THE MINNEAPOLIS JOURNAL.

YOUR mirror will tell you the bitter truth. Healthy women look younger than their age, but you look far too old for your years.

Time deals lightly with the woman in good health, but the wasting hand of sickness and disease spares neither your youthful looks, beauty, nor complexion.

The Creator has endowed every woman with beauty, and every woman in good health is beautiful and comely to look upon. A clear, fresh, wholesome look is the result of the possession of good health, and no woman can be beautiful and attractive without good health.

DR. GREENE'S NERVURA. Departing HEALTH and BEAUTY Called Back by Dr. Greene's Nervura.

and fascinate. It is within your power to do so, for it is within every woman's power to be well and strong, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health.

Good health means youthful good looks to every woman, and it behooves women to restore and maintain their health by taking that greatest and best of all health restoratives, Dr. Greene's Nervura blood and nerve remedy. It will build up the health, cleanse and purify the complexion, restore brilliancy to the eye, make rich, red blood and strong, steady, and vigorous nerves. Dr. Greene's Nervura will make you look and feel young and restore your energies, vivacity, and enjoyment of life.

MRS. KATE AUSTIN, 40 Jenny Lind Ave., Somerville, Mass., says: "I had a pain in my side for seventeen years. I also suffered with terrible headaches and such an awful headache, and I had not a bit of appetite. I cried with pain from womb trouble, and was as pale as a ghost. I was terribly nervous. I could not sleep for a long time, and had rheumatism in my shoulder and arm. I suffered exceedingly; nobody but God knows how I suffered. I weighed 135 pounds. A friend recommended Dr. Greene's Nervura blood and nerve remedy, and I commenced to take it. I was so weak and run down that the first bottle did not do me much good, but I kept on, and the second bottle made me good, and I began to gain. After taking the Nervura I never had a pain in my side more, and my appetite and I sleep well and have a good appetite. I don't believe there is any medicine in the world so good as Dr. Greene's Nervura. It did me good right off and I feel like a new woman."

Women have absolute confidence in Dr. Greene's Nervura, more so than in any other remedy, because it is purely vegetable and a famous regular physician prepares it, which is a guarantee that it is perfectly adapted to cure. As an additional assurance of cure, Dr. Greene, 35 W. 14th St., New York City, gives you the privilege of consulting him without charge or cost, either by calling or writing about your case.

trouble. I had leucorrhoea, but since taking Nervura that has disappeared. I feel strong, and my appetite was able to do the work for fourteen months in a family, and I weigh 165 pounds. I was so weak before, nobody knows how I worked, but I had to work for my children. I sent two bottles of Nervura to my brother in law, and it did him lots of good. I recommend Dr. Greene's Nervura to every one."

NORTHWESTERN VISITORS. W. N. Brayton, formerly of Aberdeen, S. D., but now a resident of Kaslo, B. C., is here.

M. E. Bronson, one of the pioneer implement men of the west, who has traveled the Dakotas, Montana, Idaho and the coast states for years, is in the city.

Warren Steele, banker and politician from Rolla, N. D., is at the Nicollet. "We don't hear much about the senatorial fight," said Mr. Steele in answer to an inquiry.

Editor Gordon of the Crookston Journal was in the city yesterday. He is adding a linotype machine to the equipment of the journal office and otherwise preparing to give the people of Crookston their money's worth in a local daily newspaper.

Banker Edwards of Mayville, N. D., is a twin city visitor. He has a good word for the Mayville Normal and the work it is doing and considers that the legislature of his state can do nothing better for the people than the commonwealth than to take proper care of the institutions that educate young men and women for the teachers' profession.

Merchant J. E. Peterson of Edinburg, N. D., is interviewing Minneapolis wholesalers. Mr. Peterson states that his town is rapidly overcoming the effects of the big fire of last year. The burned section has been entirely rebuilt.

W. A. Reid of the Renville Star Farmer is here purchasing additional material for the Farmer plant. The county printing was recently awarded to the Renville Star.

C. D. Cooper of Amboy, Minn., is here to interview the state printer. He looks for a better trade on cultivating machinery this spring in spite of the reports that plows would be advanced by an alleged trust.

Merchant Sorenson, six feet three inches, looms up well in the Wheaton delegation that is here, interested in a little problem of politics. Mr. Sorenson says he is here on business only and that the hardware trade ought to be better this year.

Jud La-Moure is down from Bismarck. The session at the Dakota capital became quiet enough to allow Jud to sound the "Signal Away" and size up the progress of the senatorial fight at St. Paul. Many of Jud's acquaintances are wondering if he intends to make a start in the senatorial derby two years from now. Jud never talks about his political ambitions and all his friends can do is wonder. They say that Senator Little of his heart it is more than possible that Jud would not object to taking the honor himself, but that Little don't want Jud to have it and Jud don't want Little. There was a time, just once, when Jud expressed his willingness to go to Washington, and the game went against him. That was in '82. Pettigrew, "the Pickering," was territorial representative and he had elements of unpopularity then as well as now. Jud announced his candidacy for the position. He had a hard fight in his own county and succeeded in getting his half of his delegation. That was the only time Jud has been beaten at home. The territorial convention came on. Pettigrew was beaten and John B. Raymond nominated, but the "Pickering" was in the combine struggle, and Jud was quoted as saying a start in the senatorial derby two years from now. Jud was a warm convention, took the committee on credentials early a day to get its report in shape, the delegates doing plenty of business in the meantime. Jud

has never announced himself since, but the people in his state are watching his motions now.

P. C. Saunders of Minnaka, S. D., the second town across the state line on the Hastings & Dakota, is at the Nicollet.

C. Hamilton of Britton, S. D., is in the city. "Our country is interested in wheat, stock and politics," said Mr. Hamilton, "and seems to be doing well at all of them."

Banker Winter of Langdon, N. D., spent yesterday in the city accompanied by Mrs. Winter. "Western Cavalier country is the rush in our section of the state is headed for," said Mr. Winter. "The land is good and there is plenty of it. Langdon is growing."

DR. GREENE'S NERVURA. Makes Health and Happiness.

Why be homely when you can be beautiful and attractive? Get good health and with it those looks and attributes which attract, please, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health.

Good health means youthful good looks to every woman, and it behooves women to restore and maintain their health by taking that greatest and best of all health restoratives, Dr. Greene's Nervura blood and nerve remedy. NO "HIGH ROLLER". Kansas Pastor Wants Damages for Alleged Gossip.

Wichita, Kan., Jan. 12.—Because women members of his flock called him "dirt man" and "high roller," Rev. J. E. Wadleigh, pastor of the Congregational church at Waukomis, wants \$5,000 damages. He has filed suit against Mrs. Charles Moore and Mrs. Stogdill, prominent women. He says in his petition that they told other women about town that he was "altogether too fresh" with certain women. He alleges that such reports are untrue and damaged him in his life's duty. He seeks an injunction to prevent them from making such an extent that she left him.
