## Practical Gift Campaign Waged by Manufacturers Showing in Store Sales

As the Christmas shopping season advances there is daily greater evidence that the giving this year will be of a more practical nature than it has in former times, this due in part, perhaps, to the sober minded state in which the nation finds itself after many years of war and the effects of war, and partly to the campaign that is being waged all over the country by manufacturers urging buyers to purchase gifts of a practical nature.

The Pangburn Hat Shop is showing a special line of high grade millinery, anticipating a heavy demand for the ever welcome hat as a gift. Special emphasis has been laid, in assembling the stock shown at this establishment, on the popular crepe satin hats which are gradually taking their place as the leading vogue exclusive millinery. This shop is also featuring a varied line of artfully made boutonnières, hand made and painted in gorgeous colors.

The Vogue millinery is also displaying as a holiday feature a wide line of beautiful hats, tams, and other feminine millinery accessories. All that is desirable in high class hats has been brought to this store. Special attention is shown to the Christmas shoppers who visit there. Models both exquisite and rare fill the shelves at this establishment.

**Many Art Novelties.**  
The Routhahn Ladies Wear store is fully equipped with a wide line of goods conspired to intrigue the interest of the Christmas shopper who is seeking choice and dainty gifts for women. Art novelties of a varied order, including boutonnières, vanities, silk and linen handkerchiefs, beads, card cases, hosiery, necklaces and boudoir caps, are shown in the cases, while a big line of exclusive blouses, breakfast robes and furs complete the array of feminine wearing apparel here offered for the Christmas trade.

Madame DeLooy, late of Paris, France, is located at this store and is showing beautiful imported Belgian laces consisting of luncheon sets, centerpieces, bridge cloths, handkerchiefs, collar and cuff sets, and bridal veils, all suitable for Christmas giving. She has a few remarkable dresses for infants, made of net, trimmed with all-over hand embroidered rose-point lace motifs. She has a couple of rare imported Belgian and Parisian lunch cloths of linen, with drawn work and combination Venetian point and Flanders lace as embellishments. Madame DeLooy will be permanently connected with the Routhahn Ladies Wear store.

**Line of Specialties**  
At Cunningham's millinery shop there is a wide line of Christmas specialties in high class millinery goods, including ostrich plumes deftly turned into lines conforming to the present modes. Turbans, toques, soft crushable hats of velvet and crepe satin, decorated in metallic materials, are shown in an infinite variety. There are also fur hats and velvet hats, trimmed with brilliant diadems, and with Russian Cossack emblems.

In the world of men's ready-to-wear clothing there is much this year that seems to add stress to the general tendency to give practical presents. Liedholm is showing an attractive assortment of silk scarfs, mufflers, neckwear, smoking jackets and bath-

robes, high grade hats of velour and other popular materials, lounging robes, full fashioned hose, belts, individual buckles, cuff links, and other accessories, besides a big line of ready-made clothing, including suits, coats, sweaters, shirts, etc.

Kaufman's are showing suits, shirts, coats, sweaters, robes, smoking jackets and an endless variety of accessories, including ties, belts, jewelry, collars, socks, hosiery, etc. They carry the Society brand clothing, and are specializing in the Mallory hat.

## ASKING RETENTION OF MISS BORTHWICK Ten Women From as Many Communities Appear Before County Commissioners Friday.

The board of county commissioners Friday heard women, representing several communities in the county, present their reasons for desiring the retention of Miss Alberta Borthwick as home demonstration agent for another year. Several weeks ago the commissioners announced that they would discontinue the office of home demonstration agent at the expiration of Miss Borthwick's contract on December 15.

The delegation told the board that it was a mistaken idea of economy to dispense with Miss Borthwick's work and that the value of her assistance in solving household problems was difficult to measure. The women explained the benefits that have been realized since Miss Borthwick took over her duties, three years ago, and the commissioners are finally consented to reconsider their decision.

**Yuletide Emporium**  
Hargrove's, one of the leading haberdasheries of the city, has been transformed into a gala emporium for the yuletide. Christmas decorative effects being used in pleasing artistry throughout. Here there is a vast assortment of attractive pieces of neckwear, silk shirts, dressing gowns, bathrobes, silk mufflers and scarfs, pajama velour hats, imported from Czechoslovakia, fur caps of every skin, from coney to Alaskan seal.

# THE GREAT FALLS SILVER BLACK FOX COMPANY

IS

going to the front as no other business proposition ever has in the state.

They count among their stockholders

**RANCHERS, MERCHANTS, GOVERNMENT OFFICIALS, CITY OFFICIALS, COUNTY OFFICIALS**

—People From All Walks of Life!

**H**UNDREDS of people are visiting the ranch, inspecting the breeding animals that will be producing their litters within the next three or four months and invariably such visitors come away enthusiastic boosters for an enterprise that appeals to all upon investigation.

Why spend your life trying to produce beef at 3c per pound, when the Silver Black Fox pelts can be produced at \$5.00 per pound and sell for from \$500.00 to \$2000.00 a pound.

Why spend three years of your life trying to raise the steer to marketable age, when the fox is ready for market, either for breeding purposes or for fur at 8 months?

**WHY EMPLOY DOZENS OF MEN TO CARE FOR \$150,000 WORTH OF CATTLE, WHEN ONE MAN CAN EASILY CARE FOR THAT VALUE IN FOXES? Why will you let an opportunity to participate in the profits from such an industry slip by?**

**WILL YOU BE AMONG THOSE WHO NEXT SPRING WHEN THE YOUNG APPEAR, WHEN THERE WILL NOT BE A SHARE OF STOCK IN THIS COMPANY TO BE HAD FOR LESS THAN THREE OR FOUR TIMES THE PRESENT SELLING PRICE, will you at that time be among those who will be heard to say, "I was foolish that I did not secure some stock in this company while I could; I always knew this was a good proposition but I just neglected to act."**

**OPPORTUNITY IS NOW KNOCKING AT YOUR DOOR. WHAT ARE YOU GOING TO DO ABOUT IT? Will the citizens of Great Falls and the state of Montana overlook \$1000.00 bills while in pursuit of lead nickels? HOW MANY HAVE BEEN DOING THIS?**

The war is over. Why not come down to earth and INVEST YOUR MONEY IN SAFE, SANE BUSINESS PROPOSITIONS?
