

DOWLING FINED \$100 FOR PART IN USING PASS

Brakeman Admits in Federal Court That Transportation Was Unlawfully Used.

Unlawful use of a railroad pass cost John W. Dowling, former Great Northern brakeman, \$100 and costs in federal court Friday morning. Dowling appeared for arraignment on the charge of misusing a railroad pass, pleaded guilty and received his sentence from the court immediately.

Assistant United States Attorney W. H. Meigs explained to the court that Dowling had obtained a pass last winter for himself and for a woman he alleged to be his wife, to Portland, Ore.

The trip was made and it was not until some time later that, through a letter from Mrs. Dowling from an eastern city to local railroad officials regarding a pass for herself, that it was established that the woman who had made the trip to Portland with Dowling was not his wife.

Makes No Comment Beyond admitting his guilt as charged by the government, Dowling refused to comment on the charge. The woman who accompanied Dowling on the trip to the coast as his wife is employed in Great Falls, but not at a south side clothes cleaning establishment, as first reported by officials.

Judgment in favor of the defendant's counter claim was directed by Judge George M. Bourquin Friday afternoon in the case of the Citizens State Bank Trust company of Buffalo, N. Y., against the Citizens State bank of Scooby, which involved a loan of \$20,000.45 from the Buffalo bank to the Scooby bank and the question of whether collateral in that amount issued to the Buffalo bank was payment or security for the loan.

In its counter claim the Scooby bank denied the indebtedness to the Buffalo bank in the amount specified in the suit and demanded judgment in the amount of \$48,335.

Trial of the case consumed the greater part of two days. Attorney George E. Hurd of the law firm of Norris, Hurd & Rhoades acted as counsel for the defense, and Attorney Edmund Nichols of the law firm of Nichols & Wilson of Billings was counsel for the plaintiff.

Instructed Verdict Judge Bourquin instructed the jury that the argument involved a point of law that was for the court to decide and at the close of the trial he directed the jury to render a verdict in favor of the defendant. Counsel for the defense was allowed ten minutes in which to file a motion for a new trial.

The trial of George Henderschott of Roundup, charged with white slavery, will begin today (Saturday). Henderschott was indicted by a federal grand jury on a charge of unlawfully transporting Bessie Meeker, aged 19, from Lovell, Wyo., to Roundup.

NATION GIVES MONUMENT FOR ALL SOLDIERS

American Legion Will Act in Procuring Stones for Unmarked Graves.

American soldiers of all wars of the United States who have died are entitled to a government headstone at their grave with an epitaph of their service. It was brought out at a meeting of the great Falls chapter of the American Legion Friday night. It was further brought out that many of the graves of ex-soldiers in this country have not been thus honored and all persons having relatives of who lie in unmarked graves are asked by the American Legion to get in touch with them regarding the matter.

Plan Legion Smoker Further plans were discussed at the meeting for the American Legion smoker that is to be staged in Veterans hall Sunday night. There has been a little misunderstanding as to the exact purpose of the meeting, he said, and asserted that it was not the purpose of the officers of the post to direct the smoker into a discussion of the handling of the bonus.

The principal matter that will be brought up at the meeting, according to Walter Neubert, post commander, will be the method of taking the census of the ex-service men of the world war of the state, which includes a report on the general physical and financial condition of the men, how many are entitled to compensation now authorized for wounded veterans and an estimate referendum on the type of compensation that will be chosen from the national compensation act just passed. This census report is one of the most important matters that the legion has yet undertaken and the report when completed will be filed with the United States Veterans' bureau.

Another matter that will be brought up at the smoker for discussion will be the unemployment problem of the state. The legion has assumed an important role in the handling of the employment situation and the general condition existing in the state at the present time will be reported.

Many Delegates Coming Besides a coterie of state officers of the legion that will attend the meeting, a large representation from legion posts all over the state who will arrive in Great Falls Sunday to represent chapters of the Disabled American Veterans of the World War at the state convention of that organization here on Monday and Tuesday, will attend the smoker. Representatives of the Veterans' bureau and other governmental agencies who are in the city will attend the convention, will be invited to attend the smoker, Mr. Neubert said. The smoker will be open to all ex-service men, whether they are affiliated with the legion or not. The legion are all urged to attend and to bring along the old "dudeen" and smoke 'er for all that's glorious, he said.

At the meeting Friday it was decided to include in the next regular monthly meeting a special entertainment and a committee was appointed to arrange the program for the occasion. This meeting will be held April 14.

Norbert Chickens Earn Privilege of Cackling Loudest

The ability of Mrs. Robert Evans of Norbert to grow chickens that lay more eggs than average chickens has again asserted itself, according to Miss Alberta Borthwick, county home demonstration agent. Mrs. Evans' hens still have the right to cackle the loudest of any hens in the county for actual achievement, it is reported by the Farm Flock Egg Laying contest management.

The contest was begun in November last year, and will continue until November 1, 1922. Mrs. Evans' hens averaged an individual profit of 60 cents during the month of January, this average also being maintained for the two months previous at an average cost of feed per bird per month of \$0.80. The results obtained by Mrs. Evans are due to the proper rations fed the birds, Miss Borthwick pointed out. A number of poultry raisers entered in the contest feed about the same amount per bird, but the difference in the nutritive value of the feed is often directly responsible for the egg production of the flocks. The persons who have flocks entered in the contest are kept closely in touch with poultry experts from the State college at Bozeman and some remarkable records are expected to be made in Cascade county this year.

30 COMPLAINTS IN 8 YEARS IS KING'S RECORD

Fined \$100 Here on Drug Charge; Jail Sentences Aggregate Three Years.

Arthur Nelson King, proprietor of the Armington rooming house, who was fined \$100 in federal court recently for having drugs in his possession in violation of the Harrison narcotic act, had an extensive acquaintance with the Canadian provincial police, according to information on file in the office of R. S. Grant, inspector of the bureau of identification.

Deparred to United States King's Canadian record covers a period extending from January 16, 1913, to November 16, 1921, when he was deported to the United States. During that period he was arrested 30 times on charges ranging from violation of the opium and drug act to frequenting disorderly houses and carrying offensive weapons. He was convicted on all but three of the charges placed against him. He paid fines totaling more than \$3,000 and his several jail sentences aggregated more than three years.

It was at Calgary that King's activities came to the attention of the Canadian authorities. He was given a year and a \$500 fine for violating the opium and drug act. This joint failed to hold him in check and he continued by making a specialty of violating the motor vehicle and liquor acts. King was arrested seven times for violation of the motor vehicle act and 10 times for breaking the law on liquor.

Two Assault Charges Twice King was charged with assault and once with assault with a dangerous weapon by the supreme court for having counterfeit stamps in his possession. He was arrested once at Banff for violation of dominion park regulations and served six months for this offense.

CLUB DRAMA CLASS GIVES BARRIE PLAY

Will Be Part of Program Next Monday at Meeting of Art Department.

Mrs. J. T. Stevenson, president, and Mrs. E. E. Lytle, Mrs. Alfred Wiprud and Mrs. C. L. Voelker, members of the drama class of the Woman's club, composed the cast of "The Twelve Pound Look," a play written by J. M. Barrie which will be presented as part of the program planned by members of the art department of the Woman's club for Monday afternoon in Edison recital hall.

Preceding the play, a Nevin program arranged by Mrs. Hiram Johnson will be given. The numbers are as follows: "Paper Lift of Ethelbert Nevin," Mrs. W. G. Minter, piano solos, "Gondoliers" and "May and Tuscanry Suite," Miss Olive Sorrick; vocal solos, "Oh, That We Two Were Young," and "Little Boy Blue," Mrs. Florian Davidson; violin solo, "Narcissus," Mrs. Hiram Johnson; piano duets, "Arliechina" and "Country Dance," Miss Marvina Connor and Miss Mildred Kufus.

The selections are compositions by Nevin. The accompanists will be Miss Sorrick and Mrs. Albert Beckman. A short business session will be held for the nominating of officers.

Yanks Have Notion London Small Town P. O. Officials Think

Many Americans don't seem to realize that London is a big town, English postal officials aver. It is pointed out that about 5,000 letters are received weekly at the London central office from the United States with no address other than "London, England," appearing on the envelope.

Postmaster William Clouston of the Great Falls office has been asked along with all of the other postmasters of the country to call the attention of persons having London correspondence to the grievance of the British postal officials and ask such persons to include all of the address of the person to whom they are writing on their letters.

It is suggested that letters sent to London should bear in the address, besides the name of the addressee, the number or name of the house, the name of the street or road in which the house is located and the initials of the postal district, followed by the number of the office for delivery.

RODEO BRINGS 183 MEMBERS TO FALLS 'Y'

Objective of Annual Canvass Exceeded Friday by Competing Teams.

Semi-final reports of the Y. M. C. A. membership campaign indicate that the number of members added to the institution's roll call will greatly eclipse the objective set by the membership committee in lining up the drive at the beginning, Chairman L. W. Wendt announced Friday night. The reports Friday night showed a total membership of 183, with \$2,424 received in cash during the drive to date, and another half day to go.

Bresce Wins Again Major Charles Bresce's outfit again proved its superiority in combing the range for strays, in the language of roundup days, which the committee has adopted for the drive, by outriding the lads who work for Major W. H. Hoover and corraling the most members for the day.

Features of the day's activities were announcements made at the noon luncheon by the Monarch Lumber company and Strain Brother's department store that they would pay half of the fees for any of their employees who joined the "Y." The lads conducting the drive got another thrill when a check for \$250 as a gift to the institution was received from the Anaconda Copper Mining company.

Day of Surprises The day's drive was full of surprises, according to Mr. Wendt. First reports were that the Hoover riders had swept the range clean and the few strays that Bresce's men drove into camp in the early hours of the day presented a poor comparison to the number that their competitors had corralled. Then, from every direction on the horizon the Bresce riders began to appear and when the points for the day had been totaled the brass band played for the lads who ride from the camp of Major Bresce.

Hoover avers, however, that the chips aren't to be raked in until the "hole" cards are turned, and intimated that his hole-card is going to startle the Bresce outfit. The drive ends today (Saturday) at noon and final reports will be made at that time. As a final attraction the committee will introduce as its speaker Bruce Johnson of Lewistown, for many years a member and active worker of the Great Falls institution.

MRS. DEMING DIES IN AUTO ACCIDENT

Former Great Falls Woman Killed Thursday at Long Beach, California.

News of the death last Thursday at Long Beach, Cal., of Mrs. Millicent Deming, widow of the late R. O. Deming, who died in San Pedro, Cal., last December, was received in Great Falls Friday by friends of the family. Mrs. Deming's death was the result of injuries sustained in an automobile accident last Wednesday night. She died without regaining consciousness.

Mr. and Mrs. Deming were residents of Great Falls until last summer, when they removed to San Pedro for the benefit of Mr. Deming's health. Before coming to Great Falls, they lived in Lewistown for several years. Mr. Deming was engaged in the insurance business here as a member of the firm of R. O. Deming & Co.

Mrs. Deming is survived by two children. The children are under the care of Mrs. Deming's mother, who was visiting with her daughter at the time of the accident.
