

COUNTRY PUPILS IN HIGH SCHOOL RUN COSTS UP

Students Registered From Canada and Many North Montana Towns.

The increased enrollment in the high school and junior high school of Great Falls this year is creating an expense of between \$6,000 and \$7,000 more than last year, it was stated by S. D. Largent, city superintendent of schools, at the last meeting of the school board.

Despite the fact that the enrollment is larger this year than at the same time in 1920 there are 600 fewer Great Falls pupils than there were last year, he stated, and the increase is consequent on the large numbers of pupils both from outside the district and outside the county attending schools in Great Falls.

The reason given for the increased number of outside students is that the schools of Great Falls have better teachers than those districts from which the pupils come. Both Superintendent Largent and L. G. Cook, principal at the high school, stated that this is the main reason given by the majority of the pupils when asked why they do not attend the schools in their own districts and counties.

Pupils Here from Canada. Registration records presented to the board showed that there are pupils at the high school and junior high from Canada as well as Chinook, Glendive, Miles City and numerous other points in Montana. Of the number registered it was shown that there are 96 from outside the county and 88 from outside the district at the high school. In addition to these there are 40 from outside the county at the junior high. The grade school registrations have not been checked.

Superintendent Largent pointed out that there would be more from outside the district and county than would be shown by the registration records as a number of students coming from outside territories give Great Falls as their home. He stated that he could understand why students came from Belt, Saad, Conine, Stockert and other small towns within a short distance from Great Falls, explaining that many of them told him they were compelled to work their way through school and were unable to find employment in their home towns.

Tuition Can Not Be Charged. The members of the school board were of the opinion that something would have to be done in the future as the increased enrollment would tend to hamper the education of Great Falls students owing to the crowded condition of the schools. The question was brought up as to the right to charge tuition of pupils from outside. J. W. Roberts, chairman of the board, stated that he was of the opinion no charge could be made but the board could refuse to teach the children. Superintendent Largent was of the opinion that no charge could be made to the pupils and the board could not refuse to teach them in the schools of Great Falls because the schools are free institutions of education.

SEEKING RECRUITS TO MARINE CORPS

Applicants Must Be of Good Physique and Meet High Mental Requirements.

Orders to resume general recruiting have been received Tuesday at the United States marine corps recruiting station, 317 1/2 Central avenue, by W. W. Dawson, sergeant in charge of local recruiting. Since July 1 only the enlistments of former marines have been accepted, but the new order opens the corps to former soldiers and sailors who have been discharged with character "excellent" and to men of previous service who can qualify. Men applying for enlistment must ordinarily be 20 years or more of age, but men of exceptional physique who have not quite reached the age will be received now. Applicants must be at least five feet, five inches tall and weigh 130 pounds. Taller men must be heavier. Exceptions may be made for men with previous honorable service in the marine corps or by special permission of the major general commandant of the corps. No man will be accepted who cannot read or write English and intelligently carry out ordinary instructions. The order cautions recruiting officers to eliminate all undesirables that only the highest type of young men may be admitted to the ranks of the corps.

Jail Terms Given Two in Justice Court

Two men faced Justice of Peace P. J. Shields Tuesday and came away with jail sentences affixed to their records. Frank Hunter, 19, who was arrested by police after he had attempted to pass a worthless check on a southern merchant, pleaded guilty to the charge and was sentenced to 15 days in the county jail. The court was lenient because of Hunter's youth. James Francis Elderick, 19, confessed that he was responsible for the theft of a suit of clothes and other articles from Harold Stevens, taken from his room in the Elmore hotel. The prisoner did not act as though he was unfamiliar with courts, according to Judge Shields, and he was given 30 days. Stevens recovered his property from the pawnshop dealer who bought it of Elderick only after the sheriff's office threatened action against the merchant.

MUST PAY \$20 A MONTH PENDING DIVORCE ACTION

Order to pay an allowance of \$20 a month for the support of Mrs. Ethel Tolliver and children was directed against Francis Tolliver, the husband, Tuesday. Payments are to be made on the 1st of each month, beginning October 1. The order, signed by Judge J. B. Leslie, will be in force until annulled by the court. A divorce action filed July 28, 1921, is pending against Tolliver.

For every 100 women in Australia there are 111 men.

Great Falls Baby Second in Clinic at Helena Fair

A Great Falls baby boy, the three year old son of Mr. and Mrs. Clair Flint, won second place in the baby clinic at the state fair, according to word received Wednesday by Mr. Flint from Miss Helen Buckley, supervisor of nursing for the state board of health. The babies entered in the clinic were judged on their conformity with perfect physical development for children of their age. The Great Falls baby was given a ranking of 99.

HUNTER DROWNS CROSSING LAKE IN LEAKY SKIFF

Harry G. Hawkins of Great Falls Loses Life in Attempt to Cross Water.

Attempt by Harry G. Hawkins, 25, of Great Falls, to cross a small lake, 18 miles from Cut Bank, Tuesday evening, in a boat in which other members of his party refused to venture, cost him his life. One hour after he started the leaky boat was blown to the shore and late Wednesday afternoon searchers had not located the body.

The circumstances under which Hawkins left the boat are not known, but word received by his mother, Mrs. George Hawkins of 308 Second avenue south, was that he was probably compelled to quit the leaking boat and was carried down by his heavy hunting clothes. Hawkins was hunting ducks at the lake with seven other men, and found the boat abandoned on the shore. The other men declined to enter the boat, but Hawkins is said to have thought that he could cross in it alone.

The mother was notified of her son's death early Wednesday morning and Merle LeMay, a brother-in-law, and James Hawkins of Havre, brother, left immediately to assist in the search for the body. The father, George Hawkins, well known bathhouse proprietor, is at Thermopolis, N. M., and is expected to arrive in Great Falls this (Thursday) evening.

Harry Hawkins was a native of Great Falls and lived here the greater portion of his life. He was a machinist and was employed until recently at the Great Northern shops, and previously at the smelter of the Anaconda Copper Mining Co. After the closing of the Great Northern shops, last spring, he went to Cut Bank to operate a tractor for his father-in-law, E. N. Clapper, and was so employed at the time of his death.

Servicing Mr. Hawkins are the widow and one small child, both now at Cut Bank; the parents, Mr. and Mrs. George Hawkins of Great Falls; two sisters, Mrs. J. W. Hightower and Mrs. Merle LeMay, both of Great Falls, and a brother, James Hawkins of Havre. The body will be brought to Great Falls for burial.

BABY CLINIC TODAY. Babies and children of pre-school age will be given free diagnostic services at the clinic to be conducted at 1:30 this (Thursday) afternoon at the city and county health office.
