

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 83rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

From a recent portrait of DR. W. B. CALDWELL, Founder of Dr. Caldwell's Syrup Pepsin, Born Shelbyville, Mo., 1839

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If young people want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially helpful.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

In remembrance of my 53rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constipated now and then, and here is an opportunity for you and others to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.

Roads Are Better This Week-End Than Last Week, Report

Fishing and vacation parties from Great Falls will find better roads in all directions than were experienced a week ago, according to weather reports and those of tourists at the Great Falls tourist camp.

The road to Helena is said to be good as far as Wolf Creek and ragged from then on. The Choteau-Great Falls road is always in the same good condition because it is a gravelled surface highway, similar to that of the Belt-Great Falls road.

The Y-G Bee line toward Glacier park, across the Blackfoot reservation, is said to be in poor condition. The road to Lewistown from this city is in fine shape, and from there to the Yellowstone park it is rough in spots.

Priest's Pass, near Helena, is said to be one of the best in the state, although frequent rumors to the contrary are heard every day. The road to Great Falls is said by tourists to be in good condition, despite the recent rains, but from there to Havre, it is said to be in bad shape because of the weather. Road crews are working on it, but the damage caused by rains is such that it is almost impossible in a few places.

The road to the Canadian border is good in spots.

Motor Party Travels From California to City in Record Time

What they believe to be a record run for an automobile from California to Montana has just been completed by Arthur, Victor and Clarence Malmberg and their sister, Miss Evelyn Malmberg, who arrived here from Long Beach, Cal., from where they left last Sunday.

They took the desert trail, coming by way of Salt Lake, making the entire trip from Los Angeles in six and a half days. They have been attending high school at Long Beach and will spend the summer here with their father, Alfred Malmberg.

Post New Road Signs on Highways to City

Robert G. Day, county surveyor, and L. E. Jones, secretary of the Great Falls Commercial club, Friday put up distance and direction signs on the road between Great Falls and Truly and on the road between Great Falls and Cascade. About 15 signs were put up during the day. When the job is completed, 40 new road signs, painted two years ago, will have been erected, information signs will be posted along all roads leading into the city. On these signs will be given instructions how to reach the tourist park and what roads to take out of the city for certain destinations. The expense of the information signs will be borne jointly by the county, city and Commercial club.

TO SORORITY CONVENTION Miss Ellen Walton of Long Beach, Cal., is visiting at the home of Mrs. Frank McDonnell, Blackstone apartments. Miss Walton will attend the national convention of the Kappa Kappa Gamma sorority at Glacier park next month. Mrs. McDonnell and Miss Walton were sorority sisters at the State University of Montana.

TRIBUNE CONCERTS TO BE EVERY NIGHT

Special Numbers Will Be Given When Possible; D. H. Bunch Is New Operator.

With an Edison, Brunswick and Victrola program broadcasted Saturday night, The Tribune's radio broadcasting station, KDYS, gave its initial daily concert and will continue to broadcast every evening, the program to begin at 8 o'clock. A phonograph concert will be broadcasted when special talent is not available, but it is planned to have added attractions as often as possible.

Wednesday night will continue to be the feature night of the week and a sacred program will be broadcasted each Sunday afternoon.

The Tribune announces that C. W. Cowden, who has had charge of the station since the installation of its broadcasting set, has resigned. Mr. Cowden is succeeded by David H. Bunch of Seattle. Mr. Bunch has been a commercial radio operator since 1915 and is an expert at his work.

For the general information of the many radio fans of the city who voice their appreciation of The Tribune concerts by telephoning to the editorial department and requesting certain numbers, it is announced that the telephone number of the KDYS station is 4190 and those listening in on concerts who desire to communicate with The Tribune, about any matters concerning radio are requested to call the editorial department. The number of telephone calls from radio fans to the editorial department have been so many that they often impede the routine calls that are necessary in that department.

VETS OFF TODAY FOR ENCAMPMENT

Business at Park Has Usual Saturday Dullness, Says Caretaker.

With Department Commander W. C. Stumme and Enmet Hawkins forming the advance guard, the majority of Great Falls delegates to the nineteenth annual encampment of the United Spanish War Veterans, which meets in Missoula Monday and Tuesday, are leaving this afternoon for the encampment city.

Commander Stumme and Mr. Hawkins left for Missoula Saturday afternoon. Members of the local post of the United Spanish War Veterans who will attend the encampment are Harry Stevens, state quartermaster; John E. Moran, state adjutant; Robert Leavitt, inspector general for the northwestern states and Alaska; Fred Powell, Mike Holland, J. D. Garvin, U. S. Severance, T. H. Hines and E. J. Tree. A number of the veterans are leaving for Missoula this morning.

A program that not only calls for important business sessions but also several entertainment and pleasure occasions has been provided by the Missoula post. Among the chief matters of business which will be brought up for discussion will be the proposed federation of all veterans organizations in the state, such as has been effected in Seattle. The proposal is said to have endorsement of department officers.

The coming encampment is the second to be held at Missoula. Great Falls had the honor of being selected as the first encampment city in 1902, a year after the organization was formed. Three encampments have been held here since that time. Great Falls has also provided four department commanders: John E. Moran, 1904-5; Harry R. Stevens, 1910-11; Scott Leavitt, 1918-19, and the present commander, W. C. Stumme, whose term expires this year.

Alligators, Turtle, Take Long Journey Through U. S. Mails

From the refreshing waters of Florida to the cramped quarters of a cigar box in which they were transported overland for 3,000 miles was the lot of two baby alligators and a mud turtle that arrived in Great Falls Friday. One alligator was dead.

The alligators and turtle were sent from Tampa, Fla., by parcel post to W. R. Pope in Great Falls. Postal officials say the shipment represented almost an experiment in cruelty or at the least poor judgment. The water reptiles were packed in a small box without food or water and sent on a journey that lasted for several days. The live alligator and turtle were immediately placed in water and will probably live, their owner reported.

The alligators were about seven inches long and the turtle about four inches long. They represented the first shipment of this kind that has been received through the Great Falls office, it was announced.

LEAVE FOR SEATTLE. Miss Edith Long, assistant superintendent of the Deaconess hospital, Miss Hulda Turquist, Miss Effie Ely and Miss Minnie Johnson, nurses of the Deaconess, left Saturday for Seattle, where they will attend the national convention of graduate nurses. They will return to Great Falls by the Canadian route.

GOOD ROADS COMMITTEE MEETS MONDAY MORNING The good roads committee of the Commercial club will meet at the club rooms at 10:30 Monday morning. Several questions in connection with road problems of the city will be brought up.

LOST PIANO DRIVES FREDDIE TO VIOLIN

Pantages Musician Shows Versatility: Lines and Makeup Put Over Farce Players.

As Richard III cried for a horse, so did Freddie Berrens of Pantages, vaudeville call willy for a piano at the Grand theater Saturday night. The failure of the instrument that he uses in his act to arrive, made necessary the shifting of the entire program, with the result that the show was not up to standard. Berrens won a claim to versatility, however, in a number of violin selections. His rendition of "Mighty Lak a Rose" and "Annie Laurie" supplemented by several popular selections, was the best offering of the evening. With the arrival of his piano today he will be enabled to give his regular act tonight.

"The Last Rehearsal," a noisy farce, was of the type that smacked of the amateur home talent, a note that was purposely stressed, but without the effect intended. The dramatic talent of the cast was not above that of the players which satirized, sheer ludicrousness enhanced by some clever lines and excellent makeup put this number over stronger perhaps than it deserved.

The Homer Sisters in pretty costumes and lively dances assisted by Billy Kamona at the piano were the fairly good curtain offering.

Parish and Peru, versatile acrobatic dancers, did a number of very difficult stunts with a total lack of grace, which marred their act almost to the extent of ruining it.

The Montana Boys Quartette, imported from Butte to fill a gap in the program, sang a number of pleasing songs with utter lifelessness. Cured of their ennui they might go strong.

RETURN FROM LONG BEACH Mrs. August Franzen and her daughter Ruth, and her son Gunard, have arrived home from California, where they spent the winter and spring at Long Beach.

Kalispell Praised for Hospitality by Returning Veterans

The 1922 encampment of the Montana members of the Grand Army of the Republic will be held in Great Falls, it was announced by Great Falls delegates who returned Saturday from Kalispell, where they attended this year's encampment.

Captain C. H. Cobb of Great Falls was elected chairman of the council for the ensuing year and R. L. Cleveland of Great Falls was appointed chief of staff of the department.

Other veterans of Great Falls who attended the encampment are J. N. Chestnut, Samuel Dean, John Hayes, John Eaton, J. C. Ferris and Stephen Spitzley. All praised the hospitality of the Kalispell veterans and say that the encampment this year was a very happy one. An automobile trip to Lake Mead, arranged by the Women's Relief corps, was one of the features of the entertainment.

HOME FROM ILLINOIS Miss Della Junkin, who has been attending school at the University of Illinois, has arrived home to spend the summer with her parents, Mr. and Mrs. W. E. Junkin, of 1224 Central avenue. She will return to her university in the fall to take a teaching position on the chemistry faculty.
