Reckless Unloading of Stocks to Take Profits.

AMAZING POWER OF ABSORPTION

Within Less Than an Hour the Realizing Movement Is Overcome-Excitement on 'Change.

New York, Jan. 7 .- The stock market made another demonstration this morning of its amazing power of absorption, and overcame, in less than an hour, the heavlest and most reckless unloading to realize profits that it has yet had to encounter. Speculators lucky enough to get into the market before the phenomenal rise the lat-ter part of last week, were eager sellers to take profits, which caused sudden and

to take profits, which caused sudden and violent relapses in prices.

Opening advances ranging from 1 to 2 points for important stocks.

The violent hurry to unload stocks and the feverish and erratic fluctuations in the market developed a nervous sentiment and doubts whether the good news had not been sufficiently discounted. Business had not continued long before the situation began to clear from the confusion and hurly-burly of the opening. It was then perceived that very large buying orders were in the market and that brokers were eagerly accepting all offers of were eagerly accepting all offers of stocks at the lower level of prices. With that the anxiety of the sellers was quickly relieved and they ceased to offer stocks. Meanwhile the all-embracing demand continued and the result was an upward rebound of the whole list.

bound of the whole list.

With the reactionary tendency overcome and the contest between speculative forces settled, the market became more quiet and fluctuations were no longer so violent or erratic. But the absorption of stocks continued on a very large scale and the movement of prices still highly irregular, but with the undertone of the market strong.

Caucus for their own benefit.

It was finally determined to appoint a joint caucus committee to-night. As there will be no opposition, it looks as if this plan would go through. The committee will call a caucus to-morrow night—the same night named by the circulated call for a caucus which has stirred up so bound of the whole list.
