False Claims.

WE hope there is no Mother who thinks she can treat her sick baby without calling in a Physician, or with remedies that she uses for herself.

Most Mothers know that Baby requires remedies especially prepared for babies, yet there are some who think that what is good enough for them is good enough for Baby...

False claims may kill, but false claims can never restore your child.

For over thirty years Fletcher's Castoria has been aiding in the reduction of the deaths among infants as Mothers have become more and more acquainted with it.

Always keep it in the house.

Children Cry For Fletcher's CASTORIA

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous...

Your judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation...

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher...
