"Wonder Team" Suffers Most From Loss of "Brick" Muller, Who Breaks Leg.

Berkeley, Calif., Oct. 19.—Some time ago Andy Smith, head football coach at the University of California, said he feared injuries this year might cripple his "wonder team" which last season won the Pacific coast conference championship and defeated Ohio State university at Pasadena.

Another place hard to fill is the quarterback position, held last year by Charley Erb, who is out of the early game this year with bad eyes.

Others on the hospital list, and their injuries are: Jack Witter, promising fullback, candidate, broken leg; Karl Engelbrecht, first string end, substitute, sprained ankle; Jimmy Cline, substitute, sprained shoulder, and end, sprained shoulder, and F. P. (Crip) Toomey, regular fullback, bad ankle.

TEXAS COW TOWN GREATEST CENTER FOR POLO PONIES

Midland Claims to Be Greatest Shipping Point for Wiry Horses in United States.

Midland, Texas, Oct. 19.—This "cow town," equidistant from El Paso and Fort Worth, also claims to be a polo pony town. It is said to be the greatest shipping depot for polo ponies in the United States. Figures are submitted by men in the pony raising business to prove it.

In the international 1921 polo games played in London, the American team won, and one of the ponies of the winning team, Lucky Strike, was a Midland product. Midland ships about 200 first class polo ponies every year to northern and eastern cities.

G. O. Coyle, of Midland, said to be the heaviest shipper here, declares a good Midland bred pony should weigh 15 hands high, weighs between 950 and 1100 pounds, is a quick starter, fast, and easy reined.

The ponies sell for as high as \$1,000.

BOY GANGSTERS WORK ON NORTH SIDE, CHARGED

Officials Say That Drastic Action Will Be Necessary in Some Cases.

Gangs of boys who consider the approach of Halloween as a license to commit depredations have operated in the north side residence districts during the last week after a fashion that has caused numerous complaints to be lodged with the police and Probation Officer A. A. Carpenter. Several boys have been picked up, but because of the provisions of the state juvenile law, no action has been taken and all of the suspects have been released.

Ask Parents to Act "It is seldom that the Halloween season has made so much trouble as this year," said Officer Carpenter Wednesday evening. "Complaints have come pouring in for more than a week and the situation has reached a stage that will make necessary court proceedings with an idea to committing the miscreants to the state industrial school. The only thing that can prevent this action is a number of cases in which prompt cooperation on the part of the parents of several boys now under observation."

A half brick was thrown Wednesday evening at the door of C. W. Swearingen, 925 Third avenue north, and only a few nights ago a householder in the east end chased a gang of boys who were making a disturbance at his home. Near the Whittier school another gang of boys have made a practice of waiting for women and making extremely objectionable remarks when no man is near. These are only three of probably a score of complaints that have come in.

One Boy is Leader "On the north side, it is very apparent that the gang is led by a certain boy who will probably be picked up this week. Many boys who are following him are not believed to be prompted by more than mischief, and if parents will co-operate, much of the trouble can be eliminated. At any rate, it has become necessary to find a way to halt the depredations that have been committed, difficult as it is to handle juveniles under the present law."
