ISSUE WARNING AGAINST SPREAD OF DIPHTHERIA

Health Office Believes Outbreak of Disease Likely; Five Cases in Three Days.

"The prevalence of diphtheria in eastern and Pacific coast states leads us to the conclusion that we are justified in anticipating an epidemic of that malady in this community," said Dr. G. A. Fuson of the board of health Friday afternoon. "There are now 10 cases of diphtheria in Great Falls, an increase of five cases in the last three days."

At a special meeting of the Cascade County Medical Society Monday evening plans were discussed and steps taken looking toward the adoption of methods promising the best contest of the threatened epidemic, according to Dr. Fuson. Arrangements have been made whereby cultures of all cases coming under suspicion will be made by the health department for all doctors in the city and county.

Intend to Isolate "The only workable method available to us at this time for combating a threatened epidemic of diphtheria," said Dr. Fuson, "is by isolation and quarantine and by the use of anti-toxin both as a curative and prophylactic measure. By following the program outlined, we hope that many cases which might otherwise be overlooked may be discovered in time to prevent the spread of the malady to other parts. With the reopening of schools next week there will be an increased opportunity for the spread of this disease, according to Dr. Fuson, who urges all parents and guardians of children going to school, as well as the public at large, to isolate all cases of sore throat, however mild, until the exact nature of the malady can be determined by the throat culture. "This can be done," says Dr. Fuson, "by calling the attention of the family physician to all such cases and following his advice."

Immunizing Successful A method of immunizing children against diphtheria, much the same as against smallpox and typhoid fever, has been in use in New York City and Chicago for the last four years. So far, the results of this vaccination have been highly successful, and have proved almost if not quite as effective in protecting children against diphtheria as vaccination has proved in protecting against smallpox, according to Dr. Fuson, who says:

"Owing, however, to the present high cost of this method of immunizing against diphtheria, there is some question as to whether such a movement can be launched here at this time. A possibility of making this method of combating diphtheria available to the community is under consideration, and in the meantime the people are asked to co-operate in carrying out methods already available."

Two New Jersey inventors utilized the principle of the coffee percolator in their steam boiler in which water is heated quickly in small quantities. British livestock statistics indicate that there is one cow for each 13 residents of England.

Halechuff Acquitted by Jury's Verdict on Bootlegging Charge

After considering the evidence a little more than an hour, a district court jury Friday returned a verdict of not guilty in the case against T. E. Halechuff, proprietor of the Rainbow Confectionery, 309 1/2 First avenue south, charged with the sale of intoxicating liquors on or about October 17. The verdict was returned at 6 o'clock. Deputy County Attorney W. J. Tighe and F. A. Ewald, who conducted the prosecution, asked for a poll of the jury, and the vote for acquittal stood 8 to 4. Agreement of eight of the jurors is necessary to reach a verdict.

Two Fighters Admit Guilt, but Cook Says He Only Shouted for Joy. Thanksgiving night celebrations resulted in a busy session of police court Friday morning, when four defendants, two women and two men, charged with improper use of rooms, two men accused of staging a fight, and one alleged drunk were arraigned before Police Magistrate H. A. Sheppard. With the exception of William B. Nelson and A. Schuda, charged with fighting, all the defendants entered pleas of not guilty. Nelson and Schuda were assessed \$15 each.

ANNOUNCE LOWER RATES ON LUMBER

New Tariffs Being Charged for Transportation Charges From Pacific Coast.

Notification of the receipt of advices relative to arrangements being made for the publication of new tariffs on lumber shipments has been received at the offices of J. F. Pevters, general agent of the Great Northern railway, from L. B. Woods of Helena, assistant general freight and passenger agent of the same road. The effective date of the new rate was not specified, according to the information, but it was stated that the rate would become effective at the earliest possible date.

The tariff will cover shipments from the Pacific coast, it was stated, and will apply as follows: To New England territory, Boston, etc., 90 cents a hundredweight; to eastern trunk line territory, New York territory, 85 1/2 cents; to Cincinnati, etc., 90 cents; to Buffalo-Pittsburg-Detroit territory, 85 cents. The rates on shingles and cedar products will be 13 1/2 cents. The rates from Spokane and Montana shipping points will be 3 cents a hundredweight less, according to the notification.

POLICE ARREST SEVEN ON NIGHT OF TURKEY DAY

Two Fighters Admit Guilt, but Cook Says He Only Shouted for Joy.

Thanksgiving night celebrations resulted in a busy session of police court Friday morning, when four defendants, two women and two men, charged with improper use of rooms, two men accused of staging a fight, and one alleged drunk were arraigned before Police Magistrate H. A. Sheppard. With the exception of William B. Nelson and A. Schuda, charged with fighting, all the defendants entered pleas of not guilty. Nelson and Schuda were assessed \$15 each.

Charles Keifer, 32, a cook, told Magistrate Sheppard that he was so overjoyed when he ended a day of work that he shouted when he left the restaurant where he was working. Keifer denied that he was intoxicated. The court continued the case until this (Saturday) morning and Keifer was released on his own recognizance to appear for trial.

Students Examined at Belt by Public Health Officials

Dr. G. A. Fuson, secretary of the city and county board of health, Miss Dora Aelckeburg, nurse employed for public health work in Cascade county by the Montana Tuberculosis association, Miss Mary Margaret Muckley, state supervisor of nursing, and the Misses Sadie Halvorson and Flora Shipland of the Deaconess hospital training school, went to Belt Friday and conducted a physical examination of school children. Plans were laid for the carrying on of the annual sale of Christmas seals in that community. It was also arranged that on next Friday evening a health entertainment be given by the Belt school children. Health playlets will be given and a health film shown. The entertainment will be given in the auditorium of the Belt high school.

Company Files Suit to Foreclose Lien on Land at Cascade

A decree of foreclosure is asked in an action filed in district court Friday by the Vermont Loan & Trust Co., against Oscar C. Bready and Mrs. Bready, of Cascade, on 1,310 acres of land owned by the defendants, and alleged to have been mortgaged to the plaintiff company to secure payment of promissory notes aggregating \$2,750. F. G. Hughes, Fred H. Aten, Loren Lefevre and Ralph E. Bancroft, all of Cascade, also named defendants in the action because of alleged interest in the Bready property. The plaintiff company asks that the rights of these defendants be foreclosed by the decree. Attorney's fees of \$275 is also asked in the complaint. The land owned by Bready and his wife is located in township 18 north of range 1 east.

POULTRY EXPERTS COMING TO SHOW

State College Men Will Give Demonstration at Local Exposition.

Poultry experts from the Montana state college at Bozeman will attend the Great Falls Poultry and Rabbit Show here December 12-25, and give instructive demonstrations on the value of poultry according to the Great Falls commercial club, which is assisting in the arrangements for the show. The state department of agriculture is co-operating with the rabbit and poultry association to make the show a success. It has made a cash appropriation and volunteered the loan of its exhibition coops. Poultry films prepared by the U. S. department of agriculture will be shown.

The United Ancona, Black Orpington and Silver Laced Wyndotte State association will exhibit this year at the Great Falls show. J. K. Thompson, 1421 Sixth avenue south, is manager of the show and is assisted by A. J. Hedrick, A. R. Pope and Dr. C. C. Albright.

Women Meet Tuesday to Discuss Plans of Red Cross Roll Call

The assistance of the club women and other women of Great Falls who are interested in the work of the American Red Cross has been asked by the American Legion and the Disabled American Veterans of the World War, the two latter organizations having charge of the 1921 roll call of the Red Cross. A meeting of all such women has been called for Tuesday afternoon at 3, at Veterans' hall, when definite plans for the women's activities in the drive will be discussed and formulated.

WRECK STREWS APPLE CARGO ALONG RAILS

Broken Rail Near Fowler Fruit 9,000 Boxes of Fruit Friday Morning.

Approximately 9,000 boxes of apples were strewn along the Great Northern tracks near Fowler early Friday morning when a fruit train from the Wenatchee valley to the east ran into a broken rail and 11 cars were derailed, wrecks of them completely turning over, according to information received at the office of W. R. Smith, general superintendent of the Great Northern at Great Falls.

Some Fruit Damaged. No damage was done to the apples in cars which did not tip over and the wrecked cars were immediately replaced on the track, but the greater portion of the fruit in the nine cars which tipped over was damaged.

Fred Wear, superintendent of the Butte division of the Great Northern at Great Falls, left for the scene of the wreck early Friday morning, according to A. C. Huhn, chief dispatcher of the Great Northern.

Sweet Grass Trains Delayed. According to the word received from Fowler by Chief Dispatcher Huhn, it was expected that the track would be cleared by 4 o'clock p. m. Friday and the only passenger delay was on the Sweet Grass line, the train from that branch arriving in Great Falls four hours late Friday evening. The change of temperature Friday was given by Great Northern officials as the one reason a fire did not start in the wreckage. Small heaters are carried in the refrigerator cars for protection against sub-zero weather, but owing to the rise in temperature Thursday night and early Friday morning the heaters were not in use at the time of the wreck.

Italy Lowers Bars to Coffee From U. S. Sent via Parcel Post

The postal department at Washington has received word from the Italian postal administration stating that coffee may be imported into Italy by parcel post from the United States, according to word received by Postmaster William Cluston. Information regarding an increased weight limit and transit charges on parcel post mail to Austria was also received by Postmaster Cluston. The weight limit has been increased from 11 to 22 pounds, according to the information, and the transit charge on parcels exceeding 11 pounds in weight will be 38 cents for any weight up to 22 pounds, in addition to the postage charge of 12 cents a pound or fraction of a pound.

BRIGHT HEADLINE AT PALACE SHOW

Two Pretty Girls and a Comedian Have Clever Sketch in Vaudeville Bill.

Doc Jones and Lively sisters will be the feature act on the vaudeville program at the Palace theater this (Saturday) and Sunday evenings. The trio is composed of two pretty girls and a clever comedian, who are said to make the most of the opportunities provided for clean comedy in a mixture of bright travesty, funny ideas, clever talk and comedy singing.

Comedy is supplied in liberal measure by Friendly and Cunningham, "The Wise Guy and the Simp." The music loving public will find a treat, it is said, in the steel guitar playing of Doc Samson and Louise Paulette. Another offering is by Wright and Vivian, acrobatic jugglers. A feature picture, Eugene O'Brien in "Clay Dollars," completes the bill.

OPEN SEAL SALES IN FALLS TODAY

Funds for Tuberculosis Work Will Be Received at Booths in Public Buildings.

The sale of Christmas seals, from which funds are obtained for maintenance of the Montana Tuberculosis association, will open today (Saturday). Dr. G. A. Fuson, secretary of the board of health, will have direct charge of the sale. Attractive booths will be placed in the lobbies of the post-office, hotels and in other public places.

Great Falls women and girls will be in charge of the booths, and it is the plan of those who have volunteered

to assist in the work to make a vigorous drive for funds during the next few weeks. Dr. Fuson, speaking of the sale, said that it is worthy of note that the association has for the last two years paid the salary of Miss Dora Mecklenburg, a graduate nurse, who has given all of her time to public health work in this county. This has cost the association approximately \$2,000, and the record of the seal sale for 1920 shows that but \$400 was raised in Cascade county.

If the service is to be continued, Dr. Fuson said, it is necessary that the residents of Cascade county make an effort to contribute toward the maintenance of the work in an amount equal to sums expended locally.

For exhibition purposes a complete paper making machine less than nine feet in length has been built, producing paper of standard quality.
