Much interest has been aroused and the youngsters are getting up early in the mornings so that they will have a good appetite for breakfast, Miss Borthwick said Monday. Some of them have to gain as much as 30 pounds before July if they are to be of normal weight for their age and height.

Mrs. P. B. Swelson has been appointed chairman of district No. 21, and is being assisted by the Blue Monday club. This district comprises the flour mills and industrial section of the north side.
