

STRANGE MENTAL POWERS

How People Are Influenced

Startling Words from the Committee Appointed to Investigate Hypnotism for the Benefit of Readers.

G. S. LINCOLN, M. D., 101 Crutched St., Dallas, Texas.

JUDGE HENRY SCHAFER, Flemington, N. J.

F. H. STOFFER, Secretary and Treasurer of Railway Conductors, Pueblo, Col.

Hypnotism is no longer a myth, a fanciful creation of the mind, but a reality, a most potent power, capable of producing infinite good.

The committee carried on a series of investigations in regard to the power of hypnotism to influence the actions and deeds of people in the everyday walks of life.

The first step taken by the members of the committee was to master the science in every detail, so that they might state from personal experience the good or evil this strange power might produce.

Dr. Lincoln says, after a thorough investigation, that he considers it the most marvelous therapeutic or curative agent of modern times.

Judge Schaffer, although a legal light, turned his attention to healing the sick, and in a few treatments he completed cured John E. Meyers of Flemington, N. J., of a strange malady that had kept him bedfast for nine years.

Mr. Stouffer performed the astonishing feat of hypnotizing Mr. Cunningham of Pueblo, Col., at a distance of several blocks.

Rev. Paul Wellner says that every minister and every mother should understand hypnotism for the benefit they can be to those with whom they are brought into daily contact.

In speaking of this marvelous power, President Elliot of Harvard college said to the graduates: "Young gentlemen, there is a subtle power lying latent in each of you which few of you have developed, but which, when developed, might make a man irresistible. It is called Personal Magnetism or Hypnotism. I advise you to master it."

The New York Institute of Science has just issued 10,000 copies of a book which fully explains all the secrets of this marvelous power, and gives explicit directions for becoming a practical hypnotist, so that you can employ the force without the knowledge of anyone. Anybody can learn. Success guaranteed.

The book also contains a full report of the members of the committee. It will be sent absolutely free to any one who is interested. A postal card will bring it. Write to-day.

Murder, Second Degree, is the Verdict in the Bosschieter Case.

CASE LIKELY TO BE APPEALED

Imprisonment for Thirty Years is the Maximum Penalty—The Verdict.

New York Sun Special Service

New York, Jan. 19.—Murder in the second degree was the verdict of the jury in the case of the late Walter C. Bosschieter, who was shot and killed by the late Walter C. Bosschieter, who was shot and killed by the late Walter C. Bosschieter.

There are no motions for a new trial under Jersey laws, but the counsel for the defense were those that believed that the prosecution was seriously shaken. But very speedily, after Mr. Emley began his summing up, all the doubts vanished.

The Sentence

Whether Judge Baxter will impose the same punishment upon all the prisoners remains to be seen. The case of young Campbell has appealed to some feeling, and even for death there is a feeling of loathing that there is for McAllister.

McAllister Nervous

Death, of all the three prisoners, followed the jurymen to their seats with most anxious eyes. They even began to look at the jury, and followed by the jurymen, with their long, white rods tipped with black, fled out of the room.

Prisoners' Comments

After the verdict McAllister sat to a constable. There were a lot of lies told about the case, but they were all Campbell said: "My God."

Carnegie Holds the Whip Hand in the Steel Situation.

HIS TERMS TO MORGAN INTERESTS

He Will Sell If He Gets His Price and His Name Is Retained—Wire Absorbed.

New York Sun Special Service

New York, Jan. 19.—It is reported that Mr. Carnegie has been asked to agree to a basis of prices which all the steel companies would stand by. As Mr. Carnegie holds the whip hand, he has refused to be bound by any such terms.

It is believed that Mr. Carnegie will sell out to Mr. Morgan and the Standard Oil company, representing the Federal Steel company, but on two conditions—one, a very high figure, probably double the option he gave to Henry C. Frick about two months ago.

Wall street regards Mr. Carnegie's recent movements in the light of management plays on the business chess board. One move was against the railroads to get rates for moving his products, the other was to control the steel manufacturers who are no longer buying from the Pittsburgh concern the material that they work over.

The Carnegie stock recently sold in Pittsburgh upward of \$1,200, the shares being \$1,000 each. On this basis the market value of Mr. Carnegie's stock alone would be more than \$100,000,000.

A GEORGIA CASE

WAS ALARMINGLY AFFLICTED WITH CATARRH OF THE LUNGS.

CURED BY PERUNA

JUDGE W. G. DURHAM OF GEORGIA.

Catarrh of the Lungs the First Stages of Consumption.

caused one of our leading newspapers to make inquiry into the facts.

The following written statement from the judge himself sets forth the facts:

"Some time ago I contracted a severe cold which settled on my lungs and in my head. I tried many remedies, all of which gave me no relief. I concluded that my case was catarrh of the head and lungs, and seeing Peruna so highly recommended I began using it, experiencing the very best results from the first bottle."

"I continued using Peruna for a short while, and have never felt the least symptoms of catarrh since. Peruna is certainly a good medicine, and deserves the high praise which is given it by the general public."

Judge Durham, a well-known local judge of Greensboro, Ga., had an experience with Peruna well worth relating. A report had become current among the judge's friends that he was threatened with consumption. It was feared for a time that Georgia was to lose one of its most prominent and influential citizens.

It was also reported that the judge had failed to get any relief from any of the medical aid at his command, that he had made use of the now world famous remedy Peruna, and made a prompt recovery. The affair created quite a sensation in medical circles especially, and the many friends of Judge Durham were not only exceedingly gratified at his recovery, but were enthusiastic in their praises of the remedy that had brought him relief.

The public importance of the judge, together with the prominence of his many friends, as well as the startling and dramatic features of the unexpected cure

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death.

Second road: a slight cold—neglected—cough—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.
