DR. SEABROOK'S
Infant Soothing Syrup!
WE HAVE, by purchase of the original recipe, become sole proprietors of this Celebrated Medicine. We ask you to give it a trial, with an assurance that you will in future discard all those nauseous and destructive stuffs, such as Beeman's Drops, Godfrey's Cordial, Doan's Mixture, &c., combinations of the most disgusting and the most dangerous ingredients. Use in the future only SEABROOK'S, a combination quite up with the advancement of the art of medicine, and one that is efficient, efficient and reliable in all cases. Invaluable in the following diseases:
Summer Complaint, Irregularities of the Bowels, Restiveness, Teething, &c.
Gives health to the child and rest to the mother.
We could furnish a quantity of certificates bearing evidence of its superior qualities, but prefer that our medicine should stand on its own merits, which it will do upon trial.

"LOUISVILLE"
WROUGHT IRON COTTON TIE.
PATENTED MARCH 5, 1867, BY
BARRY COLEMAN,
"THE LOUISVILLE TIE"
COMBINES STRENGTH WITH SIMPLICITY.
It is manufactured of the best charcoal iron, and each hoop and buckle is supported to a severe test to insure the quality of the tie. The hoops are not weakened by being perforated, or by the use of any other material, and the entire width of the iron.
As is shown in the above cut, the tie can be adjusted in two ways, either of which will hold the bale to the size it is compressed; and the dullest laborer can buckle cotton either way with facility and ease, without possibly making a mistake. One end of the hoop in both applications, is attached to the square side of the slot in the buckle, the other end of the hoop is passed through the opening or slot in the buckle, from either side, and bent around the diagonal side to be under the hoop (as in the four hoops), or over the hoops with the end passed under (as in the three hoops). If applied in the latter manner, the tie can be unbuckled by pulling the end out with a cotton hook. "The Louisville Tie" having no lost motion in its adjustment holds a bale in compact and good shape, and protects it from rain, waste and leakage. It has been thoroughly tested by planters and cotton pressers, and in every case pronounced to be the best tie yet introduced. A large stock on hand at lowest rates. Liberal discount to dealers.
