BRINGING UP FATHER

ARRESTED 4TH TIME ON LIQUOR CHARGE

Bootlegging Accusation Faces Dan Stafford Again in District Court. Dan Stafford, familiar figure in the district court, was arrested Tuesday morning by Deputy Sheriff Michael Kommes on the charge of selling intoxicating liquors. The arrest was made at the Last Chance cigar store, Eighth avenue north and Nineteenth street. Stafford was taken into custody on a bench warrant issued by District Judge J. H. Leslie.

Taxpayers' League Gains in Members

The membership roll of the Cascade County Taxpayers' association is steadily growing, according to H. H. Rooney, its vice president. No campaign for members is being pressed, but the movement is winning new subscribers each day. The membership at the present time is more than 200. It is the intention of the officers to bring the roster up to at least 2000 members.

TRIBUNE FINANCIAL PAGE STOCKS - BONDS - MARKETS

Stock Market as seen by Bulls & Bears

Reported by H. B. Laska & Co. New York, May 24.-Generally speaking the market was lower. Considerable pressure was applied to Baldwin, Crucible and a few other special issues. Copper weakness was observable in Baldwin. Selling in this stock seemed to emanate largely from sources which had been very active on the selling side of the stock for some time. A directors meeting of the company is scheduled to take place the latter part of this week and there is persistent talk that the dividend may be reduced. Business of the equipment companies has fallen off considerably lately and it was pointed out by those bearishly inclined, passing the Central dividend, that the Central preferred dividend selling in Central Leather. It is anticipated that at the next dividend meeting of Crucible, the disbursement on the junior issue will be sharply lowered. The character of the selling in the market seems to be strong and suggestive of a vigorous effort of the bear element to bring about fresh liquidation and consequently lowering in prices.-Logan & Bryan.

New York Market

FINANCIAL. New York, May 24.-Readjustment of quoted values in conformity with suspended or reduced dividends made further perceptible progress in the stock market today. A wide variety of issues, mainly speculative, established lowest records for a year or more. Among the shares which today entered the rapidly increasing list of non-dividend payers were Central Leather Preferred and Remington Typewriter. Other developments of the session, such as further price cutting in steel and iron, a new floor reaction for Liberty bonds and stiffer money rates were among the factors which restrained all bull market initiatives. In the early stages of the market, pools endeavored to enlist public interest by their support of some of the oil, tobacco, chemicals and other closely held specialties. These efforts failed, however, and the market was driven back to general to buy and sell. Central leather preferred made an extreme decline of 8 1/2 points, the common stock of the same name losing 7 1/2. Remington Typewriter lost 7 1/2 and Baldwin Locomotive, Harley Crucible and Lockwood, American Woolen, Royal Dutch, California Petroleum and several of the minor rails and specialties were impaired by two to six points. In a vast majority of cases, final quotations were at or within a fraction of the day's low. Sales amounted to \$80,000,000. The money market reversed its usual course, opening easy but rising to 7 per cent for call loans before midday. This was attributed to heavy withdrawal from the federal reserve bank, necessitating calling of loans. Foreign exchange was heavy at the outset, but strengthened on news of the Silesian truce. Liberty 3 1/2's exceeded all previous minimums at 107 1/2 and others of the group were irregular. Some foreign issues were strengthened by the probability of success of the French offering, but the general tone of the bond list was uncertain. Total sales (par value) \$174,750,000.

Chicago Market

GRAIN AND PROVISIONS. AT CHICAGO. Chicago, May 24.-Crop failure news from Nebraska sent wheat soaring today, although earlier a decided drop in values had taken place. The close was furtive, 5 1/2 cents to 7 cents net higher, with May \$1.73 1/2 to \$1.74, July \$1.34 1/2 to \$1.34 3/4, Corn gained 3/4 to 3 cents, and oats 2 1/2 to 3 1/4. In provisions the outcome varied from unchanged to a maximum of 1 1/2 cents. Reports that the Nebraska wheat crop is showing the same morbid disclosure that has of late been characterized in Kansas, brought about a wave of buying after midday, and made sellers hard to find. The central and eastern parts of Nebraska were said to be especially affected and to be making no improvement where there had been favorable weather conditions. Heat and drought which prevailed elsewhere over the greater part of the wheat belt counted further as incentive toward higher prices at the last, for in the morning the majority of traders were misled by temporary coolness and by forecasts of showers. The May delivery in particular fluctuated over an unusual wide range, a maximum of 1 1/2 cents, but business in that month was relatively slow. Scattered shorts bid higher, but outstanding American Woolen, Royal Dutch, California Petroleum and several of the minor rails and specialties were impaired by two to six points. In a vast majority of cases, final quotations were at or within a fraction of the day's low. Sales amounted to \$80,000,000. The money market reversed its usual course, opening easy but rising to 7 per cent for call loans before midday. This was attributed to heavy withdrawal from the federal reserve bank, necessitating calling of loans. Foreign exchange was heavy at the outset, but strengthened on news of the Silesian truce. Liberty 3 1/2's exceeded all previous minimums at 107 1/2 and others of the group were irregular. Some foreign issues were strengthened by the probability of success of the French offering, but the general tone of the bond list was uncertain. Total sales (par value) \$174,750,000.

NO SPECIAL DINNER AT CLUB SATURDAY

Meadow Lark's Dining Room Service Will Commence Sunday Evening. Because of the many guests expected to attend the opening of the Meadow Lark Country club and the arrangements made for a large afternoon tea, no course dinner will be served that evening, according to Mark Q. Skinner, the club steward. More than 30 reservations already have been made for Sunday evening's dinner. Though the rules of the club provide that only four hours' notice is necessary to make reservations for the special dinners, Mr. Skinner is requesting that all reservations for the special dinner Sunday evening be made before Saturday noon. The special dinner Sunday evening will be provided upon request. It is planned to have dinners every evening if the patronage of the club members warrants. It is expected also to have a special dinner dance each week, probably on Saturday evenings. Mr. Skinner states that the club house kitchen now is fully equipped and the entire list of kitchen and dining room employes installed.

MERCHANTS TO SEE FILMS OF BAKERY

Loose-Wiles Biscuit Company Will Entertain at Offices This Evening. The manufacture, packing and shipping of crackers and cookies at one of the world's largest bakeries is to be shown in motion pictures this (Wednesday) evening at the offices of the Loose-Wiles Biscuit company, 109 Commercial avenue, in the wholesale district. Fourteen hundred feet of film taken at the Loose-Wiles plants, "The Bakery of a Thousand Windows," Long Island City, N. Y., will be reviewed by merchants, salesmen and their ladies, who are to be guests of the Loose-Wiles company. The visitors are to be served with refreshments. Conveyances to take them to and from the showing will be provided upon request. The film also will be shown to the general public Thursday, Friday and Saturday of this week at one of the department stores.

Belt Creek Bridge Will be Done Soon

Construction of the new bridge across Belt creek, 2 1/2 miles below Belt, will probably be completed by the end of the week, County Surveyor R. G. Day stated Tuesday. The bridge crew is now erecting steel material and making ready for the rivet work. The bridge is a 128-foot steel span and is much needed in that section, although the road leading to it is not considered one of the main highways. The steel material used on the bridge was taken from the old First avenue bridge, making possible the construction of the span at a low cost. No part of Denmark is more than 500 feet above sea level.

War Veteran Wins Rural Carrier Job

Out of Whitehall. Special to The Tribune. Washington, May 24.-Senator Mayers was notified Tuesday by the fourth assistant postmaster general that E. C. Speck, an ex-convict man, had been appointed rural carrier out of Whitehall. He is commander of the American Legion post at that place. Several others stood the examination, but Speck won. Civil service examinations have been ordered for postmasters at Glacier Park and Phillipsburg.
