

# JAPANESE WOMEN FORM TO FURTHER PEACE WITH AMERICA

## SECURE FRIENDSHIP OF WHOLE WORLD IS DESIRE OF FOUNDER

### New Society Receives Support of Men Most Prominent in Politics of Nippon; Hopes to Work in Co-operation With Similar Bodies in Other Nations, Says Mrs. Yunkio Ozaki.

Tokio, May 25.—(By The Associated Press).—The promotion of peace between Japan and the United States and between Japan and China are the fundamental objects of a new society recently formed by Japanese women. Mrs. Yunkio Ozaki, wife of ex-minister of justice Ozaki in an interview Monday with the Associated Press, outlined the plans of the organization.

## SPLIT SILESIA TO END POLISH ROW, PLAN NOW

### Another Plebiscite in 30 Years Is Suggestion Made.

Paris, May 25.—(By the Associated Press).—The latest plan for the settlement of the Upper Silesian controversy, supposedly a British suggestion, is to give Poland and Germany, respectively, the communes that voted in their favor at the recent plebiscite, but to hold the entire territory under control of a special commission for 30 years.

Under the plan this commission would be appointed by the League of Nations and at the end of the 30-year period the population of the region would again be given the opportunity of expressing their wishes.

The exchange of views between London and Paris on the question are continuing and the feeling in French official circles was that the allies were coming together.

There seemed little question when the chamber of deputies met that the government of Premier Briand would be given a vote of confidence before adjournment. The premier's address before the chamber yesterday, in which he declared the present situation did not necessarily call for armed occupation of the Ruhr region of Germany, was an evident disappointment to many of his followers, but it did not appear that it would alienate many votes.

## 100,000 MARKS FINE FOR ILLEGAL RECRUITING

Berlin, May 25.—(By the Associated Press).—A new government order imposes a maximum fine of 100,000 marks for illegal recruiting or for organizing military bodies. Other orders issued completely close the Upper Silesian frontier and forbid the formation of armed corps for action in the disturbed area. The miners in the Lower Silesian coal fields have struck and all mines are idle. The trouble is due to a dispute over wages.

## Sisters in Suicide Pact Police Think; Dead in Kitchen

Chicago, May 25.—What is believed by the police to have been a suicide pact between middle-aged women was discovered Wednesday in the deaths of Miss Adena May, 43, and Mrs. Sadie Reiner, 45, a widow, in their gas filled apartments.

## CARUSO AND FAMILY TO SAIL FOR ITALY SATURDAY

New York, May 25.—Enrico Caruso, tenor, who is convalescing from pleurisy will sail for Italy with his family next Saturday.

## WIFE TAKES HUSBAND'S ADVICE

### And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and couldn't have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound. For the first four months I could do but little work, had to lie down most of the time, and was very nervous, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children the last one was the easiest birth of all and I am thankful for my Vegetable Compound. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Natalie's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

## MOSCOW PEOPLE ARE STARVING BECAUSE PEASANTS REFUSE TO SELL CORN; KEEP IT FOR SEED

Riga, May 25.—(By the Associated Press).—Moscow is near starvation, it is said, its reports from that city, because peasants refuse to sell their corn and are keeping it for seed. Governmental commissions sent to nearby villages to purchase corn are said to have returned empty-handed. Several million pounds of corn have been destroyed by rebellious elements in the Caucasus region. The economic soviet of Moscow has issued an order that state supplies will be granted only to workmen and children. Since the first of April this supply, however, has consisted of only one pound of bread each week. Workers are

leaving Moscow to hunt for food in the villages. A pound of bread sold for 1,800 rubles two weeks ago and it is declared the price today is 3,000 rubles. Sugar is selling at 18,000 rubles a pound. The high soviet officials import large quantities of food for their own use twice a week by diplomatic couriers from Latvia and Estonia. These shipments are made in the guise of "diplomatic baggage," and sometimes amount to whole carloads. They are treated with contempt by the population of the Baltic states and when a certain box of "diplomatic baggage," containing eggs, was broken at the railway station recently the crowd cheered lustily.

## Rich Business Field to Open in Colombia for U. S., Prediction

New York, May 25.—Great opportunities for North American business interests will be opened in Colombia upon payment of \$25,000,000 to the country by the United States in consideration of settlement of the Panama controversy, members of the Pan-American advertising association were told Wednesday by Earl Harding, of the Colombian Commercial corporation. Much of this money, which probably will be turned over within a few months, will go for construction of new railroads, Mr. Harding said. With development of the nation's transportation and a better feeling toward North Americans, the speaker pictured a rich field for profitable investment. Mr. Harding, who has spent several years in Colombia, predicted that the Colombian congress, meeting in July would ratify the proposed treaty without much debate.

## \$3,000,000 is Wasted on Engine Repairs on N. Y. C. is Charge

New York, May 25.—Estimates that the New York Central system expended \$3,100,322 more to have 196 locomotives repaired by outside shops than it would have cost to rehabilitate the engines in its own plants, were offered here Wednesday at the hearing by the interstate commerce commission into locomotive repair costs. Railroad officials contended that these estimates, presented by an examiner for the commission, were unfair. They explained that the New York Central cost sheets of repair shops listed only labor and materials. For a fair comparison, they said, it would be necessary to include interest on investment, machinery costs and overhead.

## Plea for Irrigation is Taken by Airplane; Coast to Harding

Redwood City, Calif., May 25.—A message from the California Real Estate Association to President Harding, asking that he urge laws for the extension of reclamation and irrigation in the west was handed to Eddie Rickenbacker American Ace, today, for delivery by airplane. Rickenbacker is scheduled to leave tomorrow morning for what he hopes to be a record breaking flight to Washington in the interests of the American Legion.

## 281 Prisoners Sent Wreath to Funeral of High Court Judge

Washington, May 25.—A wreath with a message of sympathy was sent by 281 prisoners at the district jail Wednesday for the funeral of Ashley M. Gould, senior justice of the supreme court of the District of Columbia. Many of the prisoners had been sentenced by the judge but, remembering his justice and fairness, they joined in contributing amounts ranging from pennies to quarters with which the tribute was participated.

## Will Teach Children

"Mrs. Inouye, wife of a professor at the women's university who is one of the founders, emphasized how much we wish to co-operate with similar associations in other countries. She said that she sought to teach children ideas of internationalism. "Viscount Shibusawa spoke earnestly of the value of the organization and the immense importance of the co-operation of the leading women of Japan in the effort to secure better understanding and in the spreading of international friendship."

The committee has asked Miss Marion Irwin, who is going to the United States, to represent the organization at meetings of women in that country. It is understood that endeavors will be made to remove from Japanese text books some of the extreme nationalism and substitute information of a more international nature.

## Receives High Support

Among the sponsors and leaders of the movement besides Mrs. Ozaki are Prince and Princess Konoze and Countess Tsuguro representing the highest nobility; Baroness Mezgatay, Mrs. Hanni, editor of the Womens Companion and Mrs. Teukamoto of Aoyama. One of the clauses of the constitution says: "The purposes of the association are to raise the general status of women and to bring about a better international understanding throughout the world."

## Modify Work Rules For Aboard Ship Duties at Confab

New York, May 25.—The wage and working rules committee of the American Steamship Owners' association Wednesday modified certain regulations relating to duty aboard ship which had been laid down by the operators in their negotiations with striking marine unions. It was asserted, however, that the association stood firm in its determination to cut wages 15 per cent and not to sign any more agreements with seagoing unions. The modifications will be presented to Secretary of Labor Davis at another conference in Washington Friday. Owners and union leaders agreed there was no change in the strike situation tonight and that it was a fight to the finish.

## WISHING WOMAN.

Pearl White's next picture for William Fox is a "wishing" story. Miss White wishes to be a millionaire's wife, the wish to be a famous woman; she wishes to have baby arms around her neck. The name of the picture is "Beyond Price." Most women will probably say those three wishes are beyond price.

## POLO ENDS VACATION.

Eddie Polo has returned to Universal City from two weeks at Byron Hot Springs, recuperating from the strenuous effects of his recent serial production, "The Seal of Satan." Doing 18 episodes of serial thrills calls for recuperation, especially if the nine of those episodes are filmed in Havana.

## STARTS "BEATING THE GAME"

Tom Moore, back from his honeymoon in Honolulu, last week began work at the Goldwyn studios here on his next photoplay, "Beating the Game," under the direction of Victor Schertzinger. The scenario is an original by Charles Kenyon, author of "King of the Ring." The leading feminine role will be played by Helene Chadwick, who played opposite Mr. Moore in his previous picture, "Made in Heaven." Others in the cast are DeWitt C. Jennings, famous on the speaking stage as an actor of police roles, Dick Rosson and Lydia Knott.

## COMPEL CHINA IS JAPAN PLAN

### Force Shantung Action by Immediate Withdrawal of Army.

Washington, May 25.—(By The Associated Press).—According to official information received here Japan is planning to take steps to compel China to begin negotiations for the recession of Shantung under the terms of the treaty of Versailles. Japan's program, according to this information is to begin withdrawing the large forces of troops which have been guarding the railway from Tsinan-Fu to Kiao-Chau without waiting for China to comply with the original suggestion that they be replaced by Chinese soldiers. The Japanese belief is that because the Japanese troops have been withdrawn, China will be forced to send her own troops into the area where it is said lawless bands have been operating with frequency. If the Chinese government takes up the work, it is said here, and demonstrates its ability to protect the territory and insure safety to the port of Kiao Chau, the Japanese government will take further steps of proposing that Chinese gendarmes replace the Japanese police and soldiers who have been guarding the port itself.

The Japanese viewpoint, as expressed here, is that Japan has waited two years for China to begin the negotiations for the return of Shantung and in the meantime has under way plans for her occupation of the peninsula. Washington, May 25.—Claims for more than \$10,000,000 have been filed by shippers and insurance companies against the Lehigh Valley railroad as a result of the Black Tom explosion of July 29, 1916, counsel for the railroad said today in asking the supreme court to review decrees of lower courts in two typical cases. The Black Tom disaster resulted from the successive explosion of shells and other munitions loaded on barges at the railroad terminal on New York City. The cause of the explosion was never definitely established.

## \$10,000,000 Claims Against Lehigh From Black Tom Explosion

WETS SHOWING NO SPEED SINCE "DRY" OFFICERS OFF

Washington, May 25.—Reports from various sections of the country show virtually no increase in the illegal liquor traffic, notwithstanding the recent cut of 700 in the federal field force. Prohibition officials say. In many instances, they added, liquor cases pending before courts are being continued because of the absence of agents needed as witnesses.

## HELLO BILL WOMEN TO FORM NEW LODGE NAMED ORDER OF DOES

Omaha, Nebr., May 25.—Organization of a new lodge of women whose husbands, fathers or brothers are members of the Benevolent Protective Order of Elks, was announced here Wednesday by Mrs. E. E. Stanfield of Omaha, who was named to head the order which is to be known as the Patriotic Order of Does. Branch lodges would be established throughout the country, Mrs. Stanfield said. She added that recognition of the new order by the Elks, however, could not be given because of the constitution of that order prohibits auxiliary women's organizations.

## HIS MORNING PERFORMANCES.

The school children have become so interested in "A Connecticut Yankee in King Arthur's Court" that William Fox has found it necessary to arrange Saturday morning performances at the Selwyn theater in New York City for the boys and girls. "A Connecticut Yankee" will be shown in Great Falls about Sept. 1.

## CHESTER TRIAL IS UNDER WAY

### State Asks Death Penalty, Defense Alleges "Frame-Up."

Kansas City, Mo., May 25.—Opposing counsel accepted a jury of 12 men Wednesday to try Denzel Chester, charged with the murder of Miss Florence Barton and opening statements were begun. I. B. Kimbell, special prosecutor, asked for the death penalty. Joseph Aylward, in his opening statement for the defense, made sensational charges that the case against Chester was a "frame-up." Chester, he said, was sent out of Kansas City on money furnished by the Midwest Detective agency, a private detective agency employed by the Barton family following Miss Barton's death.

Aylward charged that Chester was slugged and thrown from the train while being brought from Great Falls to Kansas City. Roy B. Garvey, the first witness, testified Miss Barton was brought to his house wounded, shortly after midnight, October 2, 1920, by her fiancé, Howard Winter, who cried: "My God, help me, she's been shot." Garvey said he got his own car and drove Winter and Miss Barton to Raytown, Mo., where they picked up a doctor and started for Independence, where a sanitarium is located. Miss Barton died on the way.
