

# 183 BOYS FROM 22 TOWNS REGISTER FOR CONFERENCE

### Banquet at Masonic Temple Features Saturday Program; Rev. J. M. Walters of Spokane Principal Speaker.

The sessions of the Older Boys' conference will close today (Sunday) and the 1921 conference in Great Falls is considered one of the most successful held by the older boys of northwestern Montana. The total registration for the sessions of the conference is 183, of which 95, are of members from outside towns and the remaining 88 from Great Falls.

The feature of the Saturday sessions of the conference was the banquet held at the Masonic Temple at which about 200 boys, adult leaders and clergymen were present. The talk of the occasion was delivered by the Rev. J. M. Walters, pastor of the Central Methodist Episcopal church in Spokane. Wm. Tom Davis of Butte was the toastmaster and several of the local and visiting delegates were called upon for short responses. The pastors of various churches at which the members in attendance at the conference will talk today were introduced among them being the Rev. Vere V. Loper, Daniel Bryant, A. G. Bennett and L. L. Totten.

#### Walters Principal Speaker.

The keynote of the talk was delivered by Dr. Walters, "The Truth," using as the basis of his talk the three crosses of Calvary he pointed out to his listeners the necessity of being upright in all dealings with men and the necessity of looking within themselves, and considering first of all their own integrity without being too critical of their fellow men.

"There is some chance for the man who is a liar," stated Dr. Walters, "if he has a so-called consistency about him. But there is one type of a liar for whom there is absolutely no chance. He is the man who is always trying to find a reason for lying. Such an individual is comparable to the unrepentant thief who was nailed to the cross on Calvary. But for the repentant thief there was a chance. He was a thief and a liar, but he made no bones about admitting that he belonged to such a category. If there is such a thing as an honorable liar he was one. In other words, without the least possibility of salvation. On those crosses were repentant, guilt, no guilt and unrepentant guilt. Which one of those will you be in 25 years. You must watch your own action and strive to be outstanding lights in your community life.

#### Singular Men Crucified.

The prime need of every community, city, state, nation and the crying need of the world today is nothing other than men who stand out as beacon lights to their fellow men, stated Dr. Walters. That is the meaning of true democracy. But in every crisis known to the world just that type of men has been crucified in one way or another by their fellow men. They were crucified because they were singular. Every revolutionary period of the country has seen such men from the time of Christ to the present day.

Dr. Walters concluded his talk to the boys and adult leaders with a number of illustrative stories. He will address the boys at 2:30 p. m. today (Sunday) and also at 8 p. m. The subject of his afternoon address will be "Receivers and Transmitters" and the evening address will be a topic selected by the speaker. This will be the closing address of the conference.

## BARBED WIRE ENTANGLEMENTS ENCIRCLE GEORGES CARPENTIER'S TRAINING CAMP

Elaborate barriers have been erected around the old Mathews estate, Man-hasset, Long Island, to insure peace and quiet for Georges Carpentier, the French champion, who is training there for his title bout with Jack Dempsey on July 2. A high board fence has been erected around the barns, which have been fitted up as gymnasiums, wherein Georges will do most of his training. Barbed wire has been added to the picket fence in front of the house. The photograph shows the barbed wire, which stretches across the top of the picket fence.

## Foreclosure on Land Asked in Court Suit To Talk to Youths at Baptist Church

Robert Dunsmore, Amy Dunsmore, his wife and the Nick Baatz Lijunor company are named as the defendants in a land foreclosure action filed Saturday in district court. On February 24, 1919, the complaint alleges, Dunsmore and his wife delivered a promissory note amounting to \$368 to the plaintiffs as agents of another person and also a mortgage on 160 acres of land. The plaintiffs claim that the defendants have failed to pay the interest on the note or the taxes on the land. The Nick Baatz company is involved in the proceedings because of an alleged interest in the land in question. The plaintiffs ask that the court allow for the amount of the note, together with interest, and also for the amount of the sale of the land. Freeman, Thelan & Frary are attorneys for the plaintiff.

## Lewistown Company for Oil Promotion Signs Two Men Here

Through negotiations with the Mosby Consolidated Oil corporation of Lewistown, E. J. Dailey and C. F. Blocha of Great Falls have become fiscal agents for the concern and will immediately launch a campaign for the financing of drilling operations in the Cat Creek and other fields. A bond has been given and contract entered into for the drilling of three wells and the number will probably be increased to 10 before July 1, according to Mr. Dailey.

The Mosby Consolidated Oil corporation has been until now chiefly represented by David Trepp and A. Heinicke of Lewistown, who will continue to be identified with the company. Mr. Trepp and Mr. Heinicke will devote their time to expansion of the company's acreage. Mr. Dailey will conduct a publicity campaign and Mr. Blocha will direct the fiscal department, Mr. Dailey said.

The company has 40,000 acres on 24 structures and has been numbered among the oil concerns at Lewistown since development of the Cat Creek field was begun in 1920.

## THEO S. COY

520 CENTRAL AVENUE

## Belt Creek Bridge Ready for Traffic but for Approaches

The Belt creek bridge, a few miles below Belt, was virtually completed Saturday, according to County Surveyor R. G. Day. As soon as approaches to the bridge have been constructed and the roads leading to it improved for travel the bridge will be thrown open to traffic. An estimate as to the cost of this work is now being prepared, said Mr. Day.

Considerable improvement work is being done on the Sun river road and a few days will see the worst sections of the highway in passable shape. The spreading of coarse gravel at the time the road was built is responsible for the unsatisfactory condition, according to Mr. Day. Road outfits are now engaged in hauling under material on the road and will later pack it by use of rollers. Another soaking rain and a day with the drags will place the road in good condition, Mr. Day stated.

## HUDSON CAR STOLEN

### INGROWN TOE NAIL

How to Toughen Skin So Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail will decrease inflammation and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

## Newly Named Advisor on Unofficial Visit of State Tax Board

Nels P. Haugen, recently appointed by Governor Joseph M. Dixon as advisor to the state board of equalization on matters of taxation, was a visitor in Great Falls Saturday. He arrived in Helena several days ago to assume his duties. Mr. Haugen stated that he had formed no plans for the conduct of his office and would not be ready to make suggestions until he had thoroughly advised himself on the situation and the state laws governing taxation. His visit in Great Falls was in an unofficial capacity.

Mr. Haugen came from Madison, Wis., where for twenty years he served as a member of the Wisconsin tax commission. For half of that period he was chairman of the commission. Mr. Haugen's official title has not been designated. He said it will not be determined until next week when he meets with the board for the first time. This is not Mr. Haugen's first time in Montana. He spent considerable time in the state last summer.

## Cornishmen Here Send Fund to Aid Idle in Cornwall

Acknowledgement of the receipt of \$110, subscribed in Great Falls two months ago and sent to the tin mining district of Cornwall, England, for the benefit of the unemployed, has been received by W. Terrill, who had charge of raising the fund. Mr. Terrill also received a copy of the Cornish Post, published in Camborne, which gave an account of the Great Falls contribution. The paper stated that aid had been received from all parts of the world but more particularly from America and South Africa. The Cornish miners have been idle virtually all the time since the signing of the armistice and have been compelled to solicit aid in order to live.
