PARKING RULES ON MAIN STEM ARE EXCEPTION

Must Parallel Curbs on Other Streets Where Car-Tracks Are Located.

The new ordinance regulating the parking of automobiles, which was passed by the council October 10, and becomes effective on November 30, excludes Central avenue from the thoroughfares on which cars must be parked virtually parallel with the curb.

Central is Wider. The parallel regulation was incorporated in the ordinance according to those who helped in drafting it, as a measure to relieve the congestion on the streets and avenues traversed by street car tracks.

Any and all vehicles parking or parked in any of the streets of Great Falls, shall be parked parallel to the curb, with the wheels on the right hand side of said vehicle not more than six inches from the curb; excepting, however, that vehicles parking on Central avenue, and First avenue south, between Park Drive and Second street, and on Second avenue south, between Park Drive and Seventh street, and on Second, Third, Fifth and Sixth streets between Second avenue north and Second avenue south, shall be parked at an angle of 45 degrees with the curb, with the front wheel on the right hand side of the vehicle touching or resting against the curb.

COAST INDUSTRIES IDLE THIS WINTER

Owner of Steele Building Says Conditions in West Not Back to Normal.

While business on the Pacific coast has attained a moderate level of prosperity, people there are expecting that unemployment will have an adverse effect on industry during the winter, according to Charles Steele, owner of the Steele building, who is in Great Falls for a few days.

TIRE COMPANY STARTS PLANT NEXT SATURDAY

Will Demonstrate Factory to Stockholders on Date of Annual Meeting.

Installation of machinery at the plant of the Montana Cord Tire company is being carried on this week with the intention of having the entire factory in readiness for demonstration to the stockholders October 22, it was stated Tuesday by C. E. Robertson, engineer, who will be in charge of operations at the start.

October 22 has been fixed as the date of the stockholders' annual meeting and a large proportion of the people who are interested in the concern are expected to be present when the wheels are put in motion. Operations will be on a low production basis for a day or two, but before the end of another week it is intended that between 50 and 100 men will be employed.

FRANK M'DONNELL LOSES TO CUPID

Local Real Estate Man Weds Miss Mae Grant of Kalispell.

Frank McDonnell, prominent local real estate dealer and matchmaker for the American Legion Athletic association, participated in a match at Kalispell today (Wednesday), which was of his own making. The matchmaker entered the roped arena, but it was the roped arena of matrimony and before the match had progressed very far Cupid was tolling the fatal count over Mr. McDonnell.

Mr. McDonnell left Great Falls Monday night for Kalispell, where he was to be married at 9 o'clock this (Wednesday) morning to Miss Mae Grant, Miss Grant formerly attended school at Missoula and has a number of friends in Great Falls.

Mr. McDonnell and his bride are expected to return to Great Falls the latter part of the week. They will make their home here. Mr. McDonnell's family went to Kalispell to attend the ceremony.

Ex-Service Man Goes to Hospital

Vincent Daly of 319 Fifth avenue north left Tuesday evening for Minneapolis, where he will receive treatment for injuries received overseas in 1918. Mr. Daly was wounded in the right leg and muscular paralysis resulted to an extent that has prevented him from recovering its use. He was accompanied to Minneapolis by his mother, Mrs. Thomas Daly.

JOINT PROGRAM WILL BE GIVEN ARMISTICE DAY

All City Organizations Will Act in Observing Day When Fighting Ceased.

Tentative plans were made at a meeting of representatives of the Elks' club, the American Legion and the Disabled American Veterans of the World War at the Elks' club house Tuesday evening for an Armistice day program in Great Falls. The plan of the committees representing the organizations is to make the program a community program, and the assistance and co-operation of all other organizations in Great Falls will be invited.

Will Give Parade One of the feature events of the day will be a parade, in which it is the aim of the representatives present at the meeting, all organizations in Great Falls will be represented. The arrangements for the parade are being left with the American Legion. A committee will be appointed by the officials of the Legion, asking the assistance of the merchants and others of the city in decorating for the occasion.

Disabled Men Will Give Dance The Disabled Veterans are planning a public dance for the evening and the funds will be turned over to the Cascade chapter of the American Red Cross. The annual roll call of the National Red Cross being on that day.

The following men have been appointed to work on arrangements for the program for Armistice day: American Legion, Harold Mady, William Guinness and Harry Hilstrand; Disabled American Veterans, Earl Bowlesby, W. S. Talbot and Fred Freise; Elks, C. T. Mohr and J. L. Bloomquist; John E. Moran, Frank Fogarty and H. T. Benton.

LONG HAIR BAND PAN'S HEADLINER

House of David Organization Pleases Large Audience at Grand Theater.

Moody had his Sankey, Billy Sunday his Redeemer, but the House of David has a whole band—and if it's true, as some church members believe, that wicked people attend vaudeville shows, the House of David band took advantage of its opportunity at the Grand theater Tuesday evening to stage an evangelistic meeting that was thoroughly enjoyed. The band's program was played as only artists would play it, and the explanation of the sect's religious beliefs, made by Bennie Hill during a rest period, gratified the curiosity of many.

The band's program opened with "Sally Trombone," a number that featured their trombone soloist. "Karna" was their second number, followed by a medley of classics which included excerpts from "Zampa," "Atlantis," "Martha" and "Tannhauser." Horace Hannaford, who attained considerable fame among band fans when he played third base on The House of David team, and had a try-out with the Chicago Cubs, played "Make Believe" as a trombone solo. Clarence Bell playing the cornet obligato. "Wang Wang Blue" and "Najo" were the closing numbers.

Local Real Estate Man Weds Miss Mae Grant of Kalispell.

Local Real Estate Man Weds Miss Mae Grant of Kalispell.

Chung Hwa Four—unoubtedly the first Chinese quartet to be heard here in vaudeville—not only sing with pleasing harmony, but display more originality in their program than the average American quartet. Appearing first in Chinese costume, later in American evening dress, they closed their act in kilts, with some Harry Lauder mimicry that won them many encores.

Chloroform Jag Costs \$10; Closed Incident

Special to The Tribune. Billings, Oct. 18.—Roy McRae has returned to the ranch on which he is employed near Laurel after paying a \$10 fine here and thus ending his experience on an anaesthetic jag. Because he did not like whisky, he inhaled chloroform. He was brought to jail here in a serious condition, but recovered quickly under the care of a physician.

HOUSE OF DAVID PROPHET SEES EARTH'S RETURN TO EDEN STATE; DESERT WILL BLOOM 1,000 YEARS

H. T. DeWhirst, late superior judge of the San Bernardino, Calif. court and publicist agent for the House of David, a religious sect of Benton Harbor, Mich., the members of which wear unshorn hair and unshaved beards as a badge of their creed and carry on their missionary and publicity work in various ways, one of which is vaudeville performances, claims to have found a basis for a prophecy that the three great woes visited upon the earth because of the waywardness of its populace have expired and that better times are ahead.

He finds that the world is just now entering a period of 1,000 years during which the world shall be without a discordant note. He expressed his views in what he terms a "prophecy as related to present conditions." "The fact that the great nations of the earth have been engulfed in a world war," says Mr. DeWhirst, "and that business, economically and socially has not stabilized itself, has caused many thoughtful people to search the prophecies of the scriptures for enlightenment and consolation." "Biblical history from the fall of Adam to this time is divided into three great epochs, or dispensations, each terminating in a great time of trouble."

Adam to Noah The first great epoch was from Adam to Noah and terminated with the death of Noah 2,000 years after Adam or, at the close of the second day, one day being with the Lord as 1,000 years. And the first great week is known as the flood which followed the first epoch because of their great wickedness. This flood almost exterminated the whole population. Noah and his family escaped by prophetic warning and obedience thereto.

The second epoch, called the Jewish reign, began with Abraham and closed with John the Baptist, four days after, or four thousand years. According to members of the Elks' committee, between 125 and 150 new members will be initiated on Armistice day. It is probable that a dance will be given at the Elks' hall following the initiation.

Jesus plainly told the Jews at the close of the Jewish reign, "I shall be worse and worse." If he had so spoken today he would have been called a pessimist. A vain girl likes to be

PAYING DEBTS IN EAST, SAYS MINNESOTA MAN

Season's Liquidations Will Go Far Towards Restoring Business, He Thinks.

The one great vital step necessary to the restoration of business conditions to normal—the liquidation of obligations—is being taken in the east at a rate that will permit the season to close with important progress having been made this year, according to J. F. Horn, general counsel for the Wells-Dickey company, who was in Great Falls Tuesday from Minneapolis.

"It is by the extent of the liquidation process that the east is drawing its conclusions on the business outlook and it is not too much to say that there is cause for feeling encouraged," said Mr. Horn, at the company's Great Falls office.

Wiping Out Debts. "Many obligations that have hung over from the war are being wiped out this fall and money from this source is making its re-entrance known in the work of restoring business conditions."

The upward trend of the bond market is an indication of approaching improvement that is attracting attention in the financial centers. There has been a noteworthy advance in many securities and there is ample indication that the market will be made. It may interest Montana people to know that this state is held in high regard by eastern investors.

IMPERIAL FIRST RUN

WHEAT PRICES GO DOWN WITH STRIKE REPORT

Market Drops 12 Cents in Two Days; No Change in Coal Situation.

A slump of 12 cents in the price of wheat during the first two days after the threat of a general railroad strike took definite form has had the effect of materially reducing the number of shipments from Montana receiving stations. Great Falls grain dealers declared Tuesday. Last Saturday, the market closed with 98 cents offered locally for dark northern spring wheat and Tuesday evening the quotation was 86 cents, the low mark reached since the war.

Coal Movement Slow Coal dealers continued to report Tuesday that Great Falls householders show little inclination to lay in fuel stocks against a possible cessation of hauling from the mines. Business blocks take the situation a little more seriously and wholesale coal dealers are recognizing a pronounced advance in the demand from retailers, but the amount of coal in the homes has remained virtually unchanged since this week's news concerning the threatened strike. One wholesaler declared Monday that he had that forenoon received more coal orders from dealers than during the previous two weeks.

Might Bring Shortage "Whether a cessation of transportation would work an immediate hardship on home owners would depend entirely on the weather," said one wholesale dealer Tuesday. "The experience of 1919, when no coal was produced for exactly six weeks, proved how well the public can manage in an emergency, but it is doubtful if there is as much coal in Great Falls homes now as there was at the beginning of 1919 miners' strike. There was little coal purchased during the summer and early fall."

"If a tie-up of the railroads should be accompanied by sharp weather there would at least be a big scramble in Great Falls for coal, but because of the mines in the county the situation might be better here than at other places in the state."

During great cholera epidemics those who smoked clay pipes proved immune from the disease.

Dejection in Canada

M. Horn stated that as compared with many of the Canadian provinces Montana is this year occupying a very desirable position. There is a note of despondency across the border that impresses a man recently arrived from Montana, he said, as a thing he is not accustomed to. Crops in Canada are very good in many sections, but in places where the returns are poor, conditions are bad this fall.

The attitude of eastern investors towards Montana irrigation bonds cannot be learned until these securities are actually offered, Mr. Horn stated.

BANK ROBBER

Toronto, Oct. 18.—Five armed and masked men entered the branch of the Bank of Hamilton, compelled all the men and women employees to lie on the floor, rifled cages and vaults and escaped with \$3,000 in a motor car. Shots were fired after them.

Miss Anna Hoover to Represent Woman's Clubs at Lewistown

Mrs. I. N. Walker, first vice president of the City Federation of Women's Organizations, called a meeting Tuesday evening for the purpose of electing a president, an office left vacant following the resignation of Mrs. Melvin Rowley, and to lay plans for the year's activities. The presidency was finally put in the hands of a nominating committee to be acted upon.

Miss Anna Hoover was named to represent the organization at the convention of district three to be held in Lewistown next week. The members also appointed Mrs. L. G. McLaughlin to attend the meeting in the health office, called in connection with the anti-tuberculosis campaign launched each year in raising funds through sales made on Christmas seals.

year in raising funds through sales made on Christmas seals. Mrs. T. E. Collins, for many years a resident of Great Falls, donated to the federation two pictures and a historical book, the latter to be possibly placed in the public library. The next meeting will fall on the second Tuesday in November.

File Liquor Cases in Justice Court

Complaints charging sale of intoxicating liquors were filed in the Wilson justice court Tuesday against Tony Stepech, L. P. De Pratu and Ernest Genest, who were arrested Monday afternoon by deputies from Sheriff Rob Gordon's office. Justice of Peace C. A. Wilson held each of the defendants in \$500 bail.
