Saleswomen

In the vast retail establishments of large cities, many women are employed as saleswomen. Men formerly held the positions that women now hold, and while women's organism is less strong than men's, they are expected to do the same work.

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility, and nervous prostration. They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness.

"I Can Work Every Day in the Week Now." "DEAR MRS. PINKHAM—I take pleasure in writing you a few lines thanking you for your advice. I did just as you told me in taking your medicine, and owe my life to you. You are like a mother to your sex. I was awfully sick, was all run down and felt sick all over. I looked like a person brought out of the grave. My face was as white as the driven snow. I was always tired after doing a little work and would have to sit down. I was troubled terribly with headaches and my appetite was not good; also, troubled with shortness of breath something awful for about a month. I could not go up one flight of stairs without being tired and having to stop to get my breath. I was feeling just as miserable as could be. I took two bottles of Lydia E. Pinkham's Vegetable Compound and now I feel like a new woman. When I began the use of your medicine I was hardly able to be up; could not do half a day's work. I ached from head to foot, was almost crazy, had those bearing-down pains, and stomach was out of order. Now all of these troubles have left me and I can work every day in the week and not feel tired."—MRS. JENNIE FREEMAN, 402 Pennsylvania Ave., Lima, Ohio.
