota

Robert Bowers, who last winter was employed as bookkeeper for the Montana Power Co. in Great Falls, died Friday at Devils Lake, N. D., from blood poisoning, according to a telegram received Saturday by his grandparents, Mr. and Mrs. Robert S. Andrews. Bowers was 22 years old and was working in Virginia when the infection set in, and left immediately to return to his home in Devils Lake. He had been home only a short time when he died.

Mrs. Andrews will leave today (Sunday) for Devils Lake to attend the funeral. Mr. Bowers is the son of Mrs. Charles Bowers of Devils Lake and is the nephew of Mrs. Otto Bjornson, Mrs. Sidney Alexander and Miss Camellie Andrews of Great Falls.

SHAM SPEED AND TRAFFIC COPS TO TAG BOTH AUTOMOBILES AND PEDESTRIANS FOR \$2500 FUND

There will be all kinds of speed and traffic cops in Great Falls next Saturday, May 14—Good Roads day—and it matters little whether motorists are speeding or not, for the car is not properly tagged for the day it will be halted and assessed \$1 for Great Falls' good roads fund. It is estimated that there are 3,500 automobiles in the city and the goal set for the fund is \$2,500.

The money is to be distributed among the Custer Battlefield Highway association, the Park-to-Park Highway association and the Y-G-B line, \$1,000 being pledged to each of the first two and \$500 to the Y-G-B line. These highway associations spend large sums each year in marking the routes and in purchasing and erecting road signs, all of which brings to Great Falls a direct benefit well worth the assessment, according to L. J. Smith, secretary of the Commercial club. Each city along these routes is likewise assessed.

A. P. Heaney, chairman of the good roads committee of the Commercial club, on Saturday announced the names of the workers who will be employed as traffic cops and in other ways on Good Roads day, as follows: Harvey Blomquist, Roy Page, C. O. Dahlberg, R. V. McKenzie, Joe Fligman, Clarence Conrad, C. T. Gregg, W. C. Searies, Russell Strain, A. J. Troelick, Roy Y. Johnson, Frank Wheeler, Oshes Devine, Louis C. Thiberty, Julius Hilgard, Archie Frita, Frank McDonnell, J. D. McCracken, Earl Moore, George Perry, Waldo Freeman, A. C. Lefebvre, Roy Drain, Mr. Corn, Charles Kraus, C. E. Lanstrum, Mr. Ward, William Haggerty, Louis Beers, Tom Evans and Fred Woehner. The names of men selected from each of the automobile dealers to assist in Good Roads day work will be announced Monday.

In addition to assessment of \$1 to be made against motorists next Saturday all pedestrians are to be tagged by girls, the amount to be contributed by each person being left to the individual. For this purpose, the services of 30 girls of high school age are needed and volunteers are urged to telephone their names to the Commercial club—0450.

BOY SCOUTS REVEL IN FIRE APPARATUS

Nozzle of Big Hose Proves Hard to Handle; Slide Down Pole Is Bliss.

A second class of instruction was given the boy scouts Saturday afternoon in the art of fighting fires, by Chief J. J. Troelick. About 25 scouts were on hand and exhibited a great deal of enthusiasm in the new work. They were taken through the various parts of the Central fire station and told the meaning of everything that is used in fire prevention and fighting.

As a test of the motor apparatus an alarm was sounded and the scouts sprang to their places on the trucks and the motors started.

The second portion of the instruction afforded some little amusement for spectators. The scouts were taught how to hold a hose and most of them thought it would be as simple as handling a garden hose but they were surprised. The hose was placed in line and the chief directed four of them to handle the nozzle. It was turned on and the four boys in charge of the nozzle had to call for reinforcements. They were then given a short lesson in carrying a hose from one position to another.

SPEED COP CRASHES INTO AUTOMOBILE

Motorcycle Officer Rebounds Against Street Car; Taken to Hospital.

By Sappington, city motorcycle officer, was seriously injured Saturday afternoon in a collision between his machine and an automobile at Second avenue north and Tenth street. Either from being thrown against the car or from alighting on the pavement, the officer received a severe bruise on the back of his head and did not recover consciousness until after he was taken to the Deaconess hospital.

Chief of Police Marcus Anderson said late in the afternoon that Sappington had not then been able to give an account of the accident, but that the indications were that he crashed into the automobile while occupied in watching a crowd of children who were going home from school. Sappington told Chief Anderson that he might be able to recall the details of the accident when he was further recovered, but that he then could not remember seeing the car before he struck it.

Sappington was riding west on Second avenue and struck the car in the side as it was passing in front of him at the Tenth street intersection. The car was slightly damaged and the frame of the officer's motorcycle was badly bent. The automobile was driven by Carl Fuller of the Forrest garage.

Call Mass Meeting in Boston Heights

A mass meeting of the residents of Boston Heights will be held next Thursday evening at 8 o'clock, at the Boston Heights church, to discuss plans for civic improvements for the part of the city. H. O. Folkestad, secretary of the Equity Co-operative association, will preside.

A similar meeting was held last Thursday evening, when a number of important matters were discussed but no action was taken. It is the plan to organize a civic improvement league among the residents of Boston Heights.

WATER FLUSHED FROM MAINS OF CITY'S SYSTEM

Chemical Mixture Changed at Purification Plant to Remedy Discoloration.

Until water now in the city mains is removed and the pipes flushed, taps over the city will discharge water with a greater coloration than has been noted at any time since trouble was first experienced with the mixture of chemicals at the filtration plant. It was stated Saturday by City Engineer M. L. Morris. Flushing of the mains was begun Friday by the fire department. Patricia Vegas, Montana Vegas, Margaret Speck, Pansy Garrison, Minerva Henion, Edna Welt, Regina Jakaski, Miss Freda Kempen, Jennie Felix, Walter Felix, Henry Felix, Kathryn Fograha, Ivy May Tanner, Inez Holler, Ledora Kerr, Doris Hardy, Ivy, Eilian Hardy, Kenneth Carlsson, Dorothy Christeson.

Effects of the flushing of the pipes will show in different parts of the city on different days, the engineer stated. At least three days and perhaps a week will be required to flush all the mains and water in the portion of the city first covered will probably be running clear before work in another section can be begun.

Fire Plugs to Flow.

Mayor Ray M. Armour said he had given instructions for a thorough cleansing of all the mains in the city and that every fire plug will be tapped

MAKE MOVIES HERE TO BE SHOWN HERE

Pantages Circuit Offers Great Falls People Chance to See Selves on Screen.

With Great Falls people as the actors, motion pictures will be taken in the Grand theater next week which will be developed, printed and shown on the screen as part of the Pantages vaudeville show of the following week. The pictures will be taken and the actors directed by Joe Maddern and Tom Ward, who have been with some of the principal film companies in California.

All of the parts in the "movie" will be played by Great Falls people, who must apply to the office of the Grand theater any time Tuesday or Wednesday of this week, to see Mr. Maddern.

Belt High School Girl to Contest at Missoula

Miss Sima Bakko of the Belt Valley high school will represent that school at the state declamatory contest at Missoula next week. Miss Bakko will be accompanied to Missoula next Tuesday by Miss Theresa Auerbach of Great Falls, who is teaching in the high school at Belt this year. Miss Bakko is the winner of the preliminary contest held at Belt last week.

Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

Alert and Powerful—Value of Spinach and Organic Iron to Help Make Rich Red Blood and Revitalize Wornout Exhausted Nerves

WITH PLENTY OF BLOOD AND IRON, YOUR BRAIN IS THE MOST wonderful thing in all creation but without these it is nothing. IRON TAKES OXYGEN from your lungs and carries it to your brain. Without iron your brain gets no oxygen; and without plenty of rich red blood and oxygen your brain becomes dull and heavy, YOUR INTELLIGENCE POOR, your memory fails, YOU DO FOOLISH THINGS, make bad decisions and you really amount to nothing, so far as accomplishing anything of importance is concerned.

Also without iron YOUR BLOOD BECOMES THIN AND WATERY and loses its power to change food into living cells and tissue and therefore nothing you eat does you the proper amount of good—you do not get the full strength out of it.

When, as a result of iron starvation you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and eat more spinach and other iron-containing vegetables and take organic iron with them to help enrich your blood and revitalize your wornout, exhausted nerves. But be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the no longer do your day's work without being all fagged out at night; when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and eat more spinach and other iron-containing vegetables and take organic iron with them to help enrich your blood and revitalize your wornout, exhausted nerves. except where conditions make the practice unnecessary. Necessity of tapping the plugs was emphasized a few days ago, the mayor said, by conditions observed at a small fire, for which water was taken from a "dead end" of a main. At this place the water showed a deep red and a considerable amount had to be released before the color improved. Flushing was begun along Park Drive Saturday and the work will progress steadily eastward until the city is covered. The flushing is being done by a crew detailed to the work by Fire Chief A. J. Troelick.

Pupils of Mrs. Kufus in Recital on Friday

Mrs. J. C. Kufus will present a group of her pupils in a piano recital to be given next Friday evening at Edison Recital hall when a number of feature selections will be rendered. The following pupils of Mrs. Kufus will take part in the entertainment: Marion Benedict, Mary E. Jackman, Clayton Jewell, Dorothy Mullin, Patricia Vegas, Montana Vegas, Margaret Speck, Pansy Garrison, Minerva Henion, Edna Welt, Regina Jakaski, Miss Freda Kempen, Jennie Felix, Walter Felix, Henry Felix, Kathryn Fograha, Ivy May Tanner, Inez Holler, Ledora Kerr, Doris Hardy, Ivy, Eilian Hardy, Kenneth Carlsson, Dorothy Christeson.

GIRLS! LEMONS WHITEN THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quart of pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn and tan bleach because it doesn't irritate.
