Co-operation Asked for Unemployment Conference's Plans

The president of the chamber of commerce of the United States has telegraphed the Great Falls Commercial club asking co-operation for President Harding's emergency program at the national unemployment conference. Business men are especially asked to assist in furthering the work and the president of the chamber asserts in his telegram that no other interests can give greater assistance or have larger responsibilities.

Opportunities for remedying unemployment will be lost through delay, the telegram stated, and it is asserted that one day of effort prior to cold weather will be of greater value than several days later in the season. The national chamber is asking all commercial bodies to forward information as to action taken locally.

STOCKETT BABY CLINIC
The baby clinic at Stockett will be held this (Wednesday) afternoon at 2 o'clock in the office of Dr. Ira Barrett.

A USE FOR EVERYTHING.
Give a man enough rope nowadays and he'll manufacture a new drink with it.—Life.

CLEANUP SQUAD WANTS ALL MEN TO MAKE CLAIM

Ask That Candidates for Compensation Appear When Officials Are on Ground.

Each day a large number of former service men apply to the Cascade chapter of the American Red Cross for assistance in preparing their cases for presentation to the clean-up squadron from the veterans bureau when it arrives in Great Falls October 14 for the examination and settlement of claims of former service men in Cascade, Chouteau, Pondera and Teton counties.

The board will be in Great Falls for the examination of men from the four counties mentioned from October 14 to 19 and during that period will make an effort to settle all possible claims of compensation claimants.

The great desire of both the officials of the Red Cross and the American Legion is to have all men establish their service connection at this sitting of the board as it will undoubtedly be the best chance former service men will have to connect any possible claim they might have with their period of service with the army, Red Cross officials say.

More Difficult in Future.
In the Sweet bill it is provided that this will be the last opportunity of this nature to establish such claims without personal affidavits and testimonials from men who were in the service with the party claiming compensation. In view of the difficulty men may have in the future in securing affidavits to establish such connection officials of the two organizations are making an effort to reach all former service men in the four counties.

"If former service men have not already asked for benefits due from the government," said Mrs. Harriet Carrier of the local chapter, "if they have asked for them and not received them, their first step should be to apply to a recognized agency offering help in such cases. The Red Cross chapters in the various states are taking care of a large amount of this work. At the chapter office a secretary will provide the applicant with the war risk form which is required and an application for compensation. After this blank is properly filled out it is possible that an examining physician might state that it is necessary to furnish affidavits showing that the disability is really due to the service and that others are dependent."

Assistance is Given.
Assistance in making out such claims is given by the Red Cross. Letters have been mailed to 300 former service men in Cascade county, Mrs. Carrier said, and these concern cases which have been handled through the Cascade chapter. Letters are sent to the regional office at Minneapolis each day, asking for the complete files of former service men making application for assistance in settling their claims for compensation.

UNIVERSITY WOMEN PREPARE FOR WORK

Association Appoints Committees at Meeting Tuesday; Help Entertain Teachers.

Committees to handle activities of the American Association of University Women were appointed Tuesday evening at the opening session of the association at the home of Mrs. H. A. Templeton, 1423 Fourth avenue north.

The program committee consists of Mrs. Douglas Wilson, chairman; Mrs. R. K. West, Mrs. B. G. Cook and Miss Jane Porter; the membership committee of Miss Mayne Murchie, chairman; Mrs. F. L. Graybill, Mrs. Foster L. Wolfe and Miss Clara Bryant; the social committee of Miss Arta Kocken, chairman; Mrs. E. J. Yoemans and Miss Gertrude Skinner, and the scholarship committee of Mrs. H. A. Templeton, chairman; Miss Jeanne Buckmaster and Miss Josephine Harrison.

Mrs. Miller, Treasurer.

Owing to the resignation of Miss Rosalie Borgman, former treasurer of the organization, Mrs. G. O. Miller was elected to fill that office.

Extensive plans were made in preparation for the state teachers' association convention, which will meet here during Thanksgiving week, and a decision by the members to sell Christmas cards to raise money for the scholarship fund concluded the business of the meeting.

Tells of Purpose.
Miss Wenona Frank, president of the association, in her explanation of the national and local organizations, told of its purpose, the distribution of dues when founded, and the kind of work done.

Miss Arta Kocken during the summer vacation was a visitor at the national clubhouse in Washington, D. C., which is supported by all the local associations and where any member is welcome. She explained that one may secure room and board at a lower rate than at the surrounding hotels and at the same time take advantage of the social atmosphere that it provides. In Paris there is a similar residence operated after the same plan.

HOLD STEWARDSHIP RALLY AT CHRISTIAN CHURCH TODAY.
In conformity with policies adopted by the Christian church this year, a "stewardship rally" will be held this (Wednesday) afternoon and evening in Great Falls, at the church of that denomination. Similar rallies are being held through the United States this month and teams of leaders are sent to each meeting. A. H. Kuhn, Mrs. Edna T. Moore and G. E. Beuhler will compose the team assisting in Great Falls. A chicken pie supper will be served in the evening.

With power clippers shepherders in Australia shear 200 sheep daily.
