

Prevent Baldness

And Cleanse the Scalp of Crusts, Scales, and Dandruff by Shampoos with

And light dressings with CUTICURA, purest of emollient and greatest of skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions of Women

USE CUTICURA SOAP, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, viz., TWENTY-FIVE CENTS, the BEST skin and complexion soap, the BEST toilet and baby soap in the world.

Complete External and Internal Treatment for Every Humor. Consisting of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT (50c.), to instantly allay itching, inflammation, and irritation, soothe and heal; and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A SINGLE DRY is often sufficient to cure the most torturing, disfiguring, and humbling skin, scalp, and blood tumors, with loss of hair, when all else fails. **PUTTER DRUG AND CHEM. CAR-LOT GRAIN RULES

Amendments to Shipping Regulations Offered in New York. New York, Jan. 15.—At a meeting of the car-lot grain trade of the New York Produce Exchange several amendments to the grain rules were adopted. The amendments provide that the term "immediate shipment" shall mean shipment within three business days from the date when shipping directions have been received by the seller; "quick shipment" within five business days, and "prompt shipment" within ten days. Where no specification of shipment is named in the contract, "prompt shipment" shall apply. In all sales of grain and foods in carloads for future delivery, a carload of oats shall be deemed to contain 1,500 bushels; of corn, 900 bushels; of wheat, 800 bushels; of rye, 800 bushels; of barley, 1,000 bushels; of mill feed in sacks, 40,000 pounds; of mill feed in bulk, 30,000 pounds. The president is to appoint a supplementary committee of five members of the New York Produce exchange, in the grain trade, to be known as the car-lot committee, to decide disputes over carlots of grain and mill feed for track and interior deliveries or distribution.

STEAMSHIP COMPETITION

New Service is Started on the Pacific Coast. New York, Jan. 15.—A dispatch to the Herald from Panama, Colombia, says: The Pacific steam navigation steamer Guatemala, Captain Harris, left for San Francisco Sunday, and will touch at Central American and Mexican ports, inaugurating the company's new service from Valparaiso to California jointly with the Panama railroad and the South American steamship companies in competition with the Kosmos line from Hamburg and the Pacific Mail from Panama. The Pacific Mail will continue running on the coast, offering to take freight and coffee, especially from Central America, giving equal facilities to European ports by way of San Francisco and the Southern Pacific railroad. The greatest competition ever known on the coast is now fully established. It will be advantageous to the Central American and Mexican coast trade especially. The Quickest Route and Best Service to Florida. The Minneapolis & St. Louis railroad has made arrangements to connect in St. Louis union depot with the elegant new "Florida Special" over the L. & N. road, making the quickest time by twelve hours to all Florida points. HERR POTT

Holland and Portugal Settle Their Disagreement.

PORTUGAL'S ACTION WAS RIGHT

The Dutch Consul's Exequatur Was Withdrawn—Ministers Will Return to Their Posts.

New York Sun Special Service.
London, Jan. 15.—A dispatch to the Standard from Lisbon says that the relations between Portugal and Holland are likely to be restored amicably. It is stated that the explanations received at The Hague from Mr. Pott, formerly consul for the Netherlands and the Transvaal at Lorenzo Marques, whose exequatur was withdrawn by Portugal, have convinced M. de Beaufort, Dutch foreign minister, that Portugal's attitude was correct. It was charged that Mr. Pott used his offices to help the Boers. The Dutch ministers, however, and Portugal, who were withdrawn when the trouble arose, will now return to their posts at Lisbon and The Hague.

TELEPHONE LINE TO CUBA

UNDER THE SEA FROM FLORIDA

It Will Be Built for the Government According to the Pupin Patents.

New York, Jan. 15.—The first under-sea telephone cable according to the invention of Michael I. Pupin is to be put down between Florida and Cuba for the United States government by the buyer of the patent, the Bell Telephone company, says the Journal. The company equipped a line from Bedford station on the Harlem railroad, which ran partly under water, to New Bedford, Mass., hence to Albany and on to Pittsburgh. The test was so satisfactory that about two weeks before its option expired the company paid the money and closed the contract with Pupin.

ALL GO TO WASHINGTON

Nebraska Electors Break the Deadlock on Choosing a Messenger.

New York Sun Special Service.
Lincoln, Neb., Jan. 15.—When the eight presidential electors of Nebraska met, six were active candidates for the honor of carrying to Washington the certificate of the result. After balloting fruitlessly for some time, one candidate withdrew, and the eight should go to the national capital. He had figured with an enterprising railroad agent, who had offered to take all to Washington and back for the mileage allowed the messenger—100 in this case. His proposal was accepted as a happy solution of the deadlock. W. V. Barton of Tecumseh was named as messenger, to comply with the law, but he will have seven assistants.

HELP FOR MRS. TABOR

Friends Will Redeem a Valuable Mine for the Senator's Widow.

New York Sun Special Service.
Denver, Colo., Jan. 15.—Mrs. Tabor, widow of ex-Senator Tabor, after enduring great privations, is again on the road to fortune. When Tabor died his widow was left practically penniless. The mine in Leadville which made Tabor a millionaire and had yielded him an income of \$300,000 yearly, was finally sold to satisfy a judgment against the estate. Friends have advanced enough money to satisfy the judgment and redeem the mine.

TROLLEY IN PORTO RICO

Franchise for a System to Connect the Chief Points.

Washington, Jan. 15.—The executive council of Porto Rico has granted to the Porto Rico-American company, of New York and Porto Rico, a ninety-nine-year franchise to connect all the chief points in the island by an electric railway system. Ramon Valdes has obtained a ninety-nine-year concession "to develop the Cemerlo falls of the Rio Pinta river." This gives him a monopoly of electricity generated by the water power.

IN A NETSHELL

Rockford, Ill.—Elijah W. Blaisdell, one of the founders of the republican party and said to be the first to introduce Abraham Lincoln for the presidency, is dead.

Salem, Oregon.—The presidential electors met and cast their votes for McKinley and Roosevelt. Election returns were not given until the morning of the 16th. The electors were chosen to bear the vote to Washington.

Chicago.—Carriage rates in Chicago will be advanced by the city council. The city council has also increased the city expenses which have increased and feed costs more.

Winnipeg.—Standing Chief, the Indian who shot dead a half-breed named Wapiniga, has been arrested in the United States. Wapiniga's wife and a half-breed are in Regina jail as accomplices.

Chicago.—The city council has adopted the report of the street railway commission and directed that the bill introduced in the legislature. The report provides for municipal ownership of the street railway system. Joseph, Mich.—That the wreck of the steamer Chicora lies a few miles to the southwest of this harbor was confirmed by finding a bunch of brass baggage checks.

Tacoma.—Alaskan advices state that the Sitka Indians, including the Eagle, Crow and Frog clans, who have been quarreling over the use of certain totems and other emblems of their respective clans, have decided to put aside their differences and hereafter live the lives of lawabiding Alaskan citizens.

Chicago.—Detectives raided a counterfeiters' den at 248 West Lake street at midnight, capturing J. P. McGarry, the supposed leader of the band, and securing three bags of spurious coin, with a complete outfit for manufacturing it. Thousands of dollars in counterfeit half-dollars, quarters and dimes have been passed.

San Francisco.—A Pacific medical association is about to be organized, embracing Washington, Oregon, Idaho, Montana, Utah, Nevada, Arizona, California, Alaska, British Columbia, the Hawaiian Islands, the Philippine archipelago and the Bahama Brothers were and of the Central American republics and possibly Japan.

Vancouver.—While a Canadian Pacific express was steaming along at a rapid rate, east of Revelstoke, a monster snowslide rumbled down from the mountain. The train plunged into the snow, and the engine, caboose and baggage car were buried for a time. The engineer and fireman were dug out, not much the worse for their experience.

Chicago.—The city council adopted an ordinance providing for the erection of other places of amusement or gathering in Chicago until such buildings have been inspected by the building department and pronounced safe. The step was taken in consequence of the panic in West Twelfth Street Turner hall, last Sunday, when five persons were killed and nearly forty injured.

Omaha, Neb.—Judge Munger has filed an opinion in the United States circuit court in the case of Louis Behaud and others against Louise Bize, a suit instituted by citizens of the republic of France to secure partition of the estate of Julien Behaud, deceased, the decision being for the plaintiff. Louise Bize, a sister of the dead man, set up the claim that the Behaud brothers were non-resident aliens and according to Nebraska law could not inherit property in this state. The brothers stood on their treaty rights which provide that French citizens have equal rights of inheritance with those of the United States. The court held the Nebraska law to be inoperative.

LOW MEN ACTIVE

Muscatine Company to Cut 30,000,000 Feet Along the Cloquet.

EXTENSIVE WORKS TO BE BUILT

Seaton-Gipson to Construct a Modern Mill at Cloquet—Other Enterprises.

Special to The Journal.
Duluth, Minn., Jan. 15.—Officers of the South Muscatine Lumber company have been in Duluth and on the Cloquet river this week, looking over their new work. They expect to make their appearance among the logs and they will probably put in some works at the river for storage and to load the logs as they come down. Their logging operations this winter will be about 30,000,000 feet.

J. N. Mackey has taken a contract with the Lake Superior Consolidated Iron Mines for the cutting of about 4,000,000 feet of stull and mining timber in 18-19. The timber will be shipped to the mines of the company at Eveleth and Hibbing, and will be about one year's supply.

Professors and logging contractors west of here, will push their logging road southeast from its present end in Beltrami county to a connection with the Minnesota International. The line goes from their logging operations near Neshik to Red Lake. The extension is through a country rich in pine and good agricultural lands.

Contracts in the sale of 200,000,000 feet of pine by William O'Brien to Seaton-Gipson company have been filed here. They show that O'Brien is to log the timber in the area at Knife Falls boom, at Cloquet, at the rate of 25,000,000 feet a year after 1901, in which year he need deliver no more than 12,000,000 feet. All norway in excess of 5 per cent of the total will be paid for at 50 cents less than the contract rate, which is \$8.50 for pine and \$7.50 for tamarack, jack and spruce. The lands to be lumbered under the deal will be in lots of 32 to 37 acres and in ranges 13 to 18, along the St. Louis and tributary waters.

The Seaton-Gipson company will proceed at once with the erection of a large and modern mill at Cloquet, making the sixth there, and will have it running late the present year. It will be the first mill to be owned and operated by the parent company, and will be up to the front in all respects. The company is at work on more pine tributary to the mill, and announced soon. Mr. H. Alworth and others are buying pine in this vicinity for several new interests at work in the St. Louis waters, both for Cloquet mills and for shipment below. The transactions in pine in the past few weeks have been very large and are growing.

Late Undersheriff O'Hare of Douglas county, will erect a hardwood mill at some point in Pine county where he and Sheriff Snyder have a lot of timber, and will saw it up.

The Keewatin Flour Milling company will buy a loop and stave mill at some point of the Rainy river near the mouth of the Big Fork, and will get its supply of barrel stuff there. The company is also buying elm and other suitable timber along the rivers therabouts.

BLAME THE RAILROADS

HAGGLE WHILE DEATH ADVANCES

Prompt Action Would Have Prevented Much Loss of Life in the Russian Blizzard.

New York Sun Special Service.
London, Jan. 15.—The Odessa correspondent of the Daily Mail says that the last of the trains that were snowbound in the recent blizzard has arrived at Odessa. The train was delayed for several days. Through one of them, 400 yards long and thirty-eight feet deep, it was necessary to cut a tunnel.

Seven hundred of the passengers, many of whom were old and infirm, were there were dug out, have arrived by sleighs, which they obtained twenty-five miles north of Odessa. Many of them were made dead by the blizzard. Several attempts to get sleighs, attempted to trudge the whole distance into the city. Many of these were exhausted by cold and hunger and sank into the drifts, where they froze to death.

There is a great outcry against the railroad authorities, whose alleged negligence in refusing to pay snow diggers two shillings for a day's work of twelve hours, is regarded as the cause of the suffering and death. It is asserted that three days were wasted in telegraphic negotiating with St. Petersburg on this question.

Business in Odessa was paralyzed by the blizzard. The railroad company's loss through the blizzard is stated to amount to more than \$250,000.

Business in Odessa has been stopped for days. The poor in many of the outlying parts of the country are starving. The price of provisions has risen 500 per cent.

SOUTH DAKOTA

SPIRIT LAKE—Farmers have taken steps toward the building of a skimming station, to be operated by the DeSmet creamery.

CANTON.—The annual farmers' institute for Lincoln county will be held here Feb. 3 and 4. A. C. Conner, state agricultural college and several experts will be present.

HOT SPRINGS.—Two deaths occurred at the state soldiers' home. Charles Gerard, aged 81, and James McKay, aged 73. McKay was a member of Company H, First Minnesota heavy artillery.

PIERRE.—A meeting of the South Dakota Business Men's Association has been called for Monday, Jan. 17, for the purpose of electing officers and transacting other business. Each county in the state is entitled to five delegates.

WHITE LAKE.—The city council has decided to hold a special election for the purpose of permitting the taxpayers to vote upon the proposition of sinking a well to furnish water for domestic and fire protection purposes.

HURON.—A number of cases of diphtheria and scarlet fever have annoyed the city of Huron. The city council has taken steps to prevent the spread of the contagion.

IOWA

GRINNELL.—G. Alexander, a traveling man from Chicago, was violently insane. He ran amuck in the Hotel Monroe, causing a panic among the guests.

DUBUQUE.—The smallpox quarantine on the Windsor Hotel was raised yesterday and all the inmates were released. There has been no development of the disease whatever in this city beyond the first case.

BELLE PLAINE.—Fred Dalley, a bridge carpenter, was killed at the Butterick creek bridge, near the east of Belle Plaine. Mystery surrounds his death. He was in some unaccountable way thrown under a moving train.

RELY ON PE-RU-NA TO FIGHT GRIP, COUGHS, COLDS, CATARRH

SISTERS GOOD SHEPHERD

Use Pe-ru-na for La Grippe and Winter Catarrh.

In every country of the civilized world the Sisters of the Good Shepherd are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs.

Whenever coughs or colds, la grippe or pneumonia make their appearance among the children these sisters are not disconcerted, but know exactly the remedies to apply.

With so many children to take care of and to protect from climate and disease, these wise and prudent Sisters have found Pe-ru-na a never-failing safeguard.

Columbus, O., July 10th, 1900.

The Peruna Drug Manufacturing Co., Columbus, O.

Gentlemen—"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."—Sisters of the Good Shepherd.

There is no other disease so many-sided in its ill effects, so insidious in its approach, so tenacious in its hold upon the system, as la grippe. Once there, it stays until it is overpowered by one of the ills that time will not cure.

The after-effects of la grippe do not locate in any particular organ. It amounts to a general irritability of the mucous membranes of the whole body—a flabbiness and paleness of the mucous membrane. Sometimes there is an overabundance of thin, watery mucus secreted, and at other times there is a dryness of the mucous surfaces.

There is no remedy in the world that meets the conditions produced by la grippe better than the remedy Peruna. Peruna stimulates the mucous membranes while it stimulates, heats and it expurgates.

Peruna is not a purgative, or cathartic, or sedative, or stimulant, nor a vegetable or mineral poison. It reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

The following are samples of the letters received by Dr. Hartman concerning the cure Peruna is making.

Hon. F. Simmons, United States Marshal, Mobile, Alabama, speaks in the high praise of the merit of the remedy. He says: "After having used Peruna for a short time I find that it is the most excellent remedy for the grip and catarrh of the nose or throat. I can heartily recommend it to any one."

Mr. Frank Bauer, of Minneapolis, Minnesota, in a recent letter:

"I cannot say anything else but good of your medicine. For seven winters I had suffered with la grippe, and by each attack was confined to the house. In the winter of 1898, I was attacked with

la grippe. I had a terrible cough. I asked my wife to get me a bottle of Peruna, but as the druggist did not have it she got me something else that was highly recommended for la grippe, costing the same as Peruna. I took that, but was not able to leave the bed.

"I told my wife that if I did not get Peruna soon that I would surely be a gripe victim, as my lungs felt as if knives were sticking in them."

"My wife went to town and got me a bottle of Peruna, and I took it four days according to the directions on the bottle. The fifth day I took an ax on my shoulder and went out into the woods to chop wood."

"I had another slight attack, but as I had Peruna in the house it caused me but one trying night. My wife wanted to send for the doctor, but I took small doses of Peruna every half-hour and improved right along."—Frank Bauer.
