Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

NUXATED IRON

Over 4,000,000 people are usually using Nuxated Iron. It will not injure the teeth or disturb the stomach. A few doses will often commence to enrich your blood and revitalize your worn out, exhausted nerves. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Always insist on having genuine Nuxated Iron. Look for the letters N. I. on every tablet. At all drug stores in tablet form only.

Fine for Neuralgia

Musterole insures quick relief from neuralgia. When those sharp pains so shooting through your head, just rub a little of this clean, white ointment on your temples and neck.
Musterole is made with oil of mustard, but will not burn and blister like the old-fashioned mustard plaster.
Get Musterole at your drug store. 35 and 65c jars and tubes; hospital size, \$3.
Better Than a Mustard Plaster.
