

LABORERS AT \$4.50 A DAY SOUGHT BY CITY OFFICERS

With Acting Mayor Johnson in Charge, Applications Will Be Received Today to Replace 100 Strikers.

Supervision of the employment of laborers in the boulevard and street departments of the city will be directed personally this (Friday) morning by Acting Mayor R. R. Johnson and other members of the council. Decision to take this action was reached Thursday evening after it had developed that because of a misunderstanding instructions given in the morning for the hiring of applicants for work had not been carried out.

Ready to Hire Applicants.
"Under the arrangements understood generally by the council, and so far as I am concerned personally, the boulevard and street departments will employ all applicants for work," said Mr. Johnson. "Several men applied for work Thursday morning and Boulevard Superintendent Langren was instructed to employ them, but for a reason that was not fully learned today no men were hired. Some of the other aldermen and I will be at the city tool house and the boulevard superintendent's office Friday morning to personally see that applicants for jobs are hired."

Strikers Protest Dollar Cut.
Action taken by the acting mayor follows the calling of a strike by the federal labor union as a result of wage reductions ordered by the council last Tuesday. The former wage of \$5.50 for laborers was cut \$1 and

teamsters 75 cents. In keeping the street and boulevard departments supplied with labor all applicants will be hired until a full force is obtained, after which married men will be given preference. Advertisements are run this morning offering work to all applicants.

Union Men Determined.
Officials of the Federal labor union assert that the present force will not return to work until a settlement is made, and the first opportunity to discuss the situation will not be available until the next meeting of the council. The action of Acting Mayor Johnson in hiring another force will not result in the abandonment of efforts for conciliation, it is felt, but the seven aldermen who sanctioned the new wage scale are said to be in accord no plans stand that they will consider no plans for compromise.

No Garbage Collected.
Since the strike has started Wednesday morning there has been no garbage collected in the city, according to Sanitary Police Commissioner William Shea. Owing to the coolness of the weather, it was not considered necessary to adopt a temporary system for removal of the refuse.

Horses used by the city have fared well since the cessation of work. The stock was turned into the city pasture Thursday afternoon, but their holiday was short if sufficient men are hired today to resume work.

TO TOUR HERE FROM CANADA TO OIL FIELDS

People Across Boundary Are Interested in Montana Development, Says Calgary Man.

Due principally to their interest in the oil fields, an unprecedented number of people in Canada will during the coming summer make automobile tours through Montana, in the opinion of Frank Hagenbusch of Calgary. Mr. Hagenbusch stated at the Commercial Club Thursday that Montana oil developments are being closely followed in the western provinces of the dominion and that operations now under way will be viewed by hundreds of Canadian motorists before fall.

To Visit Structures Here.
Mr. Hagenbusch arrived in Great Falls from New York and will spend several weeks in Montana in the interest of eastern oil men. He expects to visit many of the structures in the northern part of the state before returning to Calgary, where he is extensively interested in the mining business. He states that the wheat acreage in Alberta is fully as large as seen last year and that crop conditions, as in Montana, are ideal.

Auto Roads to Open.
Tourist travel in the dominion is occupying the same commanding position as in the western United States, said Mr. Hagenbusch. The Banff-Grand Canyon trail is a route attracting much attention with motorists and connects the famous resort with a number of the United States national parks.

From Banff the trail runs east to Calgary, south through Glacier National park, Great Falls and Helena and through the Yellowstone park. From the Yellowstone the trail continues south through Pocatello, Idaho, Ogden and Salt Lake City to Grand Canyon park, west to San Bernardino and Los Angeles, from where it turns north through Oakland and Sacramento, Cal.; Klamath Falls and Bend, Ore., to connect with the Columbia river highway.

This road is followed through Spokane to Invermere and Golden, Canada. The highway is not completed between Golden and Banff and cars are shipped by freight over this stretch. The road between Lake Louise and Banff will be open to motorists June 15.

500 Shriners to Lead Rush to Yellowstone

Livingston, June 2.—Travel to the Yellowstone National park will open with a rush June 20, the opening day, officials of the park announced here today. A party of 500 members of the Mystic Shrine will enter the big playground on the first day of the season. The park will close September 15. Winter headquarters at Helena today were moved to the park.

Superintendent Horace M. Albright announces that all roads will be open when the tourist season begins, a condition which has not prevailed for many years. Light snowfall in the park makes this possible.

Among the principal improvements in the park this year will be new auto camp grounds, the construction of a hot water plunge and sulphur baths, the opening of a boys' school, and the establishing of a large laundry.

Claim of \$1200 Filed Against Patten Estate

In a complaint filed in district court Thursday by George A. Ambrose against C. H. Cobb, as administrator of the estate of John N. Patten, who died April 5, 1921, the plaintiff asks the court to sanction his claim of \$1200 against the estate. Ambrose alleges that he performed certain services for Patten, covering a period from January 1, 1916 to January 1, 1921, and that he has never received payment. He estimates the monthly value of his services to be \$20. He states in the complaint that the present claim to the administrator at the designated time and that it was rejected by Cobb.

Ambrose is said by friends of Patten to have served as housekeeper during the years mentioned in the complaint.

The surface of the Dead sea is 1400 feet lower than the surface of the Mediterranean.

300 AT DINNER BY WOMEN OF BUSINESS CLUB

Possibilities of Business and Professional Women's Club Big, Says Speaker.

"The purpose and duty of the Business and Professional Women's club is to bring out the best that is in every individual and to do this we must all get behind the people who are at the head of this organization," said Miss Lois Trombley in addressing the members of that club at the guest dinner Thursday evening in the palm room of Hotel Rainbow.

"We cannot sit back and say, 'why don't we do something?' We have either got to howl or keep still," she continued. "The world is interested in what we put into the organization and not what we get out of it. We can accomplish so much as a mass that cannot be accomplished as an individual. We must impress the business world with dignity and make our organization on a par with men's organizations. There is no question as to what can be done with you as you are representing every branch of service in the city when we all pull together."

To Give More and Get More.
"Each must feel that his work is the best work in the world and then each will give more and get more. The Business and Professional Women's clubs were organized in 1919 to get united action, to gather and distribute information relative to vocational opportunities and in every way to promote growth in this country. They are self-supporting, non-sectarian and non-partisan."

More than 300 women attended the guest dinner given by the club. Vocal solos and encore numbers were given by Miss Inez Lewis, Miss Kathleen Sutherland, a violin solo and encore by Miss Doris Englander and a piano solo by Miss Katherine Koll. Miss Myrtle McBratney appeared in "A Swedish Impersonation of the Courtship of Miles Standish," and responded with an encore. Miss Laura Barrett gave an interpretative dance, "Valse," by Durand and an encore number. Jean Cowan, Miss Agnes Peterson, Mrs. Ross Armour, and Miss Lola Ball were the accompanists at the piano.

Open House Saturday.
A special number on the program was an address by Miss Theo Whiting, an Americanization worker for the W. C. T. U., on the need of Americanization work among the foreign women of Great Falls. Miss Whiting said: "The business woman is the most independent body in the world and because of this independence it is her special task to perform the 'big sister or friendly neighbor act' to her foreign neighbors."

Saturday afternoon open house will be kept in the club rooms in the Johnson hotel for the club members. Tea will be served and Miss Agnes Cole, art supervisor of the Central high school, will talk on the "Thistle" print pictures which are being exhibited in the club room this week.

A business meeting of the club will be held Friday evening, June 10, at the club rooms and at this time a new vice president will be nominated. Miss Lois Kendrick, Miss Margaret Parsons, Miss Mae Fogarty and Miss Gretchen Mady have been appointed on the nominating committee.

Funeral Services for Woolley Today

Funeral services for F. R. Woolley, who died at the Conrad hospital Tuesday, will be held this (Friday) morning at 9 o'clock at St. Ann's cathedral. The Rev. Father M. T. O'Brien will officiate. Burial will be in Calvary cemetery. Mr. Woolley was a resident of Montana for the past 12 years, and for the past two years has been farming in the vicinity of Conrad. He was a member of the Maintenance of Way Employees' association and the Catholic Order of Foresters of Quebec. Surviving him are his wife, three sons, William of Lethbridge, Frederick and Wilford of Great Falls, and two daughters, Mamie of Great Falls, Ethel of Red Deer, Alta, and Margaret of New York.

14 Babies Measured and Weighed at Clinic
Fourteen babies were weighed, examined and measured Thursday afternoon during the baby clinic hours held at the public health office. Dr. Fred T. Ford was the attending physician and Miss Margaret Muckley, director of the child welfare division of the state board of health, gave advice and instruction to mothers attending the clinic.

Miss Dora Mecklenberg and Miss Nella M. Woods assisted Dr. Ford during the clinic. These nurses, accompanied by Miss Muckley, will leave today (Friday) for Cascade to attend a meeting of the women there and complete plans for the reorganization of the baby clinic at Cascade.

Large sagebrush, even in desert places, gives indication of rich soil.
